affect the dignity and solemnity of the cemetery environment or that the emblem does not meet the technical requirements for inscription, the Under Secretary shall notify the applicant in writing and offer to the applicant the option of either:

(i) Omitting the part of the emblem that is problematic while retaining the remainder of the emblem, if this is feasible, or

(ii) Choosing a different emblem to represent the religious or functionally equivalent belief that does not have such an adverse impact.

Applicants will have 60 days from the date of the notice to cure any adverse impact or technical defect identified by the Under Secretary. Only if neither option is acceptable to the applicant, the applicant’s requested alternative is also unacceptable, or the applicant does not respond within the 60-day period, will the Under Secretary ultimately deny the application.

(3) If the Under Secretary determines that the request should be denied and that decision is based wholly or partly on information received from a source other than the applicant, then the following procedure will be followed:

(i) A tentative decision denying the request will be prepared;

(ii) Written notice of the tentative decision accompanied by a copy of any information on which the Under Secretary intends to rely will be provided to the applicant;

(iii) The applicant will have 60 days from the date of the written notice specified in subparagraph (ii) to present evidence and/or argument challenging the evidence and/or tentative decision; and

(iv) The Under Secretary will consider the applicant’s submission under subparagraph (iii) and will issue a final decision on the request.

(4) The Director, Office of Field Programs, will provide the individual who made the request written notice of the Under Secretary’s decision.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of grant of reconsideration and administrative stay of regulation.

SUMMARY: The Environmental Protection Agency (EPA or Agency) is providing notice that through a letter signed on April 24, 2009, EPA has granted a petition for reconsideration dated February 10, 2009, submitted by Earthjustice on behalf of the National Resources Defense Council (NRDC) and the Sierra Club, with respect to the final rule titled, “Implementation of the New Source Review (NSR) Program for Particulate Matter Less Than 2.5 Micrometers (PM_{2.5}),” published in the Federal Register on May 16, 2008. In addition, EPA has administratively stayed one of the provisions to which the petitioners objected—a “grandfathering” provision for PM_{2.5} contained in the federal prevention of significant deterioration (PSD) program. The EPA will publish notification in the Federal Register establishing a comment period and opportunity for a public hearing for the reconsideration proceeding.

The petition for reconsideration and request for administrative stay can be found in the docket for the May 16, 2008 rule. The EPA considered the petition for reconsideration and request for stay, along with information contained in the rulemaking docket, in reaching a decision on both the reconsideration and the stay.

DATES: Effective June 1, 2009, 40 CFR 52.21(i)(1)(xii) is stayed for a period of three months, until September 1, 2009.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve a revision to the South Carolina State Implementation Plan (SIP) concerning the maintenance plan addressing the 1997 8-hour ozone standard for Cherokee County, South Carolina.
