

Appendix D

Field Documentation

Contents

D-01 - Sediment Coring Investigation

- Sediment Coring Investigation Description
 - Attachment 1 - USEPA Sediment Core Logs
 - Attachment 2 - Sediment Core Photologs by Transect
 - Attachment 3 - Sediment Core Photos (CD Only)
 - USEPA-ERT Sediment Core Logs

D-02 - Surface Sediment Sampling Field Forms

D-03 - Surface Water Sampling Field Forms

- USEPA Surface Water Sampling Field Forms
- National Grid Surface Water Sampling Field Forms (Groundwater / Surface Water Interaction)
- NYC Surface Water Sampling Field Forms (Groundwater / Surface Water Interaction)
- USEPA Surface Water Sampling Field Forms (Groundwater / Surface Water Interaction)

D-04 - Soil Boring Logs and Monitoring Well Construction Diagrams

- USEPA Soil Boring Logs and Monitoring Well Construction Diagrams
- National Grid Soil Boring Logs and Monitoring Well Construction Diagrams
- NYC Soil Boring Logs and Monitoring Well Construction Diagrams

D-05 - Hydraulic Gradient Calculations from Monitoring Wells : Vertical and Horizontal

D-06 - Groundwater Sampling Field Forms

- USEPA Groundwater Sampling Field Forms
- National Grid Groundwater Sampling Field Forms
- NYC Groundwater Sampling Field Forms

D-07 - CSO Sampling Field Forms

D-08 - Air sampling field forms

- USEPA Air Sampling Field Forms
- USEPA Air Sampling Field Summary Tables

D-09 - Monthly Water Level Measurement Summaries

D-10 - CSO Traffic Management Plans

D-11 - Weather Tracking Logs

- USEPA Field Office Weather Station Log
- USEPA Daily Weather Tracking Reports for Weather Dependant Sampling Events
- Park Slope Weather Station Log for Weather Dependant Sampling Events

D-12 - Photographic Log

- Survey of Outfall Pipes
- Groundwater Sampling Activities
- CSO Sampling Activities
- Air Sampling Activities
- Surface Sediment Sampling Activities
- PRP Oversight Activities
- Staff Gauge Locations
- Tidal Study Canal Transducer Locations
