Re: Request for Reconsideration (RFR #09002A) of the EPA response to the Request for Correction (RFC #09002) submitted by the National Association of Manufacturers

Dear Mr. McCoy:

I want to provide you with a status update regarding your November 17, 2009, Request for Reconsideration (RFR #09002A) submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to the request within 90 days of receipt, either by providing a decision on the RFC or, if the request will require more than 90 days to resolve, informing the requestor that more time is needed.

Due to the complexity of the issues raised in this RFR, a thorough review of your information quality concerns was conducted. We anticipate a final decision on this RFR will be sent to you within 90 days. Thank you for your interest in environmental information quality.

Sincerely,
