To: Thomas V. Skinner
Regional Administrator
Region 5
United States Environmental Protection Agency

From: Jonnie Jay Sam II
Ogema
Little River Band of Ottawa Indians

Dear Administrator Skinner,

The Little River Band of Ottawa Indians recommends an attainment/unclassifiable 8-hour ozone National Ambient Air Quality designation for the areas within the exterior boundaries of our 1836 reservation. This area is unclassifiable due to a lack of monitoring data.

We recommend a designation of nonattainment for the areas within the exterior boundaries of our 1855 reservation.

Sincerely,

Jonnie Jay Sam II
Ogema
