HPV Test Plan Submission from the American Chemistry Council Petroleum Additives HERTG - HPV Registration Number

Attached to this e-mail, please find a corrected robust summary document for the HERTG HPV Succinimide Dispersants. Regrettably, in the first submission to EPA (below via e-mail 11/19/2002), an acute dermal robust summary was misidentified as an acute oral summary. The error has been corrected in the attached document. I apologize for any inconvenience the error may have caused. If you have any questions, do not hesitate to contact me. Below, my contact information is listed. Thank you. Sarah McLallen
