

Permitting GPRA Facilities Meeting the Goal

Purpose:

There are 2 baselines: Permits and Renewals. You can run both baselines or them separately. It is better to run the baselines separately. Eventually in Region 3, you will not have to run the Permits Baseline because all of Region 3 facilities on that baseline will be in control or you will run this report in order to see historically what facilities were on the Permit baseline and when they were considered in control.

This report will show the GPRA permitted facilities meeting the goal based on selection criteria.

Limitations:

Remember that all units at a facility must be in control in order for the facility to be considered meeting the goal.

Accomplishment Date – The report pulls from the most recent unit detail based on effective date of the unit. The accomplishment date looks at the actual Event date of the OP205 (Permit effective) event code. If there is no OP205 event, then it will show the actual date of the OP200 event. If there is not OP200 even, then it will show the effective date of the LE/OP status of the Unit. The report will indicate in parentheses what it used for the Accomplishment Date. If the Unit has the met the goal criteria through an outside verification process, the Accomplishment Date will probably be different than the Effective Date of the unit's LE/OP code.

Note: In theory, this use of effective date versus actual date is more prevalent in older records or in cases where the units are closed or the LE/OP status of the unit puts them in a control combination (i.e. protective filers, transfers to State Regulated only, transfers to Corrective Action, etc.). Units transferred to CERCLA (Superfund) will actually be removed from the GPRA baseline and not be counted at all.

Where Can I Find It:

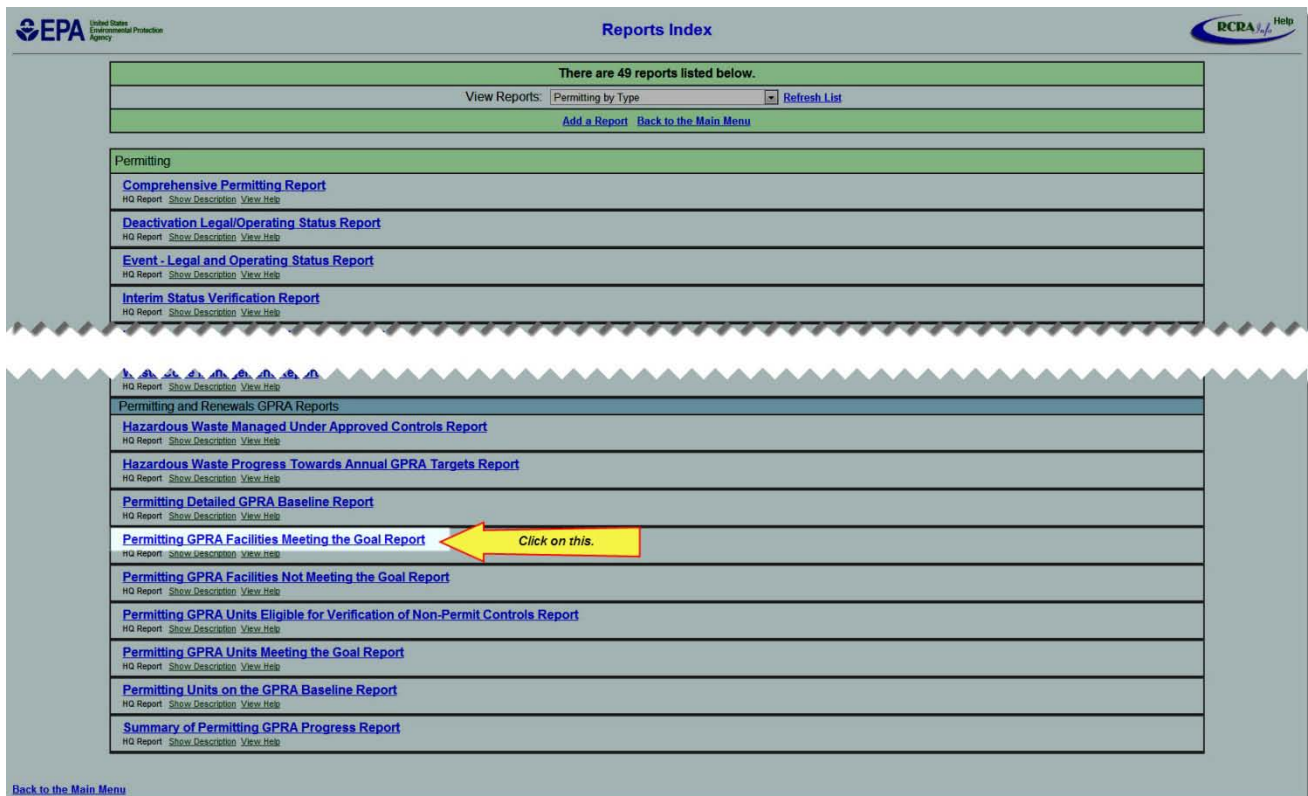

The report can be found in RCRAInfo under the RCRAInfo National and Implementer Reports link.

Running the Report:

1. Log into RCRAInfo. On the Main Menu, select Permitting under the National and Implementer Reports link or you can click on the National and Implementer Reports link and then click on the Permitting link.

2. Scroll down until you see Permitting GPRAs Facilities Meeting the Goal Report. Click on this link.

3. You will be taken to GPRA Facilities Meeting the Goal Report selection criteria screen. Make your selections. Click **Submit**.

Location: Choose from any State, U.S. Territory, National, or EPA Region

Handler Name: You can input a particular Handler Name

Handler ID: You can input a particular Handler ID

Baseline: You can select Permits, Renewals, or Permits and Renewals.

Date Range Type: You can choose no Date Range, Accomplishment Date, or Effective Date.

Note: For Facilities Meeting the Goal, you should normally choose the Accomplishment Date.

Date Range: You indicate the date range of interest.

Legal Status: You can choose a specific Legal Status.

Operating Status: You can choose a specific Operating Status.

Units/Codes: You can select a specific type of Unit (e.g. land based units, etc.) and/or Process Code.

Group of IDs: If you have created a Group of IDs for certain facilities, you can search on this list.

Output: You can choose Delimited Text or PDF

The screenshot shows the 'User Selection Criteria' form for the 'GPRA Facilities Meeting the Goal' report. The form includes the following fields:

- Location:** A dropdown menu with a 'Select' button and a US map icon.
- Handler Name:** A text input field.
- Handler ID:** A text input field.
- Baseline:** A dropdown menu with a 'Select' button.
- Date Range Type:** A dropdown menu with 'No Date Range' selected.
- Date Range:** 'From:' and 'To:' text input fields with calendar icons.
- Legal Status:** A dropdown menu with 'All' selected.
- Operating Status:** A dropdown menu with 'All' selected.
- Units/Codes:** Two dropdown menus: 'Select by Units' and 'Select by Code'.
- Group of IDs:** A dropdown menu with 'Select Group' selected.
- Output:** A dropdown menu with 'PDF' selected.

At the bottom left, there are links for [Submit](#) and [Back to Reports](#). The top of the page features the EPA logo, the title 'GPRA Facilities Meeting the Goal', and the RCRA Info Help logo.

4. Depending on the output you chose will determine what appears. If you chose Delimited Text then a screen with your results will appear. If you chose PDF (which is the default) a pdf file with your results will appear.

How to Read the Report:

1. Delimited Text – Shows your selection criteria in tabular format using tabs as the delimiter. You should save your page as a text file and then import the data into a spreadsheet for better viewing. Each row contains the Region, State, Handler Name, EPA ID, City, County, Actual Date, Associated Event Code, Processing Code Description, LE/OP Description, Baseline, Unit Sequence, Unit Name, LE/OP codes, Process Codes, Effective Date, and Accomplishment Date.

- a. Cover Page – Shows your selection criteria, how any facilities met your criteria, and a report description.

GPRA Facilities Meeting the Goal

For the GPRA Renewal Baseline

Report run on: May 31, 2011 - 10:23 AM

Version: 5.0

User Selection Criteria

Location: Region 03	Group of IDs: None Chosen
Baseline: Renewals	Units: All
Handler Name:	Accomplished Date Range: From Date: 10/01/2009 To Date: 09/30/2010
Handler ID:	
Legal Status: All	
Operating Status: All	

Results

Data meeting the criteria you selected follows.

Total Pages: 4

Total Facilities: 6

Report Description

Based on the mandatory selections of Location (State, Region or National) and Baseline along with possible Handler Name, ID values, Units and Operating Status, this report will produce the status of facilities in the GPRA Baseline Permits Universe and/or the GPRA Baseline Renewals Universe. If the Legal/Operating Status, Date Range, or Units criteria are selected, then only units that match that criteria will be tested to see if they meet the goal. The effective date will show the actual date of the OP205 event. If there is no OP205 event, then it will show the actual date of the OP200 event. Finally, if there is no OP200 event, then it will show the effective date of the op/leg status (Unit). Whichever date is shown will be indicated in parentheses.
