<b>Code</b>	<b>Name</b>	<b>Description</b>	<b>DFlag</b>	<b>SNum</b>
T	Total/Bulk	Non-fractionated by gas stripping (not subjected to gas stripping purge process). However, sample could have been fractionated by gas stripping (i.e., gas stripping is an applicable technique for sample but was not used)	Y	1
P	Purgeable	Fraction of sample driven off of aqueous solution by gas stripping	Y	2
NP	Non-purgeable	Fraction of sample remaining after application of gas stripping	Y	3
NA	Not applicable	Gas stripping cannot be used to fractionate this sample (i.e., gas stripping is not a valid technique for this sample)	Y	4
