

8th Annual LMOP Conference and Project Expo

Baltimore Marriott Waterfront Hotel

Baltimore, Maryland

January 10-11, 2005

Agenda

SUNDAY, JANUARY 9, 2005

1:30PM – 5:30PM Exhibitor Set Up

MONDAY, JANUARY 10, 2004

7:00AM **Registration and Opening of Exhibits**
Continental Breakfast will be served in the exhibit space

Project Expo: Landfills in Search of Development (in the exhibit hall)

Come visit the Project Expo booths and hear about a number of landfill sites that are great prospects for project development. You'll be able to gather information about the site, gas generation estimates, the community, and potential end use options. Preliminary feasibility studies and request for proposals (RFPs) will be distributed where available.

8:30AM **Welcome and Conference Overview**
U.S. Environmental Protection Agency (EPA), Landfill Methane Outreach Program (LMOP)

8:45AM **Keynote Address – *The Methane to Markets Initiative***
Paul Gunning, Acting Chief, Non-CO₂ Programs Branch, Climate Change Division, EPA

9:00AM Break

9:30AM **Session 1: What's New in '04**
Moderator: To Be Determined (TBD)

- *Fauquier County (VA) LFGTE Project Update – Successful Implementation of Power Sale to the Grid at a Small Landfill*
Ellis Bingham, Solid Waste Director, Fauquier County and Eric Peterson, Vice President, SCS Engineers
- *Honeywell - Going Where No Pipeline Project Has Gone Before*
Bill Brinker, Enerdyne
- *The Valley Landfill (PA) High-Btu Project*
James Schretter, Vice President/COO, Beacon Generating LLC

MONDAY, JANUARY 10, 2004 (Continued)

11:00AM Break

11:15AM **Session 2: The Impact of LFG Energy on Green Power**
Moderator: TBD, EPA Green Power Partnership

Federal Green Power REC Purchases
TBD, EPA Green Power Partnership

Green Power and Renewable Portfolio Standards
Greg McCarron, SCS Engineers

Marketing LFG-Fired Green Power Programs – How Are They Selling?
Michelle Ghosh, American Public Power Association

12:15PM **Lunch – LMOP 2004 Partner Awards Ceremony**
Governor Leavitt, EPA Administrator (invited)

1:45PM **Session 3: International Activities**
Moderator: TBD

LMOP's International Projects in Mexico and Thailand
Brian Guzzone, LMOP, and Alex Stege, SCS Engineers

Landfill Gas Management in Canada - What's Going on North of the Border?
Dennis Jackson, Environment Canada-National Office of Pollution Prevention

Creating Opportunities for LFG Management Projects in Latin America through International Carbon Financing
Carl Bartone, Environmental Engineering Consultant, The World Bank

EPA's International Landfill Database
TBD, Stratus Consulting

3:30PM Break in Exhibit Space

4:00PM **Session 4: State Initiatives to Advance LFG Energy**
Moderator: TBD

The Role of Landfill Gas Energy in California's Renewable Portfolio Standards and the California Biomass Collaborative
Pat Sullivan, SCS Engineers

RECs and Their Impact on LFG Electricity Projects
John Bean, Director of Renewable Development, Green Mountain Energy Company

MONDAY, JANUARY 10, 2004 (Continued)

4:45PM **Session 5: Financing and Economics**
Moderator: TBD

Finding Capital to Make Projects Go
Henry Berling, Ewing Monroe Bemiss & Company

Maximizing Asset Value
Mike Bedley, Partner, APEX Power Services Corporation

5:30PM **Adjourn**

5:30–7:30PM **Evening Reception**

TUESDAY, JANUARY 11, 2005

7:30AM **Exhibits Open** – Continental Breakfast and Coffee will be served in the Exhibit Space

8:30AM **Session 6: What's New in Electricity Production?**
Moderator: TBD

Siloxane Quantification, Removal and Impact on Landfill Gas Utilization Facilities
Jeff Pierce, SCS Energy

Performance of an Ingersoll Rand 250 kW Microturbine on Biogas
Ed Wheless, Los Angeles County Sanitation Districts

9:15AM **Session 7: New Avenues for Project Financing**
Moderator: TBD

Smart Money Will Accelerate Clean Energy Project Development
Dan Reicher, President, New Energy Capital Corp.

Tax Strategies (Other Than Section 29) to Move Projects Ahead
Keith Martin, Chadbourne & Parke LLP

10:00AM Break – Exhibit Space Open

10:30AM **Session 8: How Are State Public Utility Commissions Treating LFG?**
Moderator: TBD

Pennsylvania Public Utility - To Be or Not to Be?
Joel Zylstra, President, Granger Electric/Energy

The Results of LMOP's Public Utility Commission Survey
TBD, ERG

- 11:15AM **Session 9: Municipal Gas Utilities Involvement in LFG Energy Projects**
Moderator: David Weiss, Executive Director, Energy Solutions Center
- The City of LaGrange, GA and Interface Americas*
TBD
- Memphis Light, Gas and Water (MLGW) and Solae, Inc.*
TBD
- 12:00N **Lunch**
- 1:00PM **Session 10: The Landfill as a Resource**
Moderator: TBD
- Rational Assessment of State-Wide LFGE Potential Over a 20-Year Planning Period*
Peter Kuniholm, SCS Engineers
- The Impact of LFGE Projects on Jobs and Revenue*
TBD, LMOP/ERG
- 1:45PM **Session 11: What's New in '04 – Part 2**
Moderator: TBD
- *Hill Air Force Base Project with Davis County, Utah: The First FEMP BAMF Project*
Christopher Abbuehl, National Program Representative, FEMP Biomass and Alternative Methane Fuels Program
 - *Hudson Valley Community College (HVCC) and Troy, NY Landfill*
TBD
 - *Dairyland Power Cooperative (WI)*
TBD
- 3:15PM **Adjourn**
