U.S. Environmental Protection Agency

Spectron, Inc. Superfund Site

Elkton, Cecil County, MD

--Proposed Plan Public Comment Period Extended Until December 19--

The United States Environmental Protection Agency (EPA) is extending the public comment period for the Proposed Remedial Action Plan (Proposed Plan) for the Spectron, Inc, Superfund Site (the Site) located at Providence Road and Little Elk Creek near Elkton, Maryland.

The Proposed Plan presents EPA's Preferred Alternative for Operable Unit 1 (OU-1) which addresses soil and overburden groundwater at the Site. EPA issued this Proposed Plan to solicit comments on the agency's proposed modification of the remedy selected in the 2004 OU-1 Record of Decision (ROD). To ensure that the community's concerns are being addressed, a public comment period opened on October 14, 2011. EPA is granting a request to extend this comment period until December 19, 2011. During this time, the public is encouraged to submit any comments on the Proposed Plan to EPA.

Written comments, questions about the Proposed Plan, and requests for information can be sent to:

After the close of the public comment period, the public's comments will be considered before a decision is made. EPA will announce its decision in an Amendment to the Record of Decision (ROD Amendment). The public's comments and the agency's responses will be summarized in the Responsiveness Summary accompanying the ROD Amendment. EPA encourages the public to review the Proposed Plan and the documents that make up the Administrative Record to gain a more comprehensive understanding of the Site and the Superfund activities that have been conducted there.
