- ◆ **STRUCTURE:** Organized framework for major components of the program.
- ◆ **CONSISTENCY:** Promotes fairness of application of requirements.
- ◆ **CLARITY:** Clear articulation of requirements.
- ◆ **EFFICIENCY:** One time resolution of issues vs. case-by-case.
- ◆ **DEMOCRACY:** Forum for full & open policy debate.
- ◆ **DEFENSIBILITY**

Broad Categories of Rules

- ◆ **Health/Environmental Improvements**
 - ◆ Container Integrity & Containment
 - ◆ Worker Protect Std Improvements
 - ◆ Applicator Certification

- ◆ **Program Modifications**
 - ◆ Registration Review

- ◆ **Sound Science Thru Sound Data**
 - ◆ Conventional Data Req'ts: Part 158
 - ◆ Antimicrobial Data Req'ts: Part 158W
 - ◆ Biochemical/Microbial Data Req'ts: Part 158(L)&(M)

- ◆ **Process Improvements**
 - ◆ Emergency Exemption Improvements

Emergency Exemption Process: Section 18

- ◆ **DESCRIPTION:** Improve & streamline the process for granting Section 18 exemptions

- ◆ **Status**
 - ◆ Proposed September 2004
 - ◆ 28 comments on proposal
 - ◆ Final rule drafted
 - ◆ Rule undergoing interagency review

- ◆ **Next Steps**
 - ◆ Pilot program continues until final rule
 - ◆ Promulgation of final rule in early 2006
 - ◆ Workshop planning underway for roll-out

Container & Containment Rule

- ◆ **DESCRIPTION:** Establish standards for pesticide containers and bulk containment structures minimize human exposure during container handling; facilitate container disposal and recycling; & protect the environment from releases or spills.

- ◆ **Status**
 - ◆ Reopened comment period June 2004
 - ◆ Over 200 comments
 - ◆ Revising Final Rule package
 - ◆ Rule undergoing interagency review

- ◆ **Next Steps**
 - ◆ Promulgation of final rule targeted for early 2006
