Document Name: MHD Certification of Construction Equipment Compliance

Organization/Agency Responsible:

Massachusetts Department of Environment Protection (MDEP)

Contact: Susan Lyon
Susan.Lyon@state.ma.us

Description: MDEP – All Bid Contracts

To reduce volatile organic compounds (VOCs), carbon monoxide (CO), and particulate matter (PM), MDEP requires contractors to retrofit equipment with EPA and/or California Air Resources Board (CARB) verified technologies. Idle reduction and dust and odor control are also addressed.

State Contract No. _____

CERTIFICATION OF CONSTRUCTION EQUIPMENT STANDARD COMPLIANCE

I, _____ authorized signatory for

_____ whose principal place of business is at

_____ do hereby certify that any and all large non-road (greater than 50 horsepower) diesel construction equipment (DCE) to be used in this contract has emission control devices installed, such as oxidation catalysts or particulate filters, on the exhaust system side of the diesel combustion engine equipment.

I also hereby agree on behalf of _____ to provide a list of said DCE to the Massachusetts Highway Department prior to its actual use in connection with this contract, including but not limited to the number of vehicles subject to this certification and the number of vehicles retrofitted by vehicle type.

I acknowledge that this certificate is being furnished as a requirement under this contract, and is subject to applicable, State and Federal Laws, both criminal and civil.
