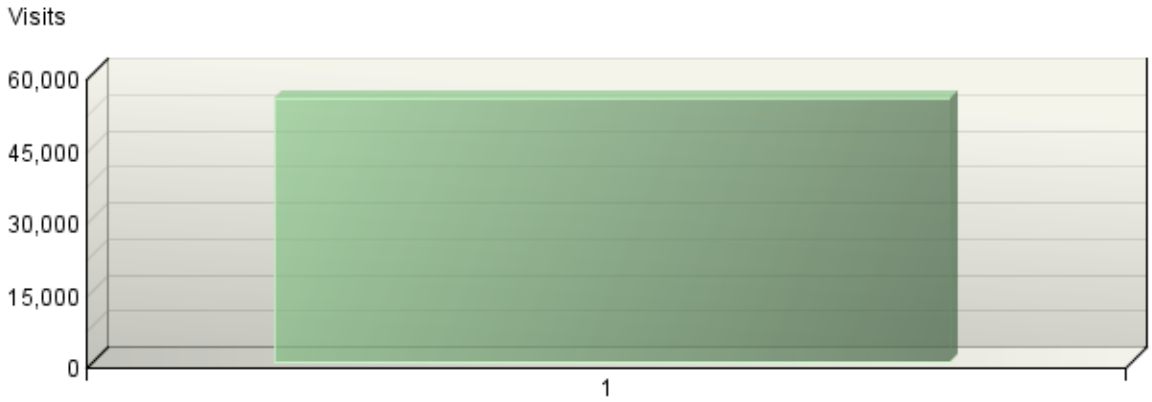
Referring Site

This report identifies the domain names and IP addresses that refer visitors to your site. This information will be displayed only if your server is logging this information.

Visits by Referring Site



Referring Site

	Site	Visits	% Visits
1.	Direct Traffic	54,862	100.00%
	Total	**54,862**	**100.00%**

items 1-1 of 1

Referring Site - Help Card

Column Definitions

Referring Sites

A web site that refers a visitor to your site by linking to it.

Site

The specific referring site being analyzed.

Visits

Number of times the specified site referred visitors to your site.

%

Percentage of referrals that came from the specified site.

Direct Traffic

Represents to the web site with no referrer as one of the following: 1) the visitor typed the domain name directly into their browser, 2) the visitor bookmarked the site, 3) the visitor clicked on an email, shortcut, or other direct link, 4) Firewalls and/or proxies stripped out the referrer and replaced it with a dash "-".

Note: If "Direct Traffic" is 100% of all your traffic, then you are probably not logging the "referrer" field in your log files. Please see your manual or the WebTrends Knowledgebase to enable extended logging on your web servers.

Hidden-Referrer

A value indicating that Internet security software such as Zone Alarm Pro, Symantec's Norton Internet Security, or a proxy server modified a web request to mask the referring URL.

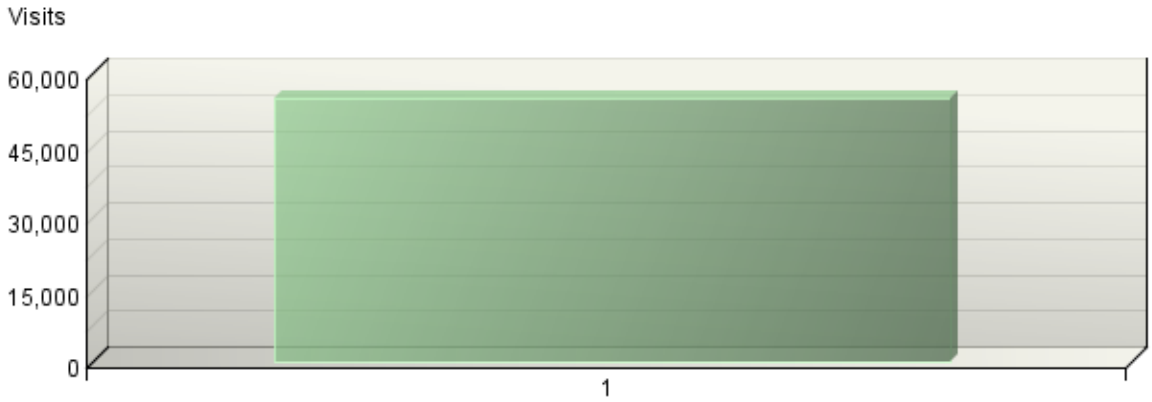
Report Descriptions

You can use this page to determine which sites are referring the most visitors to your site. This can help when considering the most effective ways and places to attract visitors.

Referring Domain

This report identifies the top-level domains that refer visitors to your site. This information will be displayed only if your server is logging this information.

Visits by Referring Domain



Referring Domain

	Domain	Visits	% Visits
1.	Direct Traffic	54,862	100.00%
	Total	**54,862**	**100.00%**

items 1-1 of 1

Referring Domain - Help Card

Column Definitions

Referring Domain

A web site that refers a visitor to your site by linking to it.

Domain

Top-level domains to which belong the web sites which refer visitors to your site by linking to it.

Visits

Number of times the specified domain referred visitors to your site.

%

Percentage of referrals that came from the specified domain.

Direct Traffic

Represents to the web site with no referrer as one of the following: 1) the visitor typed the domain name directly into their browser, 2) the visitor bookmarked the site, 3) the visitor clicked on an email, shortcut, or other direct link, 4) Firewalls and/or proxies stripped out the referrer and replaced it with a dash "-".

Note: If "Direct Traffic" is 100% of all your traffic, then you are probably not logging the "referrer" field in your log files. Please see your manual or the WebTrends Knowledgebase to enable extended logging on your web servers.

Hidden-Referrer

A value indicating that Internet security software such as Zone Alarm Pro, Symantec's Norton Internet Security, or a proxy server modified a web request to mask the referring URL.

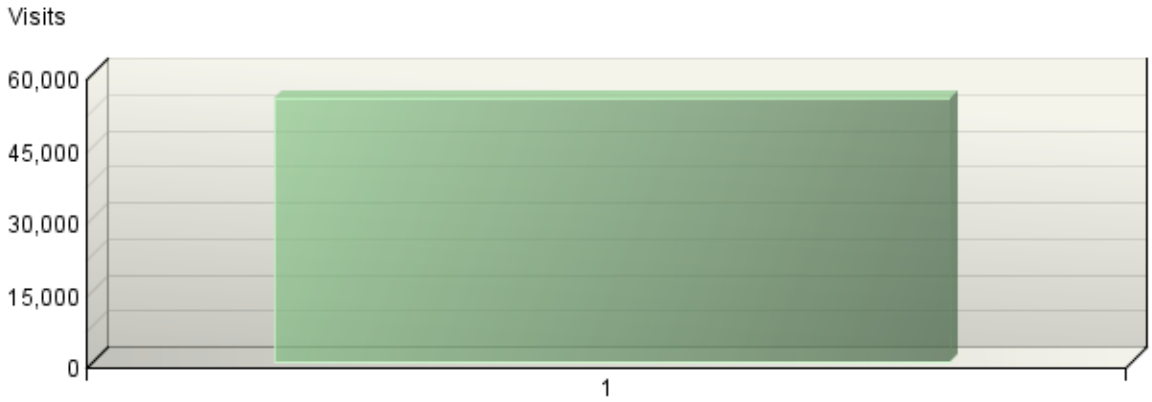
Report Descriptions

You can use this page to determine which domains are referring the most visitors to your site. This can help when considering the most effective ways and places to attract visitors.

Referring Page

This report provides the pages from the sites with links to your site. This information will only be displayed if your server is logging the referrer information.

Visits by Referring Page



Referring Page

	Page	Visits	% Visits
1.	Direct Traffic	54,862	100.00%
	Total	**54,862**	**100.00%**

items 1-1 of 1

Referring Page - Help Card

Column Definitions

Pages

Any displayed page. You can specify for each profile the types of files that qualify as a page. These settings can be changed by the WebTrends administrator.

Visits

Number of visitors referred from the specified URL.

%

Percentage of referred visitors who came from the specified site.

Direct Traffic

Represents to the web site with no referrer as one of the following: 1) the visitor typed the domain name directly into their browser, 2) the visitor bookmarked the site, 3) the visitor clicked on an email, shortcut, or other direct link, 4) Firewalls and/or proxies stripped out the referrer and replaced it with a dash "-".

Note: If "Direct Traffic" is 100% of all your traffic, then you are probably not logging the "referrer" field in your log files. Please see your manual or the WebTrends Knowledgebase to enable extended logging on your web servers.

Hidden-Referrer

A value indicating that Internet security software such as Zone Alarm Pro, Symantec's Norton Internet Security, or a proxy server modified a web request to mask the referring URL.

Report Descriptions

You can use this information to determine the sites that provide the most referrals to your site. This can help when considering the most effective ways to attract visitors.

Initial Referrers

This report shows activity occuring in the current report time period organized according to visitors' first referrer on record.

Initial Referrers Trend

No data is available for this graph.

Initial Referrers

No data is available for this table.

Initial Referrers - Help Card

Column Definitions

Initial Referrer

The first referrer on record for this visitor.

Visits

A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Note that if the dimension changes state during the course of a visit (such as a visitor changing from non-buyer to buyer), the visit will be recorded for both states. In such cases, the total of visits in this report may be greater than the number of visits reported in the Overview. In the Key Metrics report for example, if a visit spans several hours, it is recorded in each of the hours.

Page Views

A hit to any file classified as a page. In order to view a web page with embedded images, for example, a browser must retrieve multiple files. The page and its embedded files counts as a single page view.

Daily Buyers

The number of buyers in each day for the reporting period.

% of All Visits

Percentage of the total number of visits during the reporting period.

Average Visit Duration (Minutes)

The length (measured in minutes) of a visit to your web site.

Average Visit Page Views

The number of pages viewed during a visit.

Hits

Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

Revenue

This measure reflects the monetary amount generated from completed purchases.

Average Revenue per Order

This measure reflects the monetary amount generated from completed purchases.

Units

This measure reflects the number of units (products) from completed purchases.

Average Units per Order

This measure reflects the number of units (products) from completed purchases.

Orders

This measure reflects the number of orders from completed purchases.

Weekly Buyers

The number of buyers in each week for the reporting period.

Monthly Buyers

The number of buyers in each month for the reporting period.

Quarterly Buyers

The number of buyers in each quarter for the reporting period.

Yearly Buyers

The number of buyers in each year for the reporting period.

Report Descriptions

Briefly:

To produce this report, a site must use persistent cookies and have activated Visitor History. If visitors have not visited the site during the report time period, their activity nor their initial referrer will be included in this report. A referrer is a site that offers a link to your site, and may include partners, affiliates, industry sites, third-party sites such as media sites or directories.

Uses and Interpretation:

This report allows you to analyze visitors' current activities based on their first referrer on record. Using measures you care about most, you can determine the referrers that first attracted your best visitors and use that insight to guide future marketing decisions. This report is useful in identifying important sites and sources of traffic that you may have overlooked as marketing opportunities as they aren't designated as an "official" marketing campaign or advertisement.

This report uses a dimension based on Visitor History, and Visitor History requires the use of cookies for session tracking. If your report is empty and you know you receive traffic that you be reflected in it, make sure that you use a session tracking that employs cookies. See the Session Tracking tab under Advanced in the profile settings.

Other relevant reports and analyses:

Relationship to other campaign reports. Relationship to Initial Campaign and Initial Search Engine reports. Consider long-term impact to business with Lifetime Value by Initial Referrer.

Most Recent Search Engines (All)

This report displays the most recent search engine and phrases that visitors used to access your site with measures evaluating those visits.

No data is available for this graph.

Most Recent Search Engines (All)

No data is available for this table.

Most Recent Search Engines (All) - Help Card

Column Definitions

Most Recent Search Engine

The most recent search engine that visitors used to find your site. Only those search engines whose duration have not expired are included. This expiration setting is set on a profile basis.

Most Recent Search Phrase

The most recent search phrase visitors used to find your site.

Visits

A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Note that if the dimension changes state during the course of a visit (such as a visitor changing from non-buyer to buyer), the visit will be recorded for both states. In such cases, the total of visits in this report may be greater than the number of visits reported in the Overview. In the Key Metrics report for example, if a visit spans several hours, it is recorded in each of the hours.

Page Views

A hit to any file classified as a page. In order to view a web page with embedded images, for example, a browser must retrieve multiple files. The page and its embedded files counts as a single page view.

% of All Visits

Percentage of the total number of visits during the reporting period.

Average Visit Duration (Minutes)

The length (measured in minutes) of a visit to your web site.

Hits

Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

Revenue

This measure reflects the monetary amount generated from completed purchases.

Average Revenue per Order

This measure reflects the monetary amount generated from completed purchases.

Units

This measure reflects the number of units (products) from completed purchases.

Average Units per Order

This measure reflects the number of units (products) from completed purchases.

Orders

This measure reflects the number of orders from completed purchases.

Report Descriptions

Briefly:

This report shows activity to your site according the last search engine and phrases visitors used to access your site. For the time period selected, all conversions and other activities are tracked and attributed to the most recent search engine and phrase visitors last used to access your site. Only those most recent search engines whose durations have not expired are included, and the administrator sets this expiration. Thus, even if the conversion does not happen on the first visit generated by the most recent search engine and phrase, the appropriate source is "credited" with the conversion. This report requires the activation of Visitor History and the use of persistent cookies. If visitors do not visit the site during the report time period, their activity and most recent search engine is not included.

Uses and Interpretation:

This report allows you to analyze visitors' current activities regardless of whether the search was based on a paid or organic most recent search phrase. Using measures you care about most, you can determine the search engines and phrases responsible for attracting the best current visitors, and use that insight to guide future search engine marketing and optimization decisions. Use this report to analyze how effective search engines and specific phrases are at generating visitors who often return to your site to perform the actions you want them to take. By including conversion metrics, you not only evaluate the performance of search phrases in driving traffic, you also get an indication of how well your site is optimized for those phrases. In other words, how well does your site answer visitor interests (their query) and convert on that traffic?

This report uses a dimension based on Visitor History, and Visitor History requires the use of cookies for session tracking. If your report is empty and you know you receive traffic that you be reflected in it, make sure that you use a session tracking that employs cookies. See the Session Tracking tab under Advanced in the profile settings.

Other relevant reports and analyses:

Top Visitors - Help Card

Column Definitions

Visitor

The IP address, domain name, or cookie of the visitor.

Visits

Number of times the specified visitor visited your site. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Hits

Number of hits attributed to the specified visitor. Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

Report Descriptions

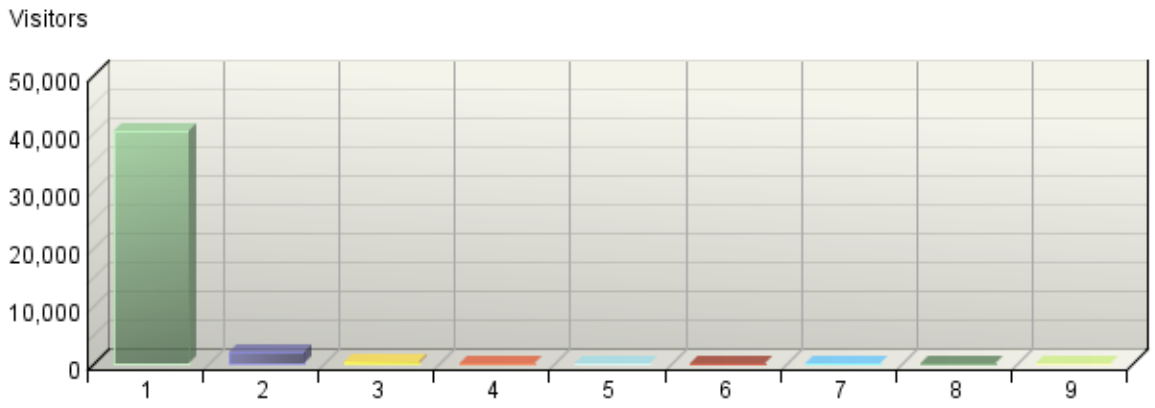
Consider the visitors who use the site most, and tailor your site to their interests and needs. If your site is an intranet, notice which employees use the site most, and find out what they like about it. You might also get feedback from those who use it the least and find out what they are looking for.

Note: If a visitor has a dynamic IP address, or if a group of visitors are behind a proxy server or firewall, this data might be misleading. In the case of a dynamic IP address, multiple IP addresses could be shown for a single visitor, and in the case of a firewall or proxy server, one IP address could be used by more than one visitor.

Visitors by Number of Visits

This report shows the distribution of visitors based on how many times each visitor visited your site.

Visitors by Number of Visits



Visitors by Number of Visits

Number of Visits	Visitors	% Visitors
1 visit	40,484	93.05%
2 visits	2,070	4.76%
3 visits	420	0.97%
4 visits	147	0.34%
5 visits	53	0.12%

Total	**43,509**	**100.00%**

items 1-9 of 9

Visitors by Number of Visits - Help Card

Column Definitions

Number of Visits

The number of visits by each visitor during the period of the report.

Visitors

Number of individuals who came to your site the amount of times specified in the Number of Visits column.

%

Percentage of visitors who came to your site the amount of times specified in the Number of Visits column.

Report Descriptions

This information can indicate whether or not your site compels visitors to return. Updating web site content is one way to draw return visitors.

Visitors Trend

This report shows how many times visitors visited your web site and how long they stayed. The information is divided into time slices based on the duration of the log file. Some visits may span more than one time interval, and will be counted in each interval where they appear. The sum of visits for all intervals may therefore exceed the total visits shown in the Overview Dashboard page.

Visitors Trend - Help Card

Column Definitions

Time Interval (hour, day, etc.)

A one-year report displays monthly time increments. A one-quarter report displays weekly time increments. A one-month report or a one-week report displays daily time increments. A daily report displays hourly time increments. An hour-long interval marked 12:00, for example, includes all activity between 12:00 and 12:59.

Active Visits

Number of active visits to your web site. If a visit spans multiple time intervals, it is counted in each interval. Every visit from a visitor is counted, even if the same visitor came to your web site multiple times. Also included are zero-length visits. A zero-length visit occurs when all hits for that visit are logged with the exact same time stamp.

Visitors

Number of individuals who visited your site during the report interval. For a daily report, if someone visits more than once, that person is counted only the first time he or she visits. Values of "N/A" indicate that the detailed data required is not available. This situation occurs when the Top Visitors report has reached its configured limit or when reports for the corresponding period are turned off. For non-daily reports, the visitor measure total is "N/A" since the same visitor can be counted in multiple intervals.

New Visitors

Number of visitors who had never visited your web site before.

Average Visit Duration

The average amount of time visitors spent at your site within the given time interval. The data is formatted as hh:mm:ss (hours:minutes:seconds). The average visit duration is calculated by dividing the value from the Visitor Minutes column by the value from the Active Visits column.

Visitor Minutes

Number of minutes your web site was viewed, regardless of who was viewing it.

Report Descriptions

Use this page to determine which times your web site is busiest.

Daily averages cut off visits that continue into the next day, whereas weekly averages do not. Therefore, weekly averages may appear a bit longer than daily averages.

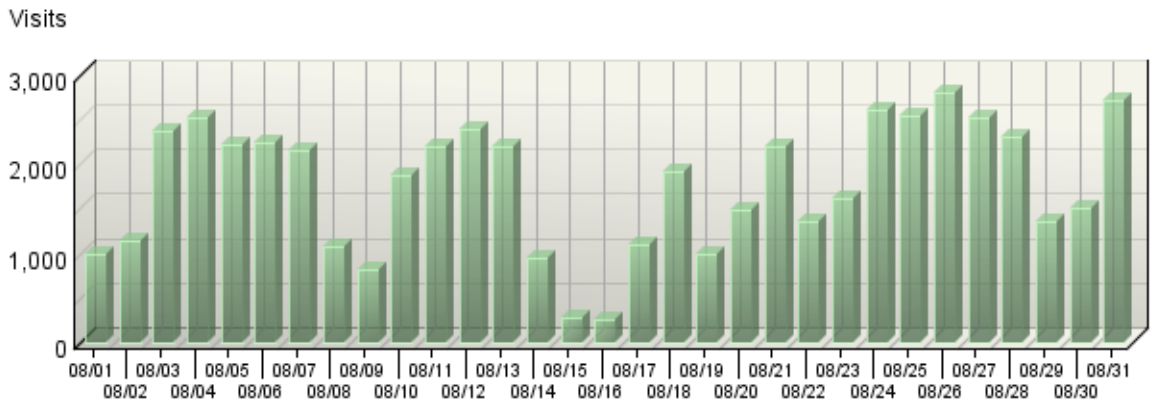
Total - The total for the column. Visits may span more than one time interval and are counted for each hour in this report. We therefore do not provide a total, which would be misleading.

Average - This row gives the average for each column.

Visits Trend

This report shows how the number of visits to your site changes over the course of the report period.

Visits Trend



Visits Trend

Day	Visits	% Visits
08/01	994	1.81%

Visits Trend - Help Card

Column Definitions

Time Interval (hour, day, etc.)

A one-year report displays monthly time increments. A one-quarter report displays weekly time increments. A one-month report or a one-week report displays daily time increments. A daily report displays hourly time increments. An hour-long interval marked 12:00, for example, includes all activity between 12:00 and 12:59.

Visits

Number of visits to your site during the specified time interval. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

%

Percentage of visits to your site during the specified time interval compared with all visits to your site during the report period.

Report Descriptions

Periods of less activity can be considered good times for maintenance and content improvement.

Organizations

If you have enabled the WebTrends GeoTrends Database for this profile, this page will list the most active companies and other organizations visiting your web site.

Organizations by Visits

No data is available for this graph.

Organizations

No data is available for this table.

Organizations - Help Card

Column Definitions

Organization

The name of the organization, which could be a company, a government agency, a school, or any other type of organization. This name was determined by either of the following methods:

- The visitor's IP address matched an Intranet Domain configuration within the Admin Console.
- Looking up the visitor's IP address in the WebTrends GeoTrends Database.

Unknown

The organization could not be determined.

Domain Name

The text name (for example, netiq.com) corresponding to the visitor's IP address. The domain name can be determined from any of the following methods:

- The domain was logged by the web server.
- The IP address matched an Intranet Domain configuration within the Admin Console.
- DNS resolution.

IP addresses that do not resolve to a domain by these methods are categorized as follows:

- Reserved IP Address - The IP address falls within a block of reserved addresses. For example, 192.168.x.x and 10.x.x.x addresses are reserved for private networks.
- Unresolved IP Address - Category for IP addresses that did not resolve to a domain (perhaps because DNS resolution was disabled).

The domain name shown is the second-level domain name, such as netiq.com. For example, all visitors from sales.netiq.com, us.sales.netiq.com, and service.netiq.com are combined in the statistics for netiq.com. If the top-level domain name is a country code, then the third-level domain name is shown also (for example, anycompany.com.au).

Visits

Number of visits to your site from this organization. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Hits

Number of hits to your site from this organization. Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

Report Descriptions

Use this information when you are interested in an organization as a whole, such as NetIQ Corporation. You can identify the major domain names from each company, such as netiq.com and webtrends.com from NetIQ.

Domain Names

This report lists the domain name that generates the most activity to your web site.

Domain Names - Help Card

Column Definitions

Domain Name

The text name (for example, netiq.com) corresponding to the visitor's IP address. The domain name can be determined from any of the following methods:

- The domain was logged by the web server.
- The IP address matched an Intranet Domain configuration within the Admin Console.
- DNS resolution.

IP addresses that do not resolve to a domain by these methods are categorized as follows:

- Reserved IP Address - The IP address falls within a block of reserved addresses. For example, 192.168.x.x and 10.x.x.x addresses are reserved for private networks.
- Unresolved IP Address - Category for IP addresses that did not resolve to a domain (perhaps because DNS resolution was disabled).

The domain name shown is the second-level domain name, such as netiq.com. For example, all visitors from sales.netiq.com, us.sales.netiq.com, and service.netiq.com are combined in the statistics for netiq.com. If the top-level domain name is a country code, then the third-level domain name is shown also (for example, anycompany.com.au).

Visits

Number of visits to your site from this domain name. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Hits

Number of hits to your site from this domain name. Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

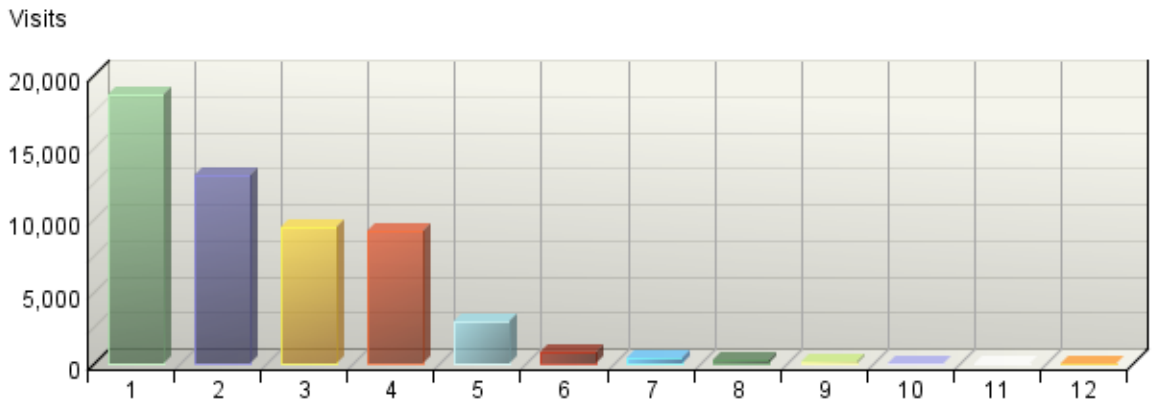
Report Descriptions

Use this information when you are interested in high-level domain names of visitors generating the most activity to your web site.

Top-Level Domain Types

This report provides a breakdown of top-level domain types.

Top-Level Domain Types by Visits



Top-Level Domain Types

Top-Level Domain Types	Visits	% Visits	Hits
Unresolved IP Address	18,631	33.96%	60,603
Network	13,042	23.77%	22,018
Commercial	9,495	17.31%	26,692
Unknown	9,187	16.75%	14,543
Education	2,913	5.31%	5,949

Top-Level Domain Types - Help Card

Column Definitions

Reserved IP Address

The IP address falls within a block of reserved addresses. For example, 192.168.x.x and 10.x.x.x addresses are reserved for private networks.

Unresolved IP Address

Category for IP addresses that did not resolve to a domain (perhaps because DNS resolution was disabled).

Unknown

The domain suffix did not match any of the top-level domain categories.

Top-Level Domain

The suffix of a domain name. A top-level domain can be based on the type of organization (.com, .edu, .museum, .name, etc) or it can be a country code (.uk, .de, .jp, .us, etc.). The top-level domain can be used to identify the type of web site. The following is a partial list of how this report categorizes top-level domains:

- ARPANET: .arpa
- Commercial: .com .co .com.[country code] .co.[country code] .firm.co .firm.ve .ltd.uk .info .biz
- Education: .edu .edu.[country-code] .ed.[country code] .ac.[country code] .school.[country code] .k12.[country code] .re.kr .sch.uk .edunet.tn
- International: .int .int.co .int.ve .intl.tn
- Government: .gov .gov.[country code] .gove.[country code] .go.[country code]
- Military: .mil .mil.[country code]
- Network: .net .ad.jp .ne.kr .net.[country code]
- Organization: .org .or .org.[country code] .or.[country code]
- Personal: .name

Visits

Number of visits to your site from the specified top-level domain. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Hits

Number of hits to your site from the specified top-level domain. Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

Report Descriptions

Consider which types of organizations are interested in your site, and consider how you can interest other types of organizations.

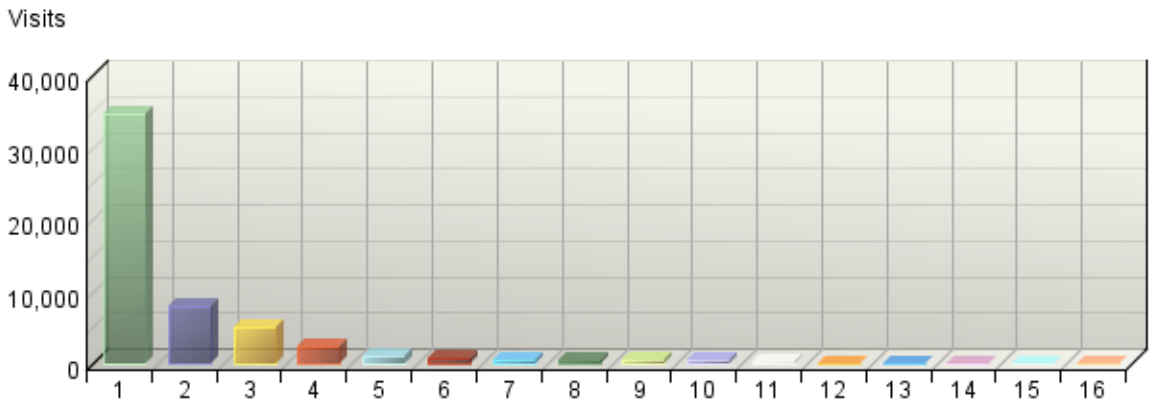
Note: This information can be displayed only if reverse DNS lookups have been performed. Even when DNS lookups are performed, some IP addresses cannot be resolved to a domain name.

Total - This represents the total visits or hits where there was sufficient information to identify the top-level domain. This number may be less than the total activity overall.

Regions

This report identifies the top geographic regions of the visitors to your site.

Regions by Visits



Regions

	Regions	Visits	% Visits
1.	North America	34,562	63.00%
2.	Asia	8,003	14.59%
3.	Western Europe	5,062	9.23%
4.	Australia	2,494	4.55%
5.	Middle East	996	1.82%
6.	South America	918	1.67%
7.	Eastern Africa	665	1.21%
8.	Eastern Europe	620	1.13%
9.	Northern Europe	469	0.85%
10.	Southern Africa	457	0.83%
11.	Pacific Islands	226	0.41%
12.	Western Africa	125	0.23%
13.	Northern Africa	113	0.21%
14.	Caribbean Islands	100	0.18%
15.	Central America	50	0.09%
16.	Central Africa	2	0.00%
	Total	**54,862**	**100.00%**

items 1-16 of 16

Regions - Help Card

Column Definitions

Regions

The geographic part of the world where visitors to your web site are located. "Region Unspecified" represents visitors whose geographic region could not be determined. "Region Unknown" represents visitors whose country has been determined but not identified with a specific region. If the WebTrends GeoTrends Database is turned on for this profile, the region is determined by looking up the visitor's IP address in this database. If GeoTrends is not enabled, the region will be determined from the domain name.

Visits

Number of visits from this geographic region. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

%

Percentage of total visits that were from this geographic region.

Report Descriptions

This information can help you meet the needs of your target audience as well as discover new audiences. Consider how you can make the content comprehensive and relevant to an international audience.

Note: Use this information carefully because it is based on Internet registration, and may not always be an accurate identifier of the visitor's actual location.

Geography Drilldown

Drilldown presentation of the geographical information (region, country, state/province, city) relating to the visitor's IP address. The WebTrends GeoTrends Database is required to get complete information down to the state and city level.

Geography Drilldown - Help Card

Column Definitions

Geography (Drilldown)

Drilldown presentation of the geographical information (region, country, state/province, city) relating to the visitor's IP address. The WebTrends GeoTrends Database is required to get complete information down to the state and city level.

Visits

A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Note that if the dimension changes state during the course of a visit (such as a visitor changing from non-buyer to buyer), the visit will be recorded for both states. In such cases, the total of visits in this report may be greater than the number of visits reported in the Overview. In the Key Metrics report for example, if a visit spans several hours, it is recorded in each of the hours.

% of Visits

Percentage of visits for this row compared to the total visits for this table.

Page Views

A hit to any file classified as a page. In order to view a web page with embedded images, for example, a browser must retrieve multiple files. The page and its embedded files counts as a single page view.

Report Descriptions

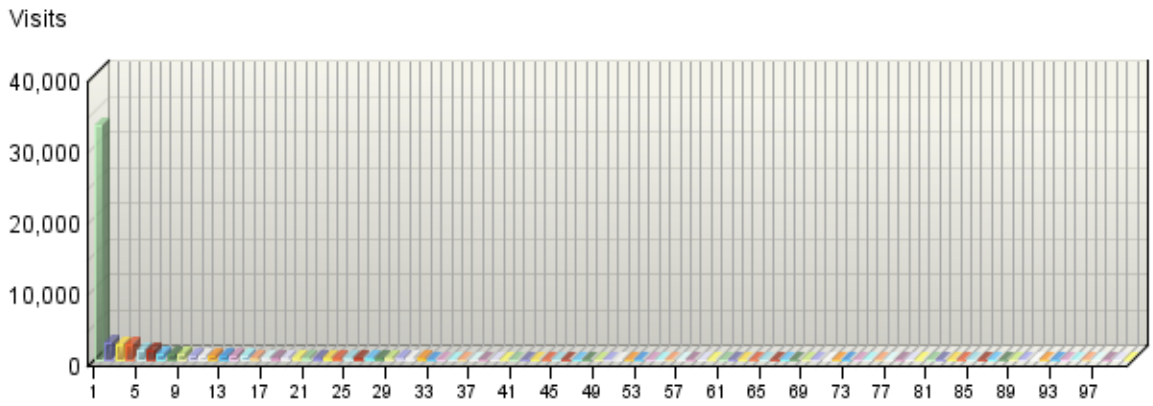
This information can help you meet the needs of your target audience as well as discover new audiences. Consider how you can make the content comprehensive and relevant to an international audience.

Note: Use this information carefully because it is based on Internet registration, and may not always be an accurate identifier of the visitor's actual location.

Countries

This report identifies the top countries of the visitors to your site.

Countries by Visits



Countries

	Countries	Visits	% Visits

Countries - Help Card

Column Definitions

Countries

If the WebTrends GeoTrends Database is turned on for this profile, the country is determined by looking up the visitor's IP address in this database. If GeoTrends is not enabled, the country will be determined from the domain name.

Visits

Number of visits from the specified country. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

%

Percentage of total visits from the specified country.

Unknown Origin

The country associated with the visitor's domain name could not be determined.

Report Descriptions

This information can help you meet the needs of your target audience as well as discover new audiences. Consider how you can make the content comprehensive and relevant to an international audience.

Note: Use this information carefully because it is based on Internet registration, and may not always be an accurate identifier of the visitor's actual location.

North American States and Provinces

If you have enabled the WebTrends GeoTrends Database for this profile, this page will list the states and provinces of North America with your most active visitors.

1.	**Award Recipients By Year | Award Recipients - 2008|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/recipients.list/year/2008/abs_type/all/	166	190	00:00:25

	Pages	Visits	Views	Average Time Viewed
2.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/index.cfm/report/0/	137	462	00:08:36
3.	**Water Solubility and Henry's Law Constant|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/1140/report/0/	88	109	00:01:17
4.	**Research Project Database | NCER | ORD | US EPA** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/research.search/rpt/abs/type/3/	87	100	00:01:47
5.	**Award Recipients List|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/recipients.welcome/displayOption/Institution/	80	92	00:00:33
6.	**Incorporating Trophic Interactions into Biological Measures of Nutrient Enrichment in Support of Numerical Thresholds for Aquatic Life Use Attainment in Wadeable Streams|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8893/report/0/	74	78	00:01:21
7.	**Research Project Database | NCER | ORD | US EPA** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/recipients.display/rfa_id/466/records_per_page/ALL/	70	81	00:01:33
8.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8977/report/0/	68	82	00:01:37
9.	**Design of a Small – Scale Solar Chimney for Sustainable Power|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8805/report/0/	68	72	00:03:27
10.	**The Manufacture of Carbon Black From Oils Derived From Scrap Tires|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/1662/report/0/	68	84	00:02:12
11.	**Award Recipients By Year | Award Recipients - 2007|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/recipients.list/year/2007/abs_type/all/	63	75	00:00:30

	Pages	Visits	Views	Average Time Viewed
12.	**2007 Annual Report | Fundamental Understanding and Performance Enhancement of Conductive Adhesive for Microelectronic Packaging Applications|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/6352/report/2007/	63	99	00:01:51
13.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7390/report/F/	61	73	00:03:00
14.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/416/report/2002/	61	85	00:00:57
15.	**Mechanisms Linking Host Biodiversity to Lyme Disease Risk: An Experimental Approach|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8798/report/0/	60	62	00:04:44
16.	**Converting Energy from Reclaimed Heat: Thermal Electric Generator|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8118/report/0/	57	60	00:00:43
17.	**List of Awards | SBIR|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/outlinks.sbir/fullList/Yes/showYear/current/	57	64	00:01:47
18.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/960/report/F/	57	71	00:00:46
19.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8803/report/0/	56	62	00:02:50
20.	**Sustainable Biodegradable Green Nanocomposites From Bacterial Bioplastic For Automotive Applications|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/6345/report/0/	56	63	00:00:36
21.	**Award Recipients List|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/recipients.welcome/displayOption/Alphabetical/	56	74	00:00:59
22.	**Iron Oxide Nanoparticle-Induced Oxidative Stress and Inflammation|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7136/report/0/	56	59	00:00:18

	Pages	Visits	Views	Average Time Viewed
23.	**The Effectiveness of Energy Generating Exercise Equipment for Energy Conservation Education|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8085/report/0/	55	60	00:02:44
24.	**Final Report | Mechanisms of Air Pollutant-induced Pulmonary Inflammation; Effects of Zinc on EGFR Receptor Function|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/1763/report/F/	55	69	00:00:50
25.	**Evaluating Nanoparticle Interactions with Skin|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7178/report/0/	54	56	00:00:41
26.	**Development of an Economical and Sustainable Irrigation Ram Pump for Community Gardening in South Africa|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8812/report/0/	54	60	00:01:37
27.	**The Effects of Common Carp on Nitrogen Dynamics and Mass Transport of Phosphorous and Sediment in a Eutrophic Stream|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8866/report/0/	53	57	00:00:37
28.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/6127/report/2003/	53	76	00:01:03
29.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8876/report/0/	52	54	00:00:27
30.	**Short-term Chronic Toxicity of Photocatalytic Nanoparticles to Bacteria, Algae, and Zooplankton|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7384/report/0/	51	56	00:00:13
31.	**Effects of Red Tide (<em>Karenia brevis on Piscivorous Birds in Sarasota Bay, Florida|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8889/report/0/	51	58	00:01:00

	Pages	Visits	Views	Average Time Viewed
32.	**Research Project Database | NCER | ORD | US EPA** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/research.search/rpt/final/type/3/	50	59	00:00:55
33.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/383/report/0/	50	51	00:00:37
34.	**Development Plan of a Sustainable Micro-Hydro Power Plant and Distribution System for a Tribal Village Cluster in Rural India|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8678/report/0/	49	54	00:01:33
35.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7497/report/0/	49	57	00:04:13
36.	**Task-based Exposure Matrix Toward Evaluating and Identifying Occupational Exposure to Engineered Carbonaceous Nanomaterials|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8896/report/0/	49	53	00:00:34
37.	**Sustainable Anaerobic Digester/Cook Stove Design to Promote Health, Environment, and Economic Prosperity for Indigenous People of Ecuador|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8825/report/0/	48	51	00:00:44
38.	**Final Report | The Effectiveness of Energy Generating Exercise Equipment for Energy Conservation Education|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8085/report/F/	48	55	00:03:56
39.	**Fine Particle Sources and Adverse Events in Infants Using Home Cardio-Respiratory Monitors|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8869/report/0/	48	51	00:00:40
40.	**Research Project Database | NCER | ORD | US EPA** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/research.search/rpt/abs/type/4/	48	61	00:01:24

	Pages	Visits	Views	Average Time Viewed
41.	**Final Report | Optimal Operation of Electric Arc Furnaces (EAF) to Minimize the Generation of Air Pollutants at the Source|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/957/report/F/	48	55	00:01:12
42.	**Health Risk of the Trihalomethanes Found in Drinking Water Carcinogenic Activity and Interactions|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/22/report/0/	47	54	00:01:59
43.	**2006 Annual Report | Fundamental Understanding and Performance Enhancement of Conductive Adhesive for Microelectronic Packaging Applications|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/6352/report/2006/	47	62	00:01:27
44.	**Final Report | A Life Cycle Analysis Approach for Evaluating Future Nanotechnology Applications|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/6245/report/F/	46	57	00:01:58
45.	**Airborne Particulate Matter Research Centers - New (2005) | Research Centers|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/outlinks.centers/centerGroup/19/	46	54	00:01:55
46.	**Harvesting Rooftop Runoff from RDP Housing in South Africa: A Pragmatic Approach to Supplement Water Supply While Reducing Flooding, Soil Erosion, and Disease|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8668/report/0/	46	53	00:02:42
47.	**Eco-Wall Systems: Using Recycled Material in the Design of Commercial Interior Wall Systems for Buildings|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7342/report/0/	45	50	00:00:57
48.	**Wet Scrubber System|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/1822/report/0/	45	56	00:07:02

	Pages	Visits	Views	Average Time Viewed
49.	**Recycling Glass-Reinforced Thermoset Polymer Composite Materials|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7812/report/0/	45	51	00:02:14
50.	**Forming Carbon-Carbon Bonds in Water and Other Alternative Media|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/789/report/0/	45	53	00:01:39
51.	**Deep-Rooted Poplar Trees as an Innovative Treatment Technology for Pesticide and Toxic Organics Removal from Soil and Groundwater|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/5308/report/0/	45	49	00:00:56
52.	**Adsorption and Release of Contaminants onto Engineered Nanoparticles|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7392/report/0/	44	47	00:00:22
53.	**Mercury in Terrestrial Environments: Patterns of Bioaccumulation and Food Web Transfer Along a Forested Elevational Gradient|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8881/report/0/	44	51	00:00:56
54.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/research.search/type/3/	44	60	00:01:31
55.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8868/report/0/	43	46	00:01:08
56.	**San Joaquin Valley Aerosol Health Effects Research Center (SAHERC) | Research Centers|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/outlinks.centers/center/152/	43	47	00:01:22
57.	**Nanoparticle Stability in Natural Waters and its Implication for Metal Toxicity to Water Column and Benthic Organisms|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8375/report/0/	43	47	00:00:14

	Pages	Visits	Views	Average Time Viewed
58.	**Communicating Global Climate Change: Investigating Message Strategies for Communicating the Impact of Global Climate Change.|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8885/report/0/	43	48	00:00:33
59.	**Incorporating Sustainable Transportation into the Development Assessment Process: Exploring Methods to Estimate Pedestrian, Bicycle, and Public Transit Mode Shares|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8874/report/0/	43	45	00:00:42
60.	**Final Report | Harnessing Ocean Wave Energy to Generate Electricity|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8093/report/F/	43	59	00:02:37
61.	**Development of Sustainable Integrated Aquaculture Systems With Assessment of Environmental, Social, and Economic Implications|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8814/report/0/	43	47	00:03:36
62.	**Daily Changes in Oxygen Saturation and Pulse Rate Associated with Particulate Air Pollution and Barometric Pressure|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/2356/report/0/	42	45	00:00:46
63.	**Final Report | Production of Natural Plastics in Wastewater Treatment|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8609/report/F/	42	51	00:00:19
64.	**Airborne Particulate Matter Research Centers - Original (1998) | Research Centers|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/outlinks.centers/centerGroup/1/	42	44	00:01:17
65.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/960/report/2000/	42	59	00:01:25

	Pages	Visits	Views	Average Time Viewed
66.	**Final Report | Low-Cost Water Purification System: Developing an Effective Water Purification System for Local Production Which Offers Sustainable Economic Stimulus|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8109/report/F/	42	46	00:05:33
67.	**Increased Drinking Water Supply Through Improved Cistern Construction in Barasa Haiti|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7748/report/0/	42	44	00:00:51
68.	**Long-Term Effects of Deforestation on Genetic Diversity: A Comparison of Old Growth and Secondary Red Oak Populations|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/5266/report/0/	42	47	00:00:26
69.	**Final Report | CISNet: Coral Bleaching, UV Effects, and Multiple Stressors in the Florida Keys|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/438/report/F/	41	62	00:01:10
70.	**Building Sustainable Social Infrastructures in Communities|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8902/report/0/	41	45	00:00:42
71.	**A Bioengineering Approach to Nanoparticle based Environmental** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/2370/report/0/	41	46	00:00:37
72.	**Pharmaceuticals and Antiseptics: Occurrence and Fate in Drinking Water, Sewage Treatment Facilities, and Coastal Waters|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/1061/report/0/	41	45	00:00:31
73.	**Urban Waste Management &Research Center (University of New Orleans)|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/5340/report/0/	41	58	00:01:19

	Pages	Visits	Views	Average Time Viewed
74.	**Fusion of LiDAR and Imagery for Estimating Canopy Fuel Metrics in Eastern Washington Forests|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8897/report/0/	41	45	00:00:34
75.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8865/report/0/	41	47	00:00:39
76.	**Microbial Solution: Application of Microorganisms for Biofuel Production and CO<sub>2Mitigation|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8821/report/0/	41	47	00:02:48
77.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8635/report/0/	41	51	00:02:31
78.	**Development of Highly-Efficient Aquaporin-Based Water Treatment** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8895/report/0/	41	45	00:01:56
79.	**Research Project Database | NCER | ORD | US EPA** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/research.search/rpt/final/type/4/	41	48	00:01:27
80.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/8886/report/0/	40	42	00:00:23
81.	**Assessment of Deforestation in the Arsi Region of Ethiopia: A Remote Sensing and GIS Approach|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/6779/report/0/	40	48	00:03:05
82.	**Impacts of Manufactured Nanomaterials on Human Health and the Environment - A Focus on Nanoparticulate Aerosol and Atmospherically Processed Nanoparticulate Aerosol|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7383/report/0/	40	43	00:00:03
83.	**Health Effects of Inhaled Nanomaterials|** http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.abstractDetail/abstract/7376/report/0/	40	42	00:00:12
84.	http://cfpub.epa.gov/ncer_abstracts/index.cfm/fuseaction/display.researchCategory/rc_id/106/	40	44	00:01:59

Pages - Help Card

Column Definitions

Pages

Any displayed page. You can specify for each profile the types of files that qualify as a page. These settings can be changed by the WebTrends administrator.

Visits

Number of visits to this page. A visit is a series of actions that begins when a visitor views the first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Views

Number of times this page was viewed by visitors.

Average Time Viewed

Average length of time the specified page was viewed. (The format is hh:mm:ss - hours:minutes:seconds.)

Average Time to Serve

Average amount of time (in milliseconds) it took to serve each document during the specified time interval. The time to serve spans from the time the server got a page request until it transmitted all the data.
Note: Zero values in this column probably indicates that your web server is not logging Time to Serve information.

Report Descriptions

Pages with good content and design are more likely to attract visitors and be revisited. Less popular pages on a site can be made more appealing by improving the content or incorporating design elements similar to that on the more important pages. Always remember that people are far more interested in content than in design, and average view times can help determine which content is most important to your visitors.

Content Groups

This report identifies the most popular groups of web site pages and how often they were visited.

Content Groups by Visits Trend

No data is available for this graph.

Content Groups by Visits

Content Groups - Help Card

Column Definitions

Content Group

A defined group of web pages with specific things in common, such as the same types of products, services, or information.

Visits

Number of visits where the visitor viewed at least one page in the specified content group. A visit is a series of actions that begins when a visitor views their first page from the server, and ends when the visitor leaves the site or remains idle beyond the idle-time limit. The default idle-time limit is thirty minutes. This time limit can be changed by the system administrator.

Hits

Each file requested by a visitor registers as a hit. There can be several hits on each page. While the volume of hits reflects the amount of server traffic, it is not an accurate reflection of the number of pages viewed.

Report Descriptions

The information on this page can show you which content groups were most popular. This will reveal the reasons people visit your web site, and what is most interesting and least interesting to them.
