Subject: Response to the Environmental Protection Agency January 25, 2010 E-mail
 Regarding the Follow-Up Questions from the May 21, 2009 Letter on the 2009
 Compliance Recertification Application

Dear Mr. Flynn:

In response to the Environmental Protection Agency (EPA) e-mail of January 25, 2010, the U.S. Department of Energy (DOE) is providing information that answers eight of the nine questions. The remaining question will require additional analysis or significant effort and will be submitted in the near future.

This submittal includes four enclosures. Enclosure 1 is a hard copy of the responses. Enclosure 2 (on compact disc) provides references that were not previously submitted with the CRA-2009. Enclosure 3 is a cumulative list of errata that have been identified and corrected up to this point. An updated list will be submitted to EPA with future submittals. Enclosure 4 is a table with a summary of comments received, DOE responses in this submittal, responses previously submitted and responses still pending.

If you have any questions, please contact Russ Patterson at (575) 234-7457.

Sincerely,

David C. Moody
 Manager
