

Fracfilt.xls

Code	Name	Description	DFlag	SNum
T	Total/Bulk	Filter was not used to fractionate sample. However, filter could be used to fractionate sample (i.e., physical partitioning is an applicable technique for sample but was not used)	Y	1
R	Residue	Fraction of sample caught on filter (i.e., suspended or particulate fraction)	Y	2
F	Filtrate	Fraction of sample passing through filter (i.e., dissolved fraction)	Y	3
NA	Not applicable	Filter cannot be used to fractionate sample (i.e., physical partitioning is not a valid technique for this sample)	Y	4
