

Lake Michigan LaMP 2004 Table of Contents

Introduction	i-1
What is the Status of the Lake?	i-1
Background on the LaMP.....	i-2
Linking LaMP Goals to RAPs.....	i-2
Remedial Action Plans.....	i-2
LaMP 2000, 2002, and 2004: How and by whom are they used?.....	i-3
What was Accomplished and What Challenges Remain?.....	i-3
Areas of LaMP Work that Remain a Challenge.....	i-3
A Focus on Ecosystems and Watersheds.....	i-4
A Focus on Partnerships and Innovation.....	i-5
A Focus on Shared Information.....	i-5
A Focus on the Future: Sustainability and Stewardship.....	i-5
Organization of the LaMP and this Status Report for 2004.....	i-6
What are the "Text" Boxes and What Do They Provide?	i-7
Where Can I Find LaMP 2000 and the 2002 status report?	
Where Do I Send Public Comments?	i-7
Executive Summary.....	i-9
Can we all eat any fish?	1-1
Status.....	1-1
Challenges.....	1-1
Fish Consumption Advisories.....	1-1
Mercury Advisories.....	1-2
PCB Advisories.....	1-3
Developing a Lake Michigan Strategy for Impaired Waters.....	1-3
Pollutant Minimization Program	1-5
Next Steps.....	1-5
Long-Term Objectives	1-5
Can we drink the water?.....	2-1
Status.....	2-1
Challenges.....	2-1
Drinking water contaminants.....	2-1
Drinking Water Monitoring and Reporting.....	2-2
Inadvertent Water Contamination.....	2-2
Water Quality Tracking.....	2-3
Remedial Action: Drinking Water State Revolving Fund.....	2-4
Drinking Water Quality Reports.....	2-4
Next Steps.....	2-5
Long-Term Objectives.....	2-5
Can we swim in the water?.....	3-1
Status.....	3-1
Challenges.....	3-1
Federal Beach Bill.....	3-1
Great Lakes Beach Conference and Follow-up Activities.....	3-2
Monitoring and Notification Program Development.....	3-3
Water Quality Research and Indicators.....	3-4
Next Steps.....	3-5
Long-Term Objectives.....	3-5

Are all habitats healthy, naturally diverse, and sufficient to sustain viable biological communities?.....	4-1
Status.....	4-1
Challenge.....	4-1
Open Lake System.....	4-1
Threats to the Top of the Food Chain.....	4-2
The Lake Trout.....	4-2
The Lake Sturgeon.....	4-2
Threats to the Food Web Foundation.....	4-3
Coastal and Inland Wetland Systems.....	4-5
Changes in Wetland Regulation: Impact of the Supreme Court Ruling.....	4-5
Coastal Shore System.....	4-7
Sand Beaches.....	4-7
Tributary System.....	4-8
Lakeplain System.....	4-8
Inland Terrestrial System.....	4-8
Coastal Wetlands.....	4-9
Lake Michigan Islands.....	4-10
Nearshore Aquatic Habitats/Fisheries.....	4-11
Forests.....	4-11
Shorelands.....	4-12
Sand Dunes.....	4-12
Wisconsin's Shorelands	4-14
Great Lakes Environmental Indicators (GLEI)	4-14
Tributaries.....	4-14
Measuring and Monitoring Lake Michigan's Ecological Changes.....	4-15
Lake Michigan Basin Species of Concern.....	4-16
Next Steps.....	4-18
Long-Term Objectives.....	4-18
Does the public have access to abundant open space, shoreline, and natural areas, and does the public have enhanced opportunities for interaction with the Lake Michigan ecosystem?.....	5-1
Status.....	5-1
Challenges.....	5-1
Public Interaction with the Lake Michigan Watershed.....	5-1
Outdoor Recreation Opportunities.....	5-2
The Benefits of Open Space.....	5-3
Next Steps.....	5-4
Are land use, recreation, and economic activities sustainable and supportive of a healthy ecosystem?.....	6-1
Status.....	6-1
Challenge.....	6-1
Sustainability.....	6-1
New Information on Groundwater Flow.....	6-2
Groundwater's Role in the Health of the Lake Michigan Ecosystem	6-3
Lake Levels.....	6-6
Lake Level Monitoring.....	6-6
Land Use Impacts Water Quality	6-7
Oil and Gas Drilling in the Great Lakes.....	6-7
Next Steps.....	6-8
Long-Term Objectives	6-8

Are sediments, air, land, and water sources or pathways of contamination that affect the integrity of the ecosystem?.....	7-1
Status.....	7-1
Challenges.....	7-2
Lake Michigan Mass Balance project.....	7-2
Pollutants and Pathways to Lake Michigan.....	7-3
Atmospheric Deposition.....	7-3
Nonpoint Source Pollution.....	7-4
Control of Combined Sewer Overflows.....	7-6
Sediments: Both a Contaminant and a Pathway.....	7-7
Groundwater Pathways in Lake Michigan.....	7-8
Areas of Concern: Legacy of Contamination and Community Stewardship.....	7-9
Great Lakes Legacy Act	7-10
Next Steps.....	7-11
Long-Term Objectives.....	7-11
Areas of Concern Overview	7-11
Are exotic species controlled and managed?.....	8-1
Status.....	8-1
Challenge.....	8-2
The History of Exotics in the Great Lakes.....	8-3
Ballast Water Continues to be a Vector.....	8-4
International Developments.....	8-5
National Developments.....	8-5
National Aquatic Invasive Species Act of 2003.....	8-5
Lacey Act.....	8-6
State Efforts to Prevent the Spread of ANS.....	8-6
Illinois.....	8-6
Indiana.....	8-8
Michigan	8-8
Wisconsin.....	8-10
Other Efforts to Prevent and Combat ANS in Lake Michigan.....	8-11
Great Lakes Panel on Aquatic Nuisance Species.....	8-11
Next Steps.....	8-11
Are ecosystem stewardship activities common and undertaken by public and private organizations in communities around the basin?.....	9-1
Status.....	9-1
Challenge.....	9-1
The Importance of Partnerships.....	9-1
Lake Michigan's Watershed Academy.....	9-2
EPA Utilizes Watersheds for Regulatory Focus.....	9-3
The Lake Michigan Forum.....	9-3
Lake Michigan Forum: Mona Lake Watershed Stewardship Assessment	9-4
Baird Creek Watershed Assessment.....	9-6
State of Lake Michigan Conference.....	9-6
Next Steps.....	9-6
Is collaborative ecosystem management the basis for decision-making in the Lake Michigan basin?.....	10-1
Status.....	10-1
Challenge.....	10-1
Great Lakes Strategy.....	10-1
The Binational Executive Committee.....	10-2
Great Lakes Binational Toxics Strategy.....	10-3

Great Lakes Human Health Network.....	10-3
The Great Lakes Fishery Commission.....	10-3
Great Lakes Legislative Caucus Formed.....	10-5
EPA Region 5 Shared Water Program Goals.....	10-5
Next Steps.....	10-6
Do we have enough information, data, understanding, and indicators to inform the decision-making process?.....	11-1
Status.....	11-1
Challenges.....	11-1
Coordination of Monitoring.....	11-1
Lake Michigan Intensive Sampling Year.....	11-2
GLNPO's Aquatic Contaminant Monitoring Program.....	11-2
Lake Michigan Tributary Monitoring Project.....	11-2
Wetland Monitoring.....	11-3
Great Lakes National Park Monitoring.....	11-4
Lake Michigan Online	11-4
Lake Michigan Online Atlas.....	11-4
Great Lakes GIS	11-5
Environmental Indicators.....	11-5
State of the Lakes Ecosystem Conferences.....	11-5
Lake Michigan Monitoring Assessment.....	11-5
BEACH Monitoring.....	11-6
Integrated Atmospheric Deposition Network.....	11-6
Air Deposition Monitoring.....	11-6
The Ann Arbor Statement	11-6
Next Steps.....	11-7
Appendix A: Lake Michigan LaMP Pollutant Discussion Paper – For Comment.....	A-1
Appendix B: Adaptive Management	B-1
Appendix C: Mercury Reduction Projects in the Lake Michigan Basin.....	C-1
Appendix D: Watershed Fact Sheets.....	D-1
