**Re: Completeness Review of Underground Injection Control (UIC) Permit Application  
for the Treated Water Infiltration System, United States Environmental Protection  
Agency UIC Permit No. MI-103-5W20-0002**

Dear Mr. Cherry:

We have reviewed your permit application for the facility referenced above and determined that the information you submitted is complete. This letter provides the completeness notification required by Title 40 of the Code of Federal Regulations Section 124.3(c). We are proceeding with the evaluation of the information for technical soundness and compliance with applicable Underground Injection Control regulations. If additional information is necessary to clarify, modify or supplement the information you provided, we will notify you. When we determine that the information you provide is sufficient for a permitting decision, a draft decision will be made and a statement of basis will be prepared and supplied to you as well as the public for comment.

If you have any questions, please feel free to contact Stephen Roy of my staff at (312) 886-6556 or roy.stephen@epa.gov.

Sincerely yours,

Rebecca L. Harvey, Chief  
Underground Injection Control Branch
