Subject: HPV Challenge Program, AR-201 - Registration Number:

FMC Corporation actively supports the EPA HPV Challenge Program, AR-201. Attached is FMC's response to the EPA comments issued June 13, 2001 regarding our December 28, 2000 submission to the RTK HPV Challenge Program of test plans
and robust summaries for the two single chemicals:

3-Chloro-2-methyl-1-propene (Methallyl Chloride, CAS No. 563-47-3)

2,3-Dihydro-2,2-dimethyl-7-benzofuranol (CAS No. 1563-38-8)

The attached files for each chemical include the FMC Response, Revised Test Plan
and Revised Robust Summaries. Revisions made to the test plans and robust summaries appear in red. The formats in which the files have been saved are Microsoft Word 97 and IUCLID.

Please contact me if you have comments or questions regarding FMC's submission.

Sincerely,

LuAnn Maloney
