Re: Response to Request for Correction regarding EPA Report No. EPA/600/R-08/046

Dear Mr. Camplin:

As mentioned in my recent letter to you, I am enclosing the revised EPA Report No. EPA/600/R-08/046. "Sampling and Analysis of Asbestos Fibers on Filter Media to Support Exposure Assessments: Bench-Scale Testing." A number of the changes made were in response to your RFC 08002, dated April 24, 2008, under the Environmental Protection Agency (EPA) *Guidelines for Ensuring and Maximizing the Quality, Objectivity, Utility, and Integrity of Information Disseminated by the Environmental Protection Agency*.

Please be assured that if you are dissatisfied with our responses, you may submit a Request for Reconsideration (RFR). The U.S. EPA recommends that this request be submitted within 90 days of the notification date for the revised document. To do so, send a written request to the EPA Information Quality Guidelines Processing Staff via mail (Information Quality Guidelines Staff, Mail Code 2811R, U.S. EPA, 1200 Pennsylvania Ave., N.W., Washington, D.C. 20460), electronic mail (quality@epa.gov), or fax (202-565-2441). The RFR should reference the request number assigned to the original request for correction (RFC # 08002). Additional information that should be included in the request is listed on the EPA Information Quality Guidelines web site (www.epa.gov/quality/informationguidelines).

Please contact Monica Jones at (202) 564-1641, should you have any questions about our response.

Sincerely yours,

Lawrence W. Reiter, Ph.D.
Director (D305-01)

Enclosure
