

### **First Quarter 2004**

EPA determined that additional information is needed to complete the review of the Risk Assessment Report. Exide is gathering the additional information and will submit their findings in the second quarter of 2004.

### **Second Quarter 2004-Fourth Quarter 2004**

Exide submitted the additional information to complete the Risk Assessment Report. The EPA Technical Review Workgroup (TRW), which consists of EPA national experts, is currently reviewing the supplementary information.
