Leslie,

Thank you for contacting EPA with your request to have Organization of Economic Cooperation and Development (OECD) Screening Information Data Set (SIDS) Program materials for the chemical Resorcinol (CASRN 108-46-3) posted to our website. My apologies for not getting back with you sooner.

EPA has a policy where we do not post OECD SIDS Program materials to our EPA website, and we are not updating our High Production Volume Information System. However, we will post this email communication thread to the HPV Challenge Program's Resorcinol table of contents webpage (<http://www.epa.gov/hpv/pubs/summaries/resorcnl/c15385tc.htm>) so that readers will see that there are OECD SIDS Program materials for the chemical. Readers can visit the OECD Existing Chemicals Database at <http://webnet.oecd.org/hpv/ui/Search.aspx> to access these materials.

**Cc:** Lynn L. Bergeson; Barbara Buchner  
**Subject:** HPV Challenge Program - resorcinol CAS number 108-46-3

INDSPEC Chemical Corporation, a member of the Resorcinol Task Force, is pleased to submit under the High Production Volume (HPV) Challenge Program the published assessment on resorcinol (CAS Number 108-46-3) from the Organization of Economic Cooperation and Development (OECD) Screening Information Data Set (SIDS) Program. Appended are the published SIDS Initial Assessment Profile (SIAP), SIDS Initial Assessment Report (SIAR), and dossier. These documents further elaborate upon and provide an update to those data originally submitted under the HPV Challenge Program.

Ms. Leslie MacDougall is INDSPEC Chemical Corporation's technical contact; she can be reached at (804) 744-4111 and/or [lmacdougall@actagroup.com](mailto:lmacdougall@actagroup.com). In addition, you may contact Ms. Barbara Buchner at (412) 2826-3673 and/or [barbara\\_buchner@oxy.com](mailto:barbara_buchner@oxy.com).
