

## Training Information

The Department of Natural Resources and Environmental Control (DNREC) and the U.S. Environmental Protection Agency (EPA) will be conducting three FREE training events in January 2010.

Information will be presented by EPA and DNREC on topics including new air regulations for auto collision repair shops, regulatory compliance, best management practices and energy efficiency.

The training is open to anyone interested in attending. Please RSVP so we that we will have enough materials available for everyone.

Training certificates will be issued by EPA.
