**STATEMENT OF LEGAL AUTHORITY
FOR FINAL AUTHORIZATION FOR CHANGES TO THE RCRA PROGRAM
FROM AUGUST 2001 THROUGH JULY 2006**

I hereby certify, pursuant to my authority as Independent Legal Counsel for the Arkansas Department of Environmental Quality, having full authority to represent the Department in court on all matters relating to the Department's environmental programs, and in accordance with Section 3006(b) of the Resource Conservation and Recovery Act, as amended by the Hazardous and Solid Waste Amendments of 1984 (42 USC 6901 *et seq.*), and 40 CFR 271, that in my opinion the laws of the State of Arkansas provide adequate authority to carry out the hazardous waste program set forth in the Program Description submitted by the Arkansas Department of Environmental Quality on November 7, 2000 and the Program Description Addendum(s) submitted on July 31, 2006, and to meet the requirements of 40 C.F.R. Part 271, Subpart A.

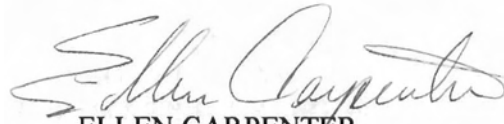

The specific authorities provided are contained in statutes or regulations lawfully adopted at the time this Statement is signed and which are in effect now. The statutory authorities for the State are documented in the Arkansas RCRA Statutory Checklist, dated July 31, 2006 and attached to this statement (See Attachment 1). In my opinion, statutes relied on in previously approved authorization applications have been amended, modified, or revised by statute or judicial decision in a way that does not diminish or interfere with the authority to carry out the previously authorized hazardous waste program to meet the requirements of 40 C.F.R. Part 271, Subpart A.

The provisions for which the State is seeking authorization are documented in the attached Revision Checklists 194 through 203, known collectively as RCRA Clusters X, XI, XII, XII, XIV and XV (See Attachment 2). Any differences between the State's provisions and the Federal provisions are noted on the individual revision checklists. The official State regulations may be found in Arkansas Pollution Control & Ecology Commission Regulation No. 23 (Hazardous Waste Management), adopted on December 9, 2005, and effective on March 23, 2006. This certification supplements my or my predecessors certification(s) of July 9, 1984, September 24, 1987, February 24, 1989, December 11, 1990, May 7, 1992 (Non-HSWA Clusters V and VI), May 7, 1992 (RCRA Cluster I), May 10, 1994 (RCRA Cluster II), February 2, 1996 and March 3, 1997 (RCRA Clusters III and IV), July 31, 1997 (RCRA Cluster V), December 1, 1997 (RCRA Cluster VI), and December 12, 2001 (RCRA Clusters VII, VIII, IX, and X).
