

LONG TERM GOAL 3 POSTERS

Number	Presenter	Title
#1	Mary Ross	Integrated Science Assessments -The New NAAQS Process
#2	Jeff Arnold	Atmospheric Science Chemistry and Physics Used in Integrated Science Assessments
#3	Tom Long	Use of Exposure Science in the Integrated Science Assessments
#4	Jim Brown	Dosimetry of Criteria Pollutants in the Integrated Science Assessments
#5	Ellen Kirrane	Epidemiology and Human Clinical Studies in Integrated Science Assessments
#6	Lindsey Wichers	Particulate Matter Provisional Assessment
#7	Jee Young Kim	Ozone Air Quality Criteria Document: Mechanisms Underlying Health Effects
#8	Lori White	Lead Air Quality Criteria Document: Effects Below 10ug/dl
#9	Tom Luben	Integrated Science Assessment: for Oxides of Nitrogen: A Focus on Mixtures
#10	Doug Johns	Sulfur Oxides (SO _x) Integrated Science Assessment: Concentration-Time-Response Relationships in a Susceptible Population
#11	Tara Greaver	NO _x and SO _x Integrated Science Assessment of the Secondary Standard: Ecological Effects
#12	Debra Walsh	Data Resources Supporting Integrated Assessments
