Note 1	Statute inspections are broken out by program in NETs charts G-1. In addition, the meta-data for G-1 describes in detail the data source for each statute inspection.
Note 2	In FY 2002, the drop in the Clean Air Act (CAA) Environmental Protection Agency (EPA) Inspection/Full Compliance Evaluation (FCE) count is due, at least in part, to implementation in that year of a new CAA Compliance Monitoring Strategy (CMS) which changed the definition of a CAA inspection. In addition, the name changed from “inspection” to “evaluation”. Initially Partial Compliance Evaluations (PCEs) were considered optional reporting. Starting in FY 2005 the compliance monitoring program affirmed the importance of Federal PCE coverage and negotiated activity levels per Region in FY 2005. CAA FCEs and PCEs were retrieved from the Aerometric Information Retrieval System/AIRS Facility Subsystem (AIRS/AFS).
