

Finding Common Ground:

Building Partnerships to Better Manage our Water Resources

August 24-26, 2010

The Osage Nation Watershed Forum is designed to bring together all of the players needed to build a foundation to promote future partnerships in cooperative watershed management across multi-jurisdictional areas. We would like to use this forum to identify solutions to better manage our water resources.

FULL AGENDA COMING SOON

Come join the Watershed Forum for:

- Relevant watershed management presentations and breakout sessions
- Examples of collaborative watershed plans
- Forging new partnerships
- Traditional Osage Handgame
- Reception with complimentary food and beverage

Booths available at no cost!
