**End Notes** 1. For Section 4 requirements see 40 CFR parts 766 and 707.72 to determine the testing and export notification requirements for this chemical. 2. TSCA Section 4 data are required for this chemical under a signed Enforceable Consent Agreement (ECA). Therefore the TSCA section 12(b) export notification requirements associated with this chemical currently apply only to those companies that signed the ECA. All other exporters of this chemical are not yet, but may become, subject to TSCA section 12(b) export notification requirements for this chemical. 3. This chemical is an example of a hexavalent chromium chemical that can be used for water treatment (either alone or in combination with other chemical substances). Only those hexavalent chromium chemicals that can be used to treat water trigger the TSCA section 12(b) export notification requirements. Some hexavalent chromium water treatment chemicals may not be listed here by their individual CAS Registry Numbers. Hexavalent chromium chemicals not used for water treatment are not subject to 12(b) reporting. Refer to 59 FR 42773 and 40 CFR 749.68 for more details
