

CONTENTS

	<u>Page</u>
1. SOME THINGS TO KNOW AT THE START	1- 1
Introduction to this Handbook	1- 1
The National Environmental Policy Act	1- 2
Environmental assessments and impact statements	1- 3
Environmental information document	1- 4
Finding of No Significant Impact	1- 6
2. WHAT EPA NEEDS FROM APPLICANTS	2- 1
Issues which are important to EPA's environmental assessment	2- 1
Six types of information in an EID	2- 1
Project description	2- 2
Environmental setting	2- 4
Environmental protection measures	2- 4
Environmental impacts	2- 6
Cumulative effects	2- 8
Coordination	2- 9
3. PUTTING TOGETHER YOUR SUBMITTAL	3- 1
Ideas about format and organization	3- 1
Index to the EID	3- 2
Necessary attachments	3- 3
Style; technical quality	3- 3
Maps and graphics	3- 4
Tables	3- 7
Organizing information according to landscape units	3- 9
Summary of presentation tips	3-10

TABLES (see list, below)

FIGURES (see list, next page)

APPENDICES (see list, next page)

INDEX TO THE HANDBOOK (found at the very end of the document)

LIST OF TABLES

1-1. Example of EA outline: CAFOs	T- 1
1-2. Example of EA outline: coal mine	T- 2
2-1. Examples of environmental changes caused by a project	T- 3
2-2. Elements of a good project description	T- 5
2-3. Environmental setting	T- 7
2-4. Environmental coordination and review requirements	T- 9
3-1. Data table with project information (Oklahoma coal projects)	T-14
3-2. Data table, technical information (Oklahoma coal mine)	T-15

LIST OF TABLES (continued)

Page

3-3.	Data table, technical information (Texas recharge project)	T-16
3-4.	Data table, alternatives (Arkansas pipeline route)	T-17
3-5.	Narrative table, environmental setting (Texas highway)	T-18
3-6.	Narrative table, environmental data (Texas stormwater)	T-20
3-7.	Narrative table, alternatives (New Mexico sewer lines)	T-21
3-8.	Table and map, surface water quality (Texas power plant)	T-22
3-9.	Table and map, geomorphic information (Louisiana barrier islands)	T-23
3-10.	Landscape units table (Oklahoma sewer lines)	T-24
3-11.	Impacts analyzed by landscape units (New Mexico grazing project)	T-25

LIST OF FIGURES

3-1.	Representative location map (Louisiana barrier islands)	F- 1
3-2.	Location map (Oklahoma coal projects)	F- 2
3-3.	Location map on air photo (Louisiana delta)	F- 3
3-4.	Location map with data (Texas dairies)	F- 4
3-5.	Location map with data (Oklahoma pig farms)	F- 5
3-6.	Location map with data, in color (New Mexico watershed)	F- 6
3-7.	Vicinity map (Oklahoma CAFO)	F- 7
3-8.	Vicinity map (Oklahoma coal mine)	F- 8
3-9.	Vicinity map with data (Oklahoma coal mines)	F- 8
3-10.	Vicinity map with data (Arkansas power plant)	F- 9
3-11.	Project map (Louisiana aluminum refinery)	F-10
3-12.	Project map with data (Louisiana aluminum refinery)	F-11
3-13.	Block diagram (New Mexico salinity control project)	F-12
3-14.	Flow chart of project elements (Texas recharge project)	F-13
3-15.	Flow chart with water balance (Texas reservoir)	F-14
3-16.	Data graph (Arkansas reservoir)	F-15
3-17.	Landscape units map (Oklahoma sewer lines)	F-16

LIST OF APPENDICES

A.	National Environmental Policy Act	A- 1
B.	CEQ regulations.....	B- 1
C.	Possible subjects for an environmental information document	C- 1
D.	Contacts for consultation and coordination	D- 1
E.	Examples of coordination letters	E- 1

Note: this Handbook was prepared by Lee Wilson of Lee Wilson and Associates, with support from Diane Flock (especially Table 24 and Appendix D) and Steve Anderson (especially Tables and Figures, and Appendix E.) Extensive review and input was provided by Professor Larry Canter, University of Oklahoma.
