NETs Pages K-6, Region 1 - HQ: FY 2003 - FY 2010 Estimated Value of Complying Actions to be Taken in Response to EPA's Concluded Enforcement Actions	
Note 1	Complying Actions: Direct, preventative or facility management/information practice actions which owners/operators of a violating facility take in response to an enforcement action. Complying actions include injunctive relief ordered by a court or included in a settlement.
Note 2	Prior FY dollar figures on the first page of this document are adjusted to reflect the value in FY 2010 dollars, based on the average fiscal year value of the U.S. Department of Labor Consumer Price Index for All Urban Consumers.
Note 3	For each enforcement case, the entire complying action amount for that case is attributed to the "primary law" that EPA has designated for the case, even where the action is brought under more than one law.
Note 4	Significant variations or fluctuations in complying action value often occur from one fiscal year to the next depending on the number and size of very large settlements achieved in a fiscal year.
