E-*MANIFEST* "AFTER THE LAUNCH"

MONTHLY WEBINAR SERIES
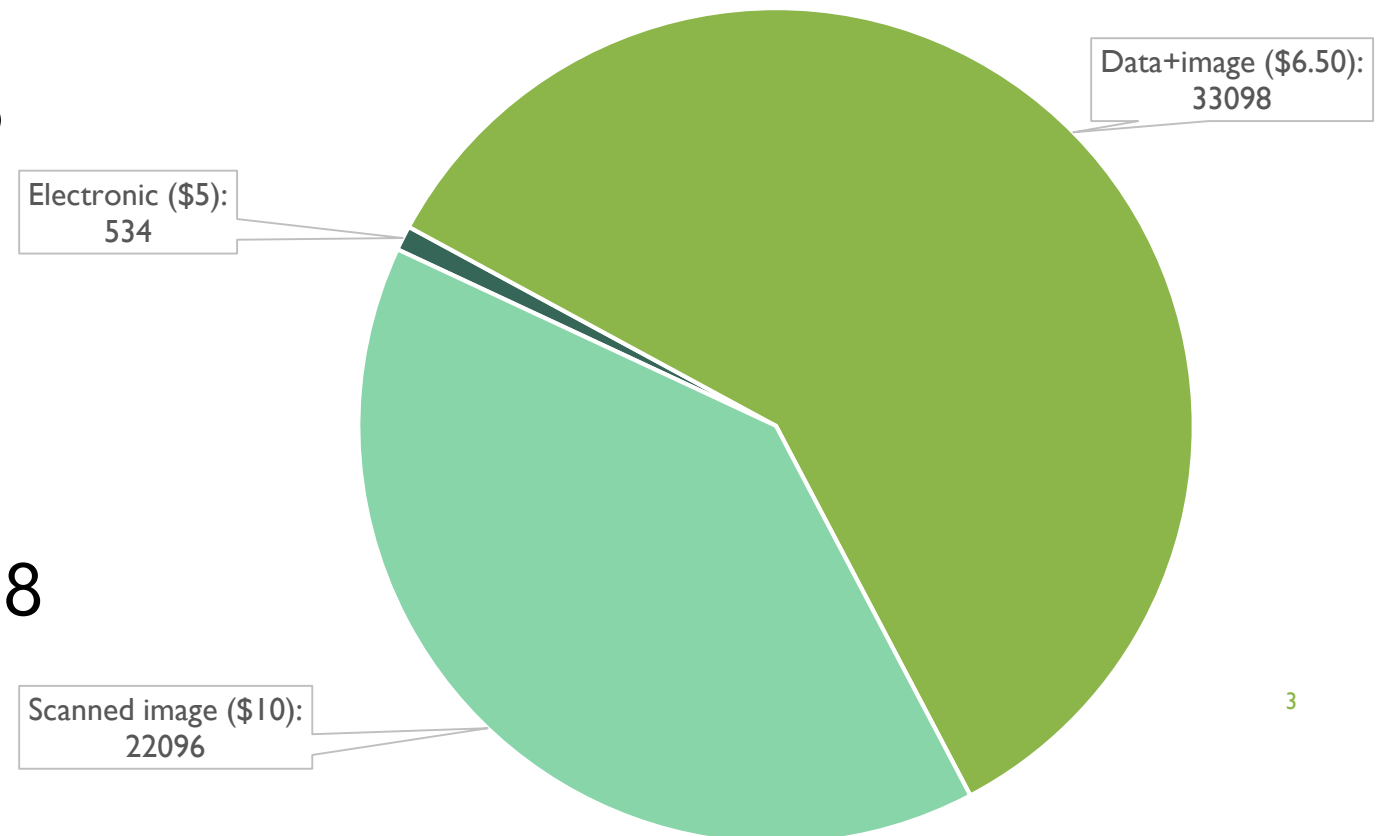

AUGUST 29, 2018

AGENDA

e-Manifest

- Latest stats & status
- Upcoming system functionality
- Demo of myRCRAid for Brokers seeking EPA ID numbers
- Common issues (and what to do about it)
- Update on implementation

STATS AND STATUS

- **System successfully launched June 30, 2018!**

- Manifests received = 55,696

- Avg. manifest per day

  - July – 466

  - August – 2,371

- First bills sent August 1, 2018

  - Payment due August 31!

Data+image ($6.50): 33098

Electronic ($5): 534

Scanned image ($10): 22096

STATS AND STATUS

- Reminder! Receiving facilities have until September 30, 2018, to submit manifests received between June 30 and September 1, 2018.
  - Manifests received after September 1, 2018, must be submitted within 30 days of receipt.
- Our paper processing center will begin entering in manifests mailed to the Agency beginning in September. (Receiving facilities will then be billed for this manifest activity.)
- The e-Manifest system is currently accepting all manifests – including manifests containing certain P- and U-listed wastes.
  - EPA has completed its review of security controls related to these wastes.

UPCOMING SYSTEM FUNCTIONALITY

- **Planned Functionality**
  - Corrections – allows industry handlers to correct manifest data
    - Pre-production: Week of September 13th
    - Production: Based on user feedback, towards end of September
  - Broker – allow users to prepare manifest for a site
    - Pre-production - Fall
  - Transporters create manifest
    - Pre-production – Fall
  - Public reports (via RCRAInfo Web) – ***coming September 30!***
- **Next Steps**
  - Prioritize functionality with external stakeholders to plan next major release

DEMO OF MYRCRAID FOR BROKERS

- Demonstration of how to apply as a broker for an EPA ID using myRCRAid.

COMMON ISSUES (AND WHAT TO DO ABOUT IT)

- **Issue #1: Failing the Lexus Nexus check for electronic signature agreements**

  - Use your personal address (not your work address)

  - Pay attention to your birthday :o)

  - You can try three times within a 24 hour period

- **Issue #2: Some facilities hesitant to indicate "hazardous waste codes" in Box 13 (e.g., because they don't manage "hazardous waste")**

  - Modified Box 13 on the electronic form to match Box 13 on the paper form – Box 13 now appropriately titled "Waste Codes"

- **Issue #3: Receiving facilities mailing top copy manifests to states**
  - All top copies should go to EPA.
  - (Some states may continue to collect paper copies of the generator copy.)

UPDATE ON IMPLEMENTATION

- 30 new FAQs posted in July 2018; include Q&As on:
  - Invoicing
  - "Milk run" manifests
  - Impacts for VSQG, Household HW

- New Fact Sheet: **Billing** posted in August 2018.
  - How to pay your bill
  - Late fees
  - Invoice disputes

- There are now ~130 FAQs and 11 Fact Sheets available on EPA's e-Manifest website.

e-*Manifest*

- Submit input/questions to eManifest@epa.gov

- Participate in our monthly webinars

- To subscribe to the general program Listserv. Send a blank message to: eManifest-subscribe@lists.epa.gov

- To subscribe to the developers only Listserv send a blank message to: e-manifestdev-subscribe@lists.epa.gov
