RE: Withdrawal of Isocyanates Request for Reconsideration, RFR #04025A

Dear Ms. Price:

Thank you for notifying us of the American Chemistry Council Aliphatic Diisocyanates Panel's decision to withdraw the Request for Reconsideration (RFR #04025A). The RFR asked for reconsideration of the Environmental Protection Agency's response to your Request for Correction (RFC #04025) of information in the Toxicology section of the Isocyanates Profile within the Design for the Environment Automotive Refinishing project Web site.

This letter acknowledges EPA's receipt of your request to close this matter under the Agency's Information Quality Guidelines (IQGs). Should you wish to continue discussions about the data on HDI monomer and polyicsocyanates in the context of the DfE Automotive Refinishing project, please contact Oscar Hernandez in the Office of Pollution Prevention and Toxics, by phone at 202-564-7641 or by e-mail at hernandez.oscar@epa.gov. If you have any questions on this response or the IQGs, please contact me at 202-564-6830.

Sincerely,

Reggie Cheatham
Director, Quality Staff
