**MAINTENANCE  
EXAMPLE INSPECTION AND MAINTENANCE LOG  
NET PEN SYSTEMS**

Facility Name: \_\_\_\_\_ NPDES Permit Number: \_\_\_\_\_

Production System: \_\_\_\_\_

**\* Instructions:** This example form may be used to keep track of routine inspections and regular maintenance of your production systems. Use a separate form for each production system. Make sure you defined the terms "routine" and "regular" in your BMP plan. The first row is an example row.

Date Inspected	Inspector Initials	Notes (Note any problems found and maintenance performed)	Date Maintenance Performed
09/10/04	MJ	During a routine inspection, divers discovered a small hole in net pen 3; patched the hole.	09/10/04
09/25/04	MJ	Inspected nets – all were in good condition	N/A
