As of: 08/26/91

CLASS A SURFACE WATERS IN NEW HAMPSHIRE
(INCL EPA WATERBODY IDENTIFICATION)

Albany Brook and its tributaries [Bartlett] NHR60002010-17.0401
1953, 61:1, I. Albany Brook and all its tributaries, in the town of Bartlett, from their sources to the crest of the Bartlett Village public water supply dam located on Albany Brook, Class A.

Alpine Lake and its tributaries [Wolfeboro] (See Upper Beech Pond *)
1957, 46:1, III. Alpine Lake (formerly Upper Beech Pond) and its tributaries, town of Wolfeboro, county of Carroll, from their sources to the outlet of said lake, Class A. (* WBID is Upper Beech Pd)

Ammonoosuc River, Upper and its tributaries [Stark, Dummer, etc.]
(See Upper Ammonoosuc River)
*Reclassification. 1967, 311:2, I. The Upper Ammonoosuc River and all its tributaries, in the city of Berlin, the town of Randolph, and the unincorporated place of Kilkenny, from their sources to the crest of the water supply dam (Godfrey Dam) for the city of Berlin, Class A.

Anderson reservoir and its tributaries [Success, Berlin]
(See Steward and Anderson reservoirs)
1965, 47:1, V. Steward and Anderson reservoirs and all their tributaries, in the unincorporated place of Success and the City of Berlin, from their sources to the crest of the Steward reservoir water supply dam serving the city of Berlin, Class A.

Artist Falls Brook and its tributaries [Conway] NHR60002030-1403.0301
1953, 61:1, VI. Artist Falls Brook and all its tributaries, in the town of Conway, from their sources to the crest of the precinct of North Conway water supply dam, Class A.

Babbidge Reservoir [Harrisville, Marlborough, etc.]
(See Roaring Brook)
1967, 311:1, X. Roaring Brook and all its tributaries including Babbidge Reservoir and Woodward Pond, in the towns of Harrisville, Marlborough, Nelson, and Roxbury, from their sources to the crest of the water supply intake dam for the city of Keene, Class A.

Bartlett Brook and its tributaries [Bartlett] NHR60002010-17.0401
1953, 61:1, II. Bartlett Brook and all its tributaries, in the town of Bartlett, from their sources to the crest of the Bartlett Village public water supply dam located on Bartlett Brook, Class A.

Bean Brook and its tributaries [Success, Berlin] NHR40001100-27.0201
1965, 47:1, IV. Bean Brook and all its tributaries, in the unincorporated place of Success and the City of Berlin, from their sources to the crest of the Bean reservoir water supply dam serving the City of Berlin, Class A.

Bear Pond and its tributaries [Warner] NHR70001nnn-n.nnnn
1967, 311:1, XVIII. Bear Pond and all its tributaries, in the town of Warner, from their sources to the outlet of Bear Pond, the water supply for the village of Contoocook, Class A.

Beaver Brook and tributaries including Hall Pond [Charlestown]
NHR80104130-22.1301
1967, 311:1, IV. Beaver Brook and all its tributaries including Hall Pond, in the town of Charlestown, from their sources to the crest of the water supply dam for the village of Charlestown, Class A.

Beaver Brook and its tributaries [Woodstock] NHR70001nnn-n.nnnn
1959, 243:1, I. Beaver Brook and all its tributaries, in the town of Woodstock, from their sources to the water supply intake for the village of Woodstock, Class A.

Beaver Brook and all its tributaries [Colebrook, Stewartstown]
NHR80101070-0103.0201
1959, 126:1, II. Beaver Brook and all its tributaries, in the towns of Colebrook and Stewartstown, from their sources to the crest of the water supply intake dam for the town of Colebrook, Class A.

Bellamy River and its tributaries [Barrington, Madbury, etc.]
NHR60003120-02.1101
1961, 40:1, V. Bellamy River and all its tributaries, in the towns of Barrington and Madbury and the city of Dover, from their sources to the crest of the dam at Bellamy Park municipal swimming area in Dover, Class A.

Berry Pond and all its tributaries [Pittsfield] NHRnnnnnnnn-nn.nnnn
1959, 125:1, I. Berry Pond and all its tributaries, in the town of Pittsfield, from their sources to the outlet of said pond, Class A.
*Reclassification. 1967, 311:2, IV. Berry Pond and all its tributaries, in the town of Pittsfield, from their sources to the outlet of said pond, the water supply for the town of Pittsfield, Class A.

Berry Pond Brook [Pittsfield] NHRnnnnnnnn-nn.nnnn
1959, 125:1, II. Berry Pond Brook, from its source at the outlet of said pond, and all its tributaries, in the town of Pittsfield, from their sources to the outlet dam of the Pittsfield Aqueduct Company water supply reservoir, Class A.

Berrys River and its tributaries [Farmington, Strafford, etc.]
NHR60003nnn-nn.nnnn
1961, 40:1, VI. Berrys River and its tributaries, in the towns of Farmington, Strafford, and the city of Rochester, from their sources to the crest of the Rochester water supply diversion dam, Class A.

1FC9E-002

Black Brook and its tributaries [Manchester, Bow, etc.] NHR70002090-nn.nnnn
1967, 311:1, XXVIII. Black Brook and all its tributaries, in the city of Manchester and the towns of Bow, Dunbarton, Goffstown, and Hooksett, from their sources to the crest of a proposed dam to be constructed for the Manchester Water Works approximately six-tenths of a mile downstream of the Goffstown-Manchester town line, Class A.

Blackwater River and all its tributaries [Hopkinton, Webster, etc.]
NHR70003050-nn.nnnn
*Reclassification. 1973, 282:1. On and after the effective date of this act, the main portion of the Blackwater River in the towns of Wilmot and Andover, from the outlet of Tannery pond to the Andover-Salisbury town line, and the Blackwater River and all the tributaries, in the towns of Hopkinton, Webster, Sutton, New London, Wilmot, Danbury, Hill, Springfield, Warner, Andover and Salisbury from their sources to the confluence with the Contoocook River shall be reclassified as a Class A river.

Boston Lot Reservoir and its tributaries [Lebanon] NHR80104060-05/0201
1951, 32:1, VI. Boston Lot Reservoir and its tributaries in the town of Lebanon, from their sources to the overflow spillway of said reservoir, being a part of the public water supply for West Lebanon, Class A.

Boyce Brook and its tributaries [Lincoln] NHR70001nnn-nn.nnnn
1947, 199:1, X. Boyce Brook and its tributaries located in the town of Lincoln from their sources to the intake dam of the Lincoln public water supply system, Class A.

Bradley Lake and its tributaries [Andover, Salisbury, etc.]
NHRnnnnnn-nn.nnnn
1951, 32:1, I. Bradley Lake and all tributaries thereto, in the towns of Andover, Salisbury and Warner, from their sources to the outlet dam of Bradley Lake which is the source of public water supply for the village of Andover, Class A.

Brickyard Brook and its tributaries [Hooksett, Bow] NHR70002nnn-nn.nnnn
1967, 311:1, XXVII. Brickyard Brook and all its tributaries, in the towns of Hooksett and Bow, from their sources to the crest of the intake dam of Bradley Lake which is the source of public water supply for the village of Andover, Class A.

Bullet Pond and its tributaries [Rindge] NHRnnnnnnnn-nn.nnnn
1967, 311:1, XII. Bullet Pond and all its tributaries, in the town of Rindge, from their sources to the crest of the water supply dam from the town of Jaffrey, Class A.

Campbell Pond and its tributaries [Antrim] NHR70003nnn-nn.nnnn
1967, 311:1, XVII. Campbell Pond and all its tributaries, in the town of Antrim, from their sources to the crest of the water supply dam for the town of Antrim, Class A.

1FC9E-003

Camp Brook and its tributaries [Hanover] NHR80104060-17.0701
1951, 32:1, IV. Camp Brook and its tributaries in the town of Hanover from their sources to the overflow spillway of the Hanover public water supply, Class A.

Canaan St Lake and its tributaries [Canaan] NHR80104070-59.0301
1953, 59:1, I. Crystal Lake and its tributaries, in the town of Canaan, which is the source of public water supply for the town of Canaan, Class A. (Now called Canaan St Lake)

Canobie Lake and its tributaries [Salem, Windham] NHR70002nnn-nn.nnnn
1959, 124:1, I. Canobie Lake and its tributaries, in the towns of Windham and Salem, from their sources to the outlet of said lake, Class A.

Cherry Mountain Brook and all its tributaries [Carroll]
NHR80101190-010901.0201
*Reclassification. 1967, 311:2, II. Cherry Mountain Brook and all its tributaries, in the town of Carroll, from their sources to the crest of the water supply dam for the village of Carroll, Class A.

Cheshire County Farm unnamed water supply stream and tributaries [Westmoreland]
(See Unnamed water supply stream)
1955, 168:1, I. The unnamed water supply stream for Cheshire county farm and its tributaries, in the town of Westmoreland, from their sources to the reservoir dam outlet, Class A.

Commitee Meadow Brook and tributaries [Hanover, Canaan] NHR80104070-38.0401
1953, 59:1, II. Enfield Reservoir and its tributaries, in the towns of Hanover and Canaan, from their sources to the outlet of said public water supply reservoir, Class A.

Crystal Lake and its tributaries [Canaan] (See Canaan St Lake)
1953, 59:1, I. Crystal Lake and its tributaries, in the town of Canaan, which is the source of public water supply for the town of Canaan, Class A. (Now called Canaan St Lake)

Cunningham Pond and its tributaries [Peterborough] NHR70003nnn-nn.nnnn
1967, 311:1, XIII. Cunningham Pond and all its tributaries, in the town of Peterborough, from their sources to the crest of the water supply dam for the Peterborough Water Works, Class A.

Dan Hole Pond and Little Dan Hole Pond [Ossipee, Tuftonboro]
NHR60002120-0102.0801
1957, 46:1, I. Dan Hole Pond and Little Dan Hole Pond and their tributaries and outlet, in the towns of Ossipee and Tuftonboro, county of Carroll, from their sources to the crest of the water supply intake dam of the Ossipee Water Company, Class A.

Davis Brook and its tributaries [Hancock] NHR70003nnn-nn.nnnn
1967, 311:1, XV. Davis Brook and all its tributaries, in the town of Hancock, from their sources to the crest of the water supply dan for the town of Hancock, Class A.

1FC9E-004

Dearborn Brook and its tributaries [Exeter, Stratham] NHR60003110-1902.0201
1961, 40:1, I. Dearborn Brook and all its tributaries, in the towns of Exeter and Stratham, from their sources to the crest of the Exeter Reservoir water supply dam, Class A.

Dry Brook and an unnamed brook and tributaries [Albany] NHR60002020-0202.0201
1949, 199:1, II. Dry Brook and an unnamed brook and their tributaries, in the town of Albany, both brooks being used as sources of supply for the public water supply system for the village of Conway, from their sources to the water supply dams, Class A.

Durant Brook and its tributaries [Colebrook] NHR80101070-02.0201
1959, 126:1, III. Durant Brook and all its tributaries, in the town of Colebrook, from their sources to the outlet of the water supply intake for the town of Colebrook, Class A.

East Branch of the Saco River and its tributaries [Bean's Purchase, Jackson, etc.] NHR60002010-01.0901
1953, 61:1, III. East Branch of the Saco River and all its tributaries, in the towns and places of Bean's Purchase, Jackson, Chatham, and Bartlett, from their sources to the outlet of the Lower Bartlett public water supply intake, Class A. (Includes Mountain Pond [Chatham])

Enfield Reservoir and its tributaries [Hanover, Canaan] See Commitee Meadow Bk
1953, 59:1, II. Enfield Reservoir and its tributaries, in the towns of Hanover and Canaan, from their sources to the outlet of said public water supply reservoir, Class A. (Commitee Meadow Brook)

Fassett Brook and its tributaries [Jaffrey] NHR80201040-0167103.0201
1967, 311:1, VIII. Fassett Brook and all its tributaries, in the town of Jaffrey, from their sources to the crest of the water supply dam for the town of Troy, Class A.

Folletts Brook and its tributaries [Newmarket, Lee, etc.] (See Piscassic River)
1961, 40:1, II. Folletts Brook and all its tributaries, in the towns of Newmarket, Lee, and Durham, which serve as a source of public water supply for the town of Newmarket, from their sources to the confluence with the Piscassic River, Class A.

Gale River, North Branch, and its tributaries [Bethlehem, Franconia] NHR80101260-18.0301
1949, 199:1, VII. North Branch Gale River and its tributaries located in the towns of Bethlehem, and Franconia, from their sources to the intake dam of the Littleton public water supply system, Class A.

Gale River, South Branch, and its tributaries [Franconia] NHR80101260-17.0501
1949, 199:1, VIII. South Branch Gale River and its tributaries located in the town of Franconia from their sources to the intake dam of the Bethlehem public water supply system, Class A.

1FC9E-005

Garland Brook and its tributaries [Lancaster, Kilkenny, etc.]
NHR80101170-1002.1201
1949, 247:1, III. Garland Brook and its tributaries, in the towns and places of Lancaster, Kilkenny, Berlin, Randolph and Jefferson, from their sources to the intake dam of the Lancaster public water supply system, Class A.

Gilman Pond and its tributaries [Unity] NHR80104100-6216.1201
1951, 210:1, III. Gilman Pond and its tributaries from their sources to the outlet of Gilman Pond in the town of Unity serving as the public water supply for the town of Newport, Class A.

Glendon Poland reservoir [Enfield] (See LaSalette Seminary)
1953, 59:1, III. All waters in the town of Enfield which flow into the adjoining water supply reservoirs of the LaSalette Seminary and the Glendon Poland water supply from their sources to the outlet of said reservoirs, Class A.

Goffstown Water Supply Stream and its tributaries [Goffstown]
NHRnnnnnnnn-nn.nnnn
1951, 32:1, II. The Water Supply Stream and its tributaries located on the northeast slope of the Uncanoonuc Mountains in the town of Goffstown, from their sources to the lower dam of the Goffstown public water supply system, Class A.

Goose Pond and its tributaries [Keene, Gilsum] NHR80201010-11.0601
1967, 311:1, IX. Goose Pond and all its tributaries, in the city of Keene, and the town of Gilsum, from their sources to the crest of the water supply dam for the city of Keene, Class A.

Gordon Pond Brook and its tributaries [Woodstock, Lincoln]
NHR70001030-3302.0301
1949, 199:1, XXIX. Gordon Pond Brook and its tributaries, in the towns of Woodstock and Lincoln, from their sources to the intake dam of the North Woodstock public water supply system, Class A.

Grandy Brook and its tributaries [Claremont] NHR80104100-19.1101
1951, 210:1, IV. Grandy Brook and its tributaries in the city of Claremont from their sources to the outlet of Straw Reservoir serving as a public water supply for the city of Claremont, Class A.

Hall Pond [Charlestown] (See Beaver Brook)
1967, 311:1, IV. Beaver Brook and all its tributaries including Hall Pond, in the town of Charlestown, from their sources to the crest of the water supply dam for the village of Charlestown, Class A.

Horne Brook, North Branch, and its tributaries [Success] NHR40001100-37.0601
1965, 47:1, II. North Branch Horne Brook and all its tributaries, in the unincorporated place of Success, from their sources to the crest of the Keene reservoir water supply dam serving the city of Berlin, Class A.

1FC9E-006

Horne Brook, South Branch, and its tributaries [Success] NHR40001100-3704.0201
1965, 47:1, III. South Branch Horne Brook and all its tributaries, in the unincorporated place of Success, from their sources to the crest of the water supply intake dam serving the city of Berlin, Class A.

Hurricane Mountain Brook and its tributaries [Conway] NHR60002030-1409.0201
1953, 61:1, V. Hurricane Mountan Brook and all its tributaries, in the town of Conway, from their sources to the crest of the precinct of North Conway water supply dam, Class A.

Ice Gulch Brook [Gorham, Randolph] (Also see Perkins Bk) NHR40001112-00.1201
1965, 47:1, I. Ice Gulch and Perkins brooks, tributaries to Moose Brook, in the towns of Gorham and Randolph, from their sources to the crests of their respective water supply dams serving the town of Gorham, Class A.

Jackson Pond and its tributaries [New Hampton] (See Ames Brook)
1959, 243:1, II. Jackson Pond and Sky Pond and all their tributaries, and the outlet stream from Jackson Pond and all its tributaries, in the town of New Hampton, to the outlet of the water supply intake reservoir for the town of Ashland, Class A. (Outlet stream is Ames Brook)

Juggernaut Pond and its tributaries [Hancock] NHRnnnnnnnn-nn.nnnn
*Reclassified. 1967, 311:2, III. Juggernaut Pond and all its tributaries, in the town of Hancock, from their sources to the outlet of said pond, a part of the water supply for the Hancock Water Works, Class A.

Kearsarge Brook and its tributaries [Chatham, Bartlett] NHR60002030-14.1301
1953, 61:1, IV. Kearsarge Brook and all its tributaries including Shingle Pond, in the towns of Chatham and Bartlett, from their sources to the crest of the precinct of North Conway water supply dam located on Kearsarge Brook in Bartlett, Class A.

Kidder Brook [Springfield] NHR80104100-82.1501
1951, 210:1, I. Morgan Pond Brook in the town of Springfield and all waters flowing into said brook upstream of the New London water precinct intake, Class A. (Now mapped Kidder Brook)

Kilburn Brook and its tributaries [Chesterfield, Hinsdale, etc.]
NHR80201050-04.0801
1967, 311:1, VII. Kilburn Brook and all its tributaries including Kilburn Pond, in the towns of Chesterfield, Hinsdale and Winchester, from their sources to the crest of the water supply dam for the town of Hinsdale, Class A.

Kilburn Pond [Chesterfield, Hinsdale, etc.] (See Kilburn Brook)
1967, 311:1, VII. Kilburn Brook and all its tributaries including Kilburn Pond, in the towns of Chesterfield, Hinsdale and Winchester, from their sources to the crest of the water supply dam for the town of Hinsdale, Class A.

Kimball Brook and all its tributaries [Stratford] NHR80101110-13.0201
1959, 126:1, I. Kimball Brook and all its tributaries, in the town of Stratford, from their sources to the crest of the water supply intake dam from the village of North Stratford, Class A.

1FC9E-007

Knowles Pond and its tributaries [Northfield] NHRnnnnnnnn-nn.nnnn
1967, 311:1, XXIII. Knowles Pond and all its tributaries, in the town of Northfield, from their sources to the crest of the water supply dam for Tilton and Northfield Aqueduct Company, Class A.

LaSalette reservoir [Enfield] NHR80104070-3402.0201
1953, 59:1, III. All waters in the town of Enfield which flow into the adjoining water supply reservoirs of the LaSalette Seminary and the Glendon Poland water supply from their sources to the outlet of said reservoirs, Class A.

Ledge Pond and its tributaries [Sunapee] NHR80104100-6713.1001
1951, 210:1, II. Ledge Pond and its tributaries in the town of Sunapee serving as a public water supply for the village of George's Mills, Class A.

Little Lake Sunapee [New London, Springfield, etc.] NHL80104100-82.0601
*Reclassification. 1971, 51:1. On or after the effective date of this act, and at such time as it shall be demonstrated to the satisfaction of the water supply and pollution control commission that the waters of Little Lake Sunapee in the towns of New London, Springfield, Sunapee and Newbury meet the quality standards established for Class A waters, the waters of said lake shall be so reclassified to class A and subject to the standards enumerated in RSA 149:3, I. The water supply and pollution control commission shall issue a suitable proclamation at the time of such establishment.

Little Loon Pond and its tributaries [Lincoln] (See Loon Pd)
1949, 199:1, XII. Loon Pond, Little Loon Pond and Loon Pond Brook and their tributaries in the town of Lincoln, from their sources to the intake dam of the Lincoln public water supply system, Class A.

Little River and its tributaries [Bethlehem, Livermore, etc.]
NHR80101250-63.0501
1949, 199:1, XXXI. Little River and its tributaries, in the towns of Bethlehem, Livermore, and Franconia, from their sources to the intake dam of the Twin Mountain public supply system, Class A.

Loon Pond, Little Loon Pond and Loon Pond Brook [Lincoln] NHR70001010-07.0201
1949, 199:1, XII. Loon Pond, Little Loon Pond and Loon Pond Brook and their tributaries in the town of Lincoln, from their sources to the intake dam of the Lincoln public water supply system, Class A.

Loon Pond and its tributaries [Hillsborough] NHR70003nnn-nn.nnnn
1951, 32:1, III. Loon Pond and its tributaries in the town of Hillsborough, from their sources to the outlet dam of Loon Pond which is the source of public water supply for the town of Hillsborough, Class A.

Mad Brook and its tributaries [Walpole] NHR80104172-44.1001
1967, 311:1, VI. Mad Brook and all its tributaries, in the town of Walpole, from their sources to the crest of the water supply dam for the village of Walpole, Class A.

1FC9E-008

Mascoma River and its tributaries [Hanover, Lebanon, etc.] NHR80104070-00.1450
1953, 59:1, IV. Mascoma River and all its tributaries, in the towns of Hanover, Lebanon, Enfield and Grantham, from the outlet of Mascoma Lake to the upstream side of Goodwin's bridge located approximately 1,000 feet downstream of the Lebanon Water Works, Class A.

Massabesic Lake and its tributaries [Manchester, Allenstown, etc.]
NHR70002130-07.0301 (WBID includes Massabesic Lake watershed)
1961, 163:1, I. Lake Massabesic and all its tributaries in the city of Manchester and in the towns of Allenstown, Auburn, Candia, Chester and Hooksett from their sources to the crest of the outlet dam at the downstream end of the Manchester Water Works canal serving the low pressure pumping station, Class A.

Massabesic Lake watershed surface waters [Manchester, Allenstown, etc.]
(See Massabesic Lake and its tributaries)
1961, 163:1, II. All other surface waters of the Lake Massabesic watershed hitherto unclassified down to the crest of the outlet dam at the downstream end of the Manchester Water works canal serving the low pressure pumping station, Class A.

Meserve Brook and its tributaries [Jackson] NHR60002010-0410.0301
1949, 199:1, V. Meserve Brook and its tributaries, a tributary to the Ellis River, in the town of Jackson, from their sources to the lower dam of the Jackson public water supply system, Class A.

Mill Brook, Stockwell Reservoir and tributaries [Greenfield, Lyndeborough, etc.] NHR70002nnn-nn.nnnn
1967, 311:1, XXI. Mill Brook and Stockwell Reservoir and all their tributaries, in the towns of Greenfield, Lyndeborough, Peterborough, Temple, and Wilton, from their sources to the crest of the water supply dams for the town of Wilton, Class A.

Mink Brook, Unnamed tributaries to [Hanover] (See Unnamed tributaries)
1967, 311:1, III. Unnamed tributaries to Mink Brook, in the town of Hanover, from their sources to the crest of the intake dam for the Hanover Water Works Company, Class A.

Moose Brook, tributaries to, [Gorham, Randolph] (See Ice Gulch & Perkins Bks)
1965, 47:1, I. Ice Gulch and Perkins brooks, tributaries to Moose Brook, in the towns of Gorham and Randolph, from their sources to the crests of their respective water supply dams serving the town of Gorham, Class A.

Morgan Pond Brook [Springfield] (See Kidder Brook)
1951, 210:1, I. Morgan Pond Brook in the town of Springfield and all waters flowing into said brook upstream of the New London water precinct intake, Class A. (Now mapped as Kidder Brook)

Moulton Brook and its tributaries [Freedom] NHR60002130-0105.0301
1957, 46:1, V. Moulton Brook and its tributaries, in the town of Freedom, county of Carroll, from their sources to the crest of the lower reservoir dam, Class A.

1FC9E-009

Mountain Pond [Chatham] (See E. Branch Saco R)
1953, 61:1, VIII. Mountain Pond, in the town of Chatham, used as part of the public water supply for the village of Lower Bartlett, Class A.

Mountain Pond and Mountain Pond Brook [Meredith] NHR7000nnnn-nn.nnnn
1959, 243:1, III. Mountain Pond and Mountain Pond Brook and all their tributaries, in the towns of Meredith, New Hampton, and Sanbornton, to the outlet of the water supply intake for the town of New Hampton, Class A.

Newfound Lake [Bristol] NHL70001110-00.nnnn
1963, 108:1, I. On and after the effective date of this act the surface waters of Newfound Lake shall be classified in accordance with the provisions of RSA 149, as amended, as Class A waters.

Newton Brook and its tributaries [Cornish, Croydon, etc.]
NHR80104090-3908.0301
1951, 32:1, V. Newton Brook and its tributaries in the towns of Cornish, Croydon, Grantham and Plainfield, from their sources to the overflow spillway at the intake of the Meriden Water Company, Class A. (Trib to Blood Brook)

Oyster River and its tributaries [Barrington, Durham, etc.]
NHR60003120-03.1001
1961, 40:1, IV. Oyster River and all its tributaries, in the towns of Barrington, Durham, Lee, Madbury and Nottingham from their sources to the crest of the Durham Reservoir water supply dam, Class A.

Parson Brook and its tributaries [Colebrook, Columbia] NHR80101060-02.0201
1959, 126:1, IV. Parson Brook and all its tributaries, in the towns of Colebrook and Columbia, from their sources to the outlet of the water supply intake for the town of Colebrook, Class A.

Pearl Lake and its tributaries [Landaff, Lisbon, etc.] NHR80101280-16.0701
1967, 311:1, II. Pearl Lake and all its tributaries, in the towns of Landaff, Lisbon, and Sugar Hill, from their sources to the outlet of Pearl Lake, being the water supply for Lisbon, Class A.

Penacook Lake and its tributaries [Concord] NHR7000nnnn-nn.nnnn
1967, 311:1, XXV. Penacook Lake and all its tributaries, in the city of Concord, from their sources to the crest of the water supply dam for the city of Concord, Class A.

Pennichuck Brook and its tributaries and impoundments [Hollis, Milford, etc.]
NHR70002180-06.0901
*Reclassification. 1978, 5:1 Amend 1955, 25:1, II by striking out said paragraph and inserting in place therof the following:
II. Pennichuck brook and its tributaries and impoundments and all their tributaries, in the towns of Hollis, Milford, Amherst, Merrimack, and the city of Nashua, from the outlet of Pennichuck pond to the Tinker road bridge over Bowers pond, Class A.

1FC9E-010

Perkins Brook [Gorham, Randolph] NHR40001112-04.0501
1965, 47:1, I. Ice Gulch and Perkins brooks, tributaries to Moose Brook, in the towns of Gorham and Randolph, from their sources to the crests of their respective water supply dams serving the town of Gorham, Class A. (Also see Ice Gulch Brook)

Pinnacle Pond and its tributaries [Hooksett] NHR7000nnnn-nn.nnnn
1967, 311:1, XXVI. Pinnacle Pond and all its tributaries, in the town of Hooksett, from their sources to the outlet of Pinnacle Pond, the water supply for Hooksett Village Water Precinct, Class A.

Piscassic River and its tributaries [Brentwood, Epping, etc.]
NHR60003100-02.0201 (WBID includes Folletts Brook)
1961, 40:1, III. Piscassic River and all its tributaries, in the towns of Brentwood, Epping, Exeter, Fremont, Newfields, Newmarket, and Raymond, except Folletts Brook and all its tributaries in paragraph II above, from their sources to the crest of the Newmarket emergency water supply dam, Class A.
