FELLOWSHIP DESCRIPTION

The Michael F. Vaccaro Honors Attorney Fellowship provides a unique opportunity to practice law in a major governmental environmental organization and to receive extensive training in and exposure to environmental law and policy work in the public sector.

The Fellowship recipient will work in the Office of Regional Counsel on particular matters arising under the major federal environmental statutes (such as the Clean Water Act, the Clean Air Act, Superfund, and the Resource Conservation and Recovery Act) and other federal statutes relevant to EPA Region III operations (such as the Ethics in Government Act, the Civil Rights Act, and the Freedom of Information Act). These matters typically require the development and application of emerging law and policy to significant environmental issues in Region III. The Fellowship will include an opportunity to manage environmental enforcement cases.

The next Fellowship begins in the Fall of 2012. The salary will be at the GS-11 level (currently starting at \$61,245) or, in unusual circumstances where appropriate qualifications exist, at the GS-12 level (currently starting at \$73,408).
