

Air Toxics Implementation Workshop

April 7 - 10, 2003
Raleigh, NC

This workshop is a forum for EPA, State, Tribal, and local pollution control personnel to share ideas and exchange information on current and future air toxics programs. The event is co-sponsored by the U.S. Environmental Protection Agency and State and Territorial Air Pollution Program Administrators and Association of Local Air Pollution Control Officials.

Highlights of the 2003 Air Toxics Implementation Workshop will include:

- ▶ The Air Toxics 101 training session for those new to the air toxics experience,
- ▶ A surface coating training session,
- ▶ Plenary sessions addressing issues of general interest and a current program overview,
- ▶ Two track sessions addressing MACT implementation and air toxics risk characterization issues,
- ▶ Side meetings on issues with a limited audience,
- ▶ Luncheon speakers and activities,
- ▶ Meet the Rule Writers sessions during breaks,
- ▶ Networking opportunities, and
- ▶ Other great things we haven't thought of yet!

The 2003 workshop will be held at the Hilton North Raleigh. With their newly renovated meeting space, guest rooms at government rate, and its proximity to downtown, the hotel couldn't be a better choice! Online registration and additional information will be available at www.scicomm.com by early January. Make sure you factor the 2003 Air Toxics Workshop into your 2003 travel plans!

As per usual, the agenda team is hard at work to make sure the 2003 agenda is informative, well balanced, and timely. Are you interested in being on the agenda team? Do you have any suggestions for what you would like to see on the agenda? Contact Lalit Banker, Workshop Coordinator, at banker.lalit@epa.gov or (919)541-5420.

Please share this announcement with your colleagues, staff, and anyone else who might be interested. We'll see you in April!
