

# Interim Economic Guidance for Water Quality Standards

## Workbook

"... to restore and maintain the chemical, physical,  
and biological integrity of the Nation's waters."

Section 101(a) of the Clean Water Act

**INTERIM ECONOMIC GUIDANCE  
FOR WATER QUALITY STANDARDS**

**WORKBOOK**

**Economics and Statistical Analysis Branch**

**Office of Science and Technology**

**Office of Water**

**U.S. Environmental Protection Agency**

**March 1995**

**ECONOMIC GUIDANCE FOR WATER QUALITY STANDARDS WORKBOOK  
TABLE OF CONTENTS**

<b>1. INTRODUCTION</b>	1-1
1.1 Designated Uses, Variances, and Antidegradation	1-3
1.2 Pollution Sources	1-5
1.3 Substantial Impacts	1-6
1.4 Widespread Impacts	1-8
1.5 Antidegradation	1-9
1.6 Organization of the Rest of the Workbook	1-10
<b>2. EVALUATING SUBSTANTIAL IMPACTS: PUBLIC SECTOR ENTITIES</b>	2-1
2.1 Verify Project Costs and Calculate the Annual Cost of the Pollution Control Project.	2-5
2.2 Calculate Total Annualized Pollution Control Costs Per Household	2-10
2.3 Calculate and Evaluate the Municipal Preliminary Screener Value	2-14
2.4 Apply Secondary Test	2-15
2.5 Assess Where the Community Falls in the Substantial Impacts Matrix	2-28
<b>3. EVALUATING SUBSTANTIAL IMPACTS: PRIVATE-SECTOR ENTITIES</b>	3-1
3.1 Verify Project Costs and Calculate the Annual Cost of the Pollution Control Project	3-4
3.1.b Calculate the Annual Costs of the Pollution Control Project	3-5
3.2 Financial Impact Analysis	3-6
3.3 Interpreting the Results	3-32
<b>4. DETERMINATION OF WIDESPREAD IMPACTS</b>	4-1
4.1 Define Relevant Geographical Area	4-2
4.2 Determine Whether Impacts are Widespread: Public-Sector Entities	4-2
4.3 Determine Whether Impacts are Widespread: Private-Sector Entities	4-5
4.4 Estimate Multiplier Effect	4-11
4.5 Economic Benefits of Clean Water	4-12
4.6 Summary of Financial Capability and Determination of Whether Impacts are Substantial and Widespread	4-13

<b>5.</b>	<b>ANTIDEGRADATION: ROLE OF ECONOMIC ANALYSIS</b> .....	<b>5-1</b>
5.1	Verify Project Costs and Calculate the Annual Cost of the Pollution Control Project .....	5-5
5.2	Financial Analysis to Determine if Lower Water Quality is "Necessary" .....	5-14
5.3	Determine if Economic and Social Development would be Important .....	5-33
5.4	Summary .....	5-35

**APPENDIX A: Data Resources and Reference Materials** ..... **A-1**

**APPENDIX B: Table of Annualization Factors** ..... **B-1**

**APPENDIX C: Conceptual Measures of Economic Benefits** ..... **C-1**

**WORKSHEETS A through AB**
