Subject: TMSPGE Robust Summaries

Attached in PDF format (version 4.0) are the robust summaries for the silane, [3-(2,3-epoxypropoxy)propyl]trimethoxy- (i.e., CAS No. 2530-83-8) for the HPV Challenge Program, AR-201. Also included in this PDF file are the test plan and reduced testing rationale for this material.

This file is submitted by Registration No. (Silicones Environmental, Health and Safety Council).

Please note that the HPV Challenge tracking website is experiencing technical difficulties. As such, the test plan has not been entered onto the site. The administrator of the website has been contacted regarding the technical difficulties and expects to address the problem within a week. SEHSC will enter the test plan into the HPV Challenge website as soon as the problems are addressed.
