

New England Regional Laboratory

Significant Environmental Aspects

Revised 5/05

Activities	Significant Aspects Addressed
Facility Lighting	Use of energy (Electricity)
Hood Use	Use of energy (Electricity) & HVAC
Use & Maintenance of Vehicles	Air emissions
Wasterwater Discharge	Releases to water
Chemical Purchasing, Use, Disposal	Use of materials (Disposal)
Sample Receipt, Storage & Disposal	Waste management (Hazardous)
Volatiles Analysis	Waste management (Hazardous)
Pesticides / PCBs Analysis	Waste management (Hazardous)
Metals / Mercury Analysis	Waste management (Hazardous)
Wet Chemistry Analysis	Waste management (Hazardous)
Recycling	Waste management (Recycling)
