|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BC7        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-147 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 12:40:00 |
| % Moisture:                 |                       | % Solids: 84.8          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 79                | U               | ug/kg | 79         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 230               | J               | ug/kg | 230        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 310               |                 | ug/kg | 310        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BD0        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-163 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 14:40:00 |
| % Moisture:                 |                       | % Solids: 80.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 83                | U               | ug/kg | 83         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 190               | J               | ug/kg | 190        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 20                | U               | ug/kg | 20         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BD1        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-166 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 09:10:00 |
| % Moisture:                 |                       | % Solids: 83.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 80                | U               | ug/kg | 80         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 270               | J               | ug/kg | 270        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 410               |                 | ug/kg | 410        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

| 2-Methylphenol              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 330               |                 | ug/kg | 330        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 3.3               | U               | ug/kg | 3.3        | U        | 1.0             | YES        | NV               |
| Endosulfan Sulfate  | Spike        | 1.9               | J               | ug/kg | 1.9        | J        | 1.0             | YES        | NV               |
| 4,4-DDT             | Target       | 3.3               | U               | ug/kg | 3.3        | U        | 1.0             | YES        | NV               |
| Methoxychlor        | Target       | 17                | U               | ug/kg | 17         | U        | 1.0             | YES        | NV               |
| Endrin ketone       | Target       | 3.3               | U               | ug/kg | 3.3        | U        | 1.0             | YES        | NV               |
| Endrin Aldehyde     | Target       | 3.3               | U               | ug/kg | 3.3        | U        | 1.0             | YES        | NV               |
| cis-Chlordane       | Target       | 1.7               | U               | ug/kg | 1.7        | U        | 1.0             | YES        | NV               |
| trans-Chlordane     | Spike        | 1.3               | J               | ug/kg | 1.3        | J        | 1.0             | YES        | NV               |
| Toxaphene           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

|                       |                       |               |              |
|-----------------------|-----------------------|---------------|--------------|
| Sample Number: SBLK22 | Method: Semivolatiles | Matrix: Soil  | MA Number:   |
| Sample Location:      | pH:                   | Sample Date:  | Sample Time: |
| % Moisture:           |                       | % Solids: 100 |              |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 67                | U               | ug/kg | 67         | U        | 1.0             | YES        | NV               |
| Benzaldehyde                | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Phenol                      | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Bis(2-Chloroethyl)ether     | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 2-Chlorophenol              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Methylphenol              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 2,2-oxybis(1-Chloropropane) | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Acetophenone                | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4-Methylphenol              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| N-Nitroso-di-n-propylamine  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Hexachloroethane            | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Nitrobenzene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Isophorone                  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Nitrophenol               | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dimethylphenol          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Bis(2-Chloroethoxy)methane  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dichlorophenol          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Naphthalene                 | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Chloroaniline             | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Hexachlorobutadiene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Caprolactam                 | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4-Chloro-3-methylphenol     | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Methylnaphthalene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Hexachlorocyclopentadiene   | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 2,4,6-Trichlorophenol       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4,5-Trichlorophenol       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 1,1-Biphenyl                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Chloronaphthalene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Nitroaniline              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Dimethylphthalate           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,6-Dinitrotoluene          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Acenaphthylene              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 3-Nitroaniline              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Acenaphthene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dinitrophenol           | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4-Nitrophenol               | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Dibenzofuran                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dinitrotoluene          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Diethylphthalate            | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Fluorene                    | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Chlorophenyl-phenylether  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Nitroaniline              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4,6-Dinitro-2-methylphenol  | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| N-Nitrosodiphenylamine      | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Bromophenyl-phenylether   | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Hexachlorobenzene           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Atrazine                    | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |

### Overview

This data package consisted of one (1) rinsate blank and ten (10) soil samples analyzed for volatile target analytes, and one (1) rinsate blank and nineteen (19) soil analyzed for Aroclors, pesticide, semivolatile target analytes and Polynuclear Aromatic Hydrocarbon (PAH) by Selective Ion Monitoring (SIM) analysis. This sample set included two (2) field duplicate samples.

Analyses were performed by Chemtech Consulting Group (CHM) according to Contract Laboratory Program (CLP) Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 9, 2020.

Trip blank COBG4 (from SDG COAY0) was associated with samples in this SDG and used in the evaluation of this data.

### Summary

Dual column precision outliers were identified that resulted in the rejection as well as the estimation of sample results. Less significant data quality outliers were identified resulting in estimation of sample results including but not limited to Deuterated Monitoring Compound (DMC) recoveries, surrogate recoveries and calibration precision.

**Major Problem**

The following analytes had Percent Difference (%D) > 200% between the dual column analyses. The large %D between the two results may indicate interferences impacting the analyte. Reported results for these analytes in samples listed below have been rejected and qualified "R".

| Fraction  | Affected Samples    | Affected Analytes              |
|-----------|---------------------|--------------------------------|
| Pesticide | Reanalysis of COB48 | cis-Chlordane, trans-Chlordane |
|           | COBG7               | cis-Chlordane                  |

**Minor Problems**

Percent recoveries for the following DMCs were outside the lower control limits in samples listed below. Analytes associated with these DMCs were non-detect in these samples. Non-detects are estimated and have been qualified "UJ".

| Fraction | DMCs                   | Affected Samples    |
|----------|------------------------|---------------------|
| VOA      | 1,2-Dichloroethane-d4  | COBA0               |
|          | 1,2-Dichloropropane-d6 |                     |
|          | 1,2-Dichlorobenzene-d4 |                     |
| SVOA     | 1,4-Dioxane-d8         | COB31, COB48, COB49 |

Percent recoveries for the following surrogate were outside the lower control limit for the samples listed below. Detected concentrations for target analytes associated with these DMCs are estimated and have been qualified "J". Non-detects are estimated and have been qualified "UJ".

| Fraction  | Surrogate          | Affected Samples                                       |
|-----------|--------------------|--|
| Pesticide | Decachlorobiphenyl | COB31, COB42, COB43, COB49, COB54, COBA5, COBG5, COBG7 |
| ARO       |                    | COB48  |

The laboratory reported the following target analytes failed the precision criteria (%D) in the continuing calibration verification (CCV) standard listed below. Detected concentrations for these analytes in the associated field samples are estimated and have been qualified "J". Non-detects are estimated and have been qualified "UJ".

| Fraction | Standard IDs                                  | Affected analytes                                      | Associated Samples  |
|----------|---|--|---|
| SVOA     | SSTD02066                                     | Bis(2-Chloroethyl)ether<br>2,2-oxybis(1-Chloropropane) | COB31, COB38, COB39, COB42,<br>COB49, COBA0, COBG7  |
| PAH      | SSTD0.416, SSTD0.417,<br>SSTD0.418, SSTD0.419 | Benzo(a)anthracene                                     | COB39, COB43, COB48, COB54,<br>COBA0, COBA2, COBA3, COBA5,<br>COBA6, COBA8, COBA9, COBB2,<br>COBG5, COBG6, COBG7<br>Diluted analysis of samples COB31,<br>COB38, COB42, COB49 |
| PEST     | INDA327, INDA327                              | 4,4-DDT, Methoxychlor                                  | Reanalysis of sample COB48  |

The following analytes exceeded calibration range in the diluted analysis of samples listed below; the samples were not reanalyzed at further dilution. Detected results are estimated and have been qualified "J".

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COB31  | 5x | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene<br>Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|          | COB49  | 5x | Fluoranthene, Pyrene   |

### **Notes**

Detected concentrations for target analytes less than Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

Pesticide results with Percent Difference (%D) between the two (2) analytical columns of > 25.0% and <200% are estimated and have been qualified "J". The lower of the two (2) column result is reported.

All other reported results base on dual column precision were less than the CRQL.

In the volatile fraction, Method Blank (MB) VBLK06 reported methylene chloride less than the CRQL. MB VBLK08 reported methylene chloride and carbon disulfide less than the CRQL. MB VBLK86 reported 2-hexanone less than the CRQL. Storage blank (SB) VHBLK01 reported methylene chloride less than the CRQL. SB VHBLK02 reported 2-hexanone less than the CRQL. Detected concentrations of 2-hexanone and methylene chloride less than the CRQL in the associated field samples, have been reported at the CRQL and qualified "U". Detected concentrations of methylene chloride in the associated field samples greater than 2x than the blank results and were not qualified.

Volatile trip blank COBG4 was free from contamination.

In the pest/Aroclors/semivolatile/SIM fractions, MBs were free from contaminations.

In the volatile/pest/Aroclor/SIM fractions, Rinsate Blank (RB) COBG3 was free from contamination.

In the semivolatile fraction, RB COBG3 reported dimethylphthalate less than the CRQL. Detected concentrations of dimethylphthalate less than the CRQL in the associated field samples, have been reported at the CRQL and qualified "U".

Percent recoveries for Aroclors/pesticide target analytes in Laboratory Control Sample (LCS) analyses were within control limits on both columns. No data were qualified based on LCS precision or accuracy.

Percent recoveries and Relative Percent Differences (RPDs) for pesticide target analytes in Matrix Spike/Matrix Spike Duplicate (MS/MSD) analysis of sample COB48 were within control limits on both columns. No data were qualified based on this finding.

The initial analysis of pesticide sample COB48 reported low surrogate recoveries and was associated with a failing standard. This sample was reanalyzed with surrogate recoveries within control limits. The reanalyzed sample was reported. This sample was qualified as reported in "Minor Problems".

Percent recoveries and RPDs for Aroclors in the MS/MSD analysis of sample COB48 were within control limits on both columns except ARO1260 on column ZB-MR1 was outside the upper control limits. The parent sample was non-detect for Aroclors. No data were qualified based on this finding.

Concentrations of the following analytes exceeded the calibration range in the initial analysis of samples listed. These samples were reanalyzed at dilution in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COB31  | 5x | Phenanthrene, Benzo(k)fluoranthene, Dibenzo(a,h)anthracene   |
|          | COB38  | 5x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|          | COB42  | 5x | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene               |
|          | COB48  | 2x | Fluoranthene   |
|          | COB49  | 5x | Phenanthrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene                       |

Surrogate recoveries requirements do not apply to samples that have been diluted.

Samples COBG5/COBG6 are identified as a field duplicate samples on the chain of custody records. Sufficient information was not provided to identify the duplicate pairs to these samples. Comparison of results could not be made.

Sample calculation checks were performed. All calculated results had RPDs less than 5% of the reported results. No sample data were qualified.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

## Glossary of Organic Data Qualifier Codes

---

|                       |  |
|-----------------------|--|
| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result. |
|-----------------------|--|

---

|    |   |
|----|---|
| R  | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample. |
| UJ | The analyte was analyzed for but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                           |
| U  | The analyte was analyzed for but was not detected above the level of the reported sample quantitation limit.  |
| J  | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.                              |
| J+ | The result is an estimated quantity, but the result may be biased high.   |
| J- | The result is an estimated quantity, but the result may be biased low.  |

---

|                       |  |
|-----------------------|--|
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers. |
|-----------------------|--|

---

|   |   |
|---|---|
| N | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 220               | U               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 64                | J               | ug/kg | 64         | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 260               | J               | ug/kg | 260        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 270               |                 | ug/kg | 270        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 190               | J               | ug/kg | 190        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B48        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-117 | pH:                   | Sample Date: 11/17/2020 | Sample Time: 12:35:00 |
| % Moisture:                 |                       | % Solids: 73.3          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 91                | UJ              | ug/kg | 91         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 230               | U               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 230               | U               | ug/kg | 81         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 56                | J               | ug/kg | 56         | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 64                | J               | ug/kg | 64         | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 49                | J               | ug/kg | 49         | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 51                | J               | ug/kg | 51         | J        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BA5        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-111 | pH:                   | Sample Date: 11/17/2020 | Sample Time: 11:15:00 |
| % Moisture:                 |                       | % Solids: 79.2          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 84                | U               | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 220               | J               | ug/kg | 220        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 210               | U               | ug/kg | 100        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BA6        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-112 | pH:                   | Sample Date: 11/17/2020 | Sample Time: 11:55:00 |
| % Moisture:                 |                       | % Solids: 79.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 84                | U               | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 190               | J               | ug/kg | 190        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 210               | U               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

| 2-Methylphenol              | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 1.3               | J               | ug/L  | 1.3        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 10                | U               | ug/L  | 10         | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 95                | U               | ug/kg | 95         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 220               | J               | ug/kg | 220        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 240               | U               | ug/kg | 220        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

| Endosulfan II       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 20                | U               | ug/kg | 20         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BG6           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-117-01 | pH:                   | Sample Date: 11/17/2020 | Sample Time: 12:10:00 |
| % Moisture:                    |                       | % Solids: 85.3          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 79                | U               | ug/kg | 79         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 270               |                 | ug/kg | 270        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B31

Lab Name: Chemtech Consulting Group

Sample Number: C0BG7

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NLR-CS-117-01

pH:

Sample Date: 11/17/2020

Sample Time: 12:05:00

% Moisture:

% Solids: 74.9

| Analyte Name | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49167 C0B36

### **Overview**

This data package consisted of two (2) trip blanks analyzed for volatile analytes, eight (8) soil samples analyzed for volatile, semivolatile, semivolatile PAH by SIM, pesticide and Aroclor analytes and ten (10) soil samples including a field duplicate sample analyzed for semivolatile, semivolatile PAH by SIM, pesticide and Aroclor analytes.

Analyses were performed by Chemtech Consulting Group (CHM) according to Contract Laboratory Program (CLP) Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 4, 2020. In addition, the reconciliation data dated December 18, 2020 were reviewed.

### **Summary**

Significant data quality outliers regarding dual column precision in pesticide fraction were identified that resulted in rejection of several analytes in this fraction. Calibration standards and Deuterated Monitoring Compound (DMC) in semivolatile fraction; surrogates in pesticide and Aroclor fractions and Matrix Spike/Matrix Spike Duplicate (MS/MSD) in pesticide fraction; and blanks in the volatile fraction required qualification.

**Major Problem**

The following analytes had results >CRQL with Percent Difference (%D) >200% in pesticide dual column analyses for samples listed. The significant %D between the two results may indicate interferences impacting the analytes. Reported results for these analytes in samples listed have been rejected and qualified "R".

| Fraction  | Affected Sample(s) | Affected Analyte(s)             |
|-----------|--------------------|---------------------------------|
| Pesticide | COB36              | Heptachlor epoxide              |
|           | COB51              | Aldrin, 4,4'-DDE, Endosulfan II |
|           | COB51DL            | Heptachlor epoxide              |
|           | COB53              | cis-Chlordane, trans-Chlordane  |
|           | COB55              | trans-Chlordane                 |
|           | COB65              | cis-Chlordane                   |

**Minor Problems**

The following analyte failed %D criteria in calibration standard listed below. No positive results were reported for this analyte. Quantitation limits for this analyte in samples associated with this calibration are estimated and have been qualified "UJ".

| Fraction     | Standard ID | Affected Analytes         | Associated Samples  |
|--------------|-------------|---------------------------|---|
| Semivolatile | SSTD02039   | Hexachlorocyclopentadiene | COAW9, COAZ8, COB03, COB07, COB36, COB58, COB65, COB66, COBF2, COBF3, COBF6 |

The recovery of DMC 1,4-Dioxane-<sub>d8</sub> was outside the lower control limit in semivolatile sample COB51. No positive result was reported for 1,4-dioxane, the analyte associated with this DMC. Quantitation limit for 1,4-dioxane in this sample has been qualified "UJ".

Recoveries for surrogate Decachlorobiphenyl (DCB) were outside the lower control limit on one or both analytical columns in samples listed below. Positive results and quantitation limits for these samples have been qualified "J" and "UJ", respectively.

| Fraction  | Samples                           |
|-----------|-----------------------------------|
| Pesticide | COB03, COB05, COB07, COB08, COB66 |
| Aroclor   | COB01, COB03, COB55, COB66        |

The recovery for 4,4'-DDT was zero percent (0%) on both analytical columns in pesticide MS/MSD analyses of sample COB36. The positive result for this analyte in this sample has been qualified "J".

The recovery of heptachlor was outside the upper control limit on one analytical column in the matrix spike analysis of pesticide sample COB36. In addition, the Relative Percent Difference (RPD) for this analyte was outside the control limit on both columns. The positive result for this analyte in this sample has been qualified "J".

The following analytes exceeded the calibration range in the diluted analysis of samples listed. Positive results for these analytes in the affected samples have been qualified "J".

| Fraction | Affected Sample     | Affected Analytes  |
|----------|---------------------|--|
| PAH SIM  | COB05, COB55        | Fluoranthene, Pyrene, Benzo(b)fluoranthene   |
|          | COB07, COB33, COB58 | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|          | COB36, COB53, COB65 | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene                       |
|          | COBF6               | Fluoranthene, Pyrene   |

### **Notes**

Detected concentrations for target analytes less than Contract Required Quantitation Limit (CRQL) are estimated and have been qualified "J".

Pesticide and Aroclor results with dual column precision %D >25% and <200% have been qualified "J".

Laboratory blanks were free of contamination in all fractions with the exception of 4-methyl-2-pentanone <CRQL in VBLK03, carbon disulfide <CRQL in VHBLK01 and methylene chloride <CRQL in all volatile blanks except VBLK83 and VHBLK02. 4-Methyl-2-pentanone and carbon disulfide were not detected in any field samples. Positive results for methylene chloride <CRQL in affected samples have been raised to the CRQL and qualified "U".

Trip blanks COBF4 reported concentration of chloroform >CRQL. Chloroform was not detected in the field samples. Trip Blank COBF5 was free of contamination. No data were qualified based on trip blanks.

Laboratory Control Samples (LCS) analyzed in pesticide and Aroclor fractions reported acceptable results.

Sample COBF6 is listed as a field duplicate sample on the chain of custody records. The duplicate pair to this sample was not identified. Comparison of results could not be made.

Sample COBF2 was not analyzed for PAH SIM fraction due the high concentration of PAH analytes in semivolatile fraction for this sample. No data were qualified based on this finding.

MS/MSD analyses of Aroclor sample COB36 reported recoveries outside the upper control limit on one column for Aroclor 1016 and 1260. In addition, the RPD for Aroclor 1016 was outside the control limit on one column. No positive results were reported for these analytes in the parent sample. No data were qualified based on these outliers.

Recovery of DMC Fluoranthene-<sub>d10</sub> was outside the lower control limit in the diluted analysis of SIM sample COB53. DMC was diluted out. No data were qualified based on this finding.

Surrogates were diluted out in several pesticide samples analyzed at a dilution. No data were qualified based on this finding.

Concentrations for the following target analytes exceeded the calibration range in the initial analysis for samples listed below. The samples were reanalyzed at dilution listed in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction     | Sample              | DF    | Affected Analytes  |
|--------------|---------------------|-------|--|
| Semivolatile | COBF2               | 2X    | Pyrene   |
| PAH          | COAW9               | 5X    | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|              | COAZ8               | 2X    | Fluoranthene, Pyrene, Chrysene, Benzo(b)fluoranthene   |
|              | COB01               | 5X    | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene   |
|              | COB03               | 5X    | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|              | COB05, COBF6        | 5X    | Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|              | COB07, COB58        | 2X    | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Dibenzo(a,h)anthracene, Benzo(g,h,i)perylene                                     |
|              | COB08               | 5X    | Phenanthrene, Fluoranthene, Pyrene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene   |
|              | COB33               | 5X    | Acenaphthene, Fluorene, Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Dibenzo(a,h)anthracene, Benzo(g,h,i)perylene |
|              | COB36, COB53, COB65 | 5X    | Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Dibenzo(a,h)anthracene, Benzo(g,h,i)perylene                         |
|              | COB51               | 2X    | Fluoranthene, Pyrene, Benzo(b)fluoranthene   |
|              | COB55               | 5X    | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|              | COB66               | 2X    | Fluoranthene, Pyrene, Chrysene, Benzo(b)fluoranthene   |
|              | COBF3               | 2X    | Fluoranthene, Pyrene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene   |
|              | Pesticide           | COB08 | 10X  |
| 100X         |                     |       | Dieldrin   |
| COB33        |                     | 2X    | cis-Chlordane  |
| COB36        |                     | 5X    | cis-Chlordane, trans-Chlordane   |
| COB51        |                     | 10X   | Heptachlor, Heptachlor epoxide   |
|              |                     | 100X  | cis-Chlordane, trans-Chlordane   |

The area count for internal standard Chlorobenzene-<sub>d4</sub> was <50% of the area count in the associated calibration standard in volatile sample C0B08. The sample was reanalyzed with acceptable internal standards area counts and DMC recoveries outside the upper control limits. Results from the reanalysis of this sample are reported. No positive results were reported in this sample. No data were qualified based on this finding.

Tentatively Identified Compounds (TICs) are not reviewed by the data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed. All calculated results had RPDs less than 5% of the reported results. No sample data were qualified.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and were found to be accurate and consistent. No action was taken based on manual integrations.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

### **Glossary of Organic Data Qualifier Codes**

|                       |   |
|-----------------------|---|
| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result.  |
| R                     | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.             |
| UJ                    | The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                                      |
| U                     | The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit  |
| J                     | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.  |
| J+                    | The result is an estimated quantity, but the result may be biased high.   |
| J-                    | The result is an estimated quantity, but the result may be biased low.  |
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers.  |
| N                     | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B                     | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C                     | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X                     | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 85                | U               | ug/kg | 85         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | UJ              | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 410               |                 | ug/kg | 410        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 270               | J               | ug/kg | 270        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

Sample Number: C0AZ8

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NLR-SS-135

pH:

Sample Date: 11/11/2020

Sample Time: 13:45:00

% Moisture:

% Solids: 81.1

| 4,4-DDT             | Target       | 1.6               | J               | ug/kg | 1.6        | J        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 5.2               | J               | ug/kg | 5.2        | P        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 6.1               | J               | ug/kg | 6.1        | P        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AZ8        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SS-135 | pH:                   | Sample Date: 11/11/2020 | Sample Time: 13:45:00 |
| % Moisture:                 |                       | % Solids: 81.1          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 82                | U               | ug/kg | 82         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | UJ              | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 460               |                 | ug/kg | 460        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 53                | J               | ug/kg | 53         | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 400               |                 | ug/kg | 400        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

Sample Number: C0B03

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NLR-SS-140

pH:

Sample Date: 11/12/2020

Sample Time: 10:05:00

% Moisture:

% Solids: 69.9

| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | UJ              | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 390               |                 | ug/kg | 390        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 290               |                 | ug/kg | 290        |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 47                | J               | ug/kg | 47         | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

| Analyte Name                   | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|--------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                   | Target       | 760               |                 | ug/kg | 760        |          | 1.0             | YES        | S4VEM            |
| Pyrene                         | Target       | 730               |                 | ug/kg | 730        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine          | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene             | Target       | 460               |                 | ug/kg | 460        |          | 1.0             | YES        | S4VEM            |
| Chrysene                       | Target       | 590               |                 | ug/kg | 590        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate     | Target       | 270               |                 | ug/kg | 270        |          | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene           | Target       | 760               |                 | ug/kg | 760        |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene           | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                 | Target       | 510               |                 | ug/kg | 510        |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene         | Target       | 330               |                 | ug/kg | 330        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene         | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene           | Target       | 370               |                 | ug/kg | 370        |          | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

Sample Number: C0B33

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NLR-CS-102

pH:

Sample Date: 11/11/2020

Sample Time: 08:45:00

% Moisture:

% Solids: 76.6

| Endosulfan Sulfate  | Target       | 1.2               | J               | ug/kg | 1.2        | JP       | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 24                |                 | ug/kg | 24         |          | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 22                | U               | ug/kg | 22         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.3               | U               | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.3               | U               | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 43                | J               | ug/kg | 43         | DP       | 2.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 34                | J               | ug/kg | 34         | P        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B33        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-102 | pH:                   | Sample Date: 11/11/2020 | Sample Time: 08:45:00 |
| % Moisture:                 |                       | % Solids: 76.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 87                | U               | ug/kg | 87         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 200               | J               | ug/kg | 200        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 79                | J               | ug/kg | 79         | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

| 4-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 81                | J               | ug/kg | 81         | J        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 71                | J               | ug/kg | 71         | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 50                | J               | ug/kg | 50         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B53        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-122 | pH:                   | Sample Date: 11/11/2020 | Sample Time: 10:10:00 |
| % Moisture:                 |                       | % Solids: 72.9          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 92                | U               | ug/kg | 92         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | UJ              | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 360               |                 | ug/kg | 360        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 330               |                 | ug/kg | 330        |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 49                | J               | ug/kg | 49         | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 57                | J               | ug/kg | 57         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

| Analyte Name                        | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                        | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |
| Pyrene                              | Target       | 1000              |                 | ug/kg | 1000       |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                  | Target       | 620               |                 | ug/kg | 620        |          | 1.0             | YES        | S4VEM            |
| Chrysene                            | Target       | 740               |                 | ug/kg | 740        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate          | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene                | Target       | 820               |                 | ug/kg | 820        |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene                | Target       | 320               |                 | ug/kg | 320        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                      | Target       | 580               |                 | ug/kg | 580        |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene              | Target       | 380               |                 | ug/kg | 380        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene              | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene                | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |

| 4,4-DDT             | Target       | 1.8               | J               | ug/kg | 1.8        | J        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 23                | U               | ug/kg | 23         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.5               | U               | ug/kg | 4.5        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.5               | U               | ug/kg | 4.5        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 3.4               | R               | ug/kg | 3.4        | P        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | J               | ug/kg | 2.1        | JP       | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B65        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-134 | pH:                   | Sample Date: 11/11/2020 | Sample Time: 12:55:00 |
| % Moisture:                 |                       | % Solids: 73.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 91                | U               | ug/kg | 91         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 450               | UJ              | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 620               |                 | ug/kg | 620        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |

| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 460               |                 | ug/kg | 460        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 81                | J               | ug/kg | 81         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 94                | J               | ug/kg | 94         | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 2000              |                 | ug/kg | 2000       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 430               |                 | ug/kg | 430        |          | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 4300              |                 | ug/kg | 4300       |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 4200              |                 | ug/kg | 4200       | D        | 2.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 2400              |                 | ug/kg | 2400       |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 2700              |                 | ug/kg | 2700       |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 3200              |                 | ug/kg | 3200       |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | UJ              | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 450               |                 | ug/kg | 450        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 46                | J               | ug/kg | 46         | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 57                | J               | ug/kg | 57         | J        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 68                | J               | ug/kg | 68         | J        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 70                | J               | ug/kg | 70         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 200               | J               | ug/kg | 200        | J        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 81                | J               | ug/kg | 81         | J        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 69                | J               | ug/kg | 69         | J        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

Sample Number: C0BF6

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NLR-CS-148-01

pH:

Sample Date: 11/12/2020

Sample Time: 15:15:00

% Moisture:

% Solids: 78.0

| 4,4-DDT             | Target       | 4.2               | U               | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 22                | U               | ug/kg | 22         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.2               | U               | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.2               | U               | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 0.84              | J               | ug/kg | 0.84       | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 0.46              | J               | ug/kg | 0.46       | JP       | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B36

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BF6           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-148-01 | pH:                   | Sample Date: 11/12/2020 | Sample Time: 15:15:00 |
| % Moisture:                    |                       | % Solids: 78.0          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 86                | U               | ug/kg | 86         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | UJ              | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 350               |                 | ug/kg | 350        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49167 COB60

**Overview**

This data package consisted of six (6) soil samples analyzed for semivolatile, Polycyclic Aromatic Hydrocarbons (PAHs) by Selected Ion Monitoring (SIM), Pesticides, and Aroclors.

Analyses were performed by Chemtech Consulting Group (CHM) through the Contract Laboratory Program (CLP) according to Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 24, 2020.

**Summary**

Significant dual column precision outliers were identified that resulted in rejection of pesticide results. Surrogate recovery qualification of pesticide results and results over the upper calibration in the PAH SIM analysis required estimation of results.

**Major Problem**

The following analytes had Percent Difference (%D) > 200% between the dual column analyses. Reported results for these analytes in samples listed below have been rejected and qualified "R".

| <b>Fraction</b> | <b>Affected Samples</b> | <b>Affected Analytes</b> |
|-----------------|-------------------------|--------------------------|
| Pesticide       | COB60                   | cis-Chlordane            |
|                 | COB98                   | cis-Chlordane            |

**Minor Problem**

Percent recoveries for pesticide surrogate decachlorobiphenyl was outside the lower control limit for samples COB78, COB89 and COB96. No analytes were detected > the CRQL. Results < the CRQL are estimated and have been qualified "J". Non detects were qualified "UJ".

The following analytes exceeded calibration range in the diluted analysis of samples listed below; the samples were not reanalyzed at further dilution. Detected results are estimated and have been qualified "J".

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COBJO  | 5x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene |

**Notes**

Target analytes detected at concentrations below Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

Method blanks were free from contamination for other fractions.

Pesticide results with Percent Difference (%D) between the two (2) analytical columns of > 25.0% and < 200% are estimated and have been qualified "J". The lower of the two (2) column result is reported.

Laboratory Control Samples (LCSs) reported recoveries of spiked analytes within control limits. No data were qualified based on LCS accuracy.

Matrix Spikes/Matrix Spike Duplicates (MSs/MSDs) reported recoveries and Relative Percent Differences (RPDs) of spiked analytes within control limits except for recovery of COBJOMSD gamma-BHC (Lindane). No data were qualified based on MS/MSD accuracy and precision.

Percent recovery for DMC/surrogate Acenaphthylene-d8 was outside the upper control limit for SVOC sample COBJO. No analytes were detected > the CRQL. No results were qualified due to this finding.

Concentrations of the following analytes exceeded the calibration range in the initial analysis of samples listed. These samples were reanalyzed at dilution in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction | Sample | DF  | Analyte   |
|----------|--------|-----|---|
| PAH      | C0B60  | 10x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene  |
|          | C0B96  | 5x  | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene  |
|          | C0B98  | 5x  | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene  |
|          | C0BJ0  | 5x  | Acenaphthene, Fluorene, Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Dibenzo (a,h)anthracene, Benzo(g,h,i)perylene |

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed by data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed. All calculated results had Relative Percent Differences (RPDs) less than 5% of the reported results. No sample data were qualified.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

---

**Glossary of Organic Data Qualifier Codes**

---

**Validation  
Qualifiers**

In order of descending precedence. Only one of these qualifiers may apply to any result.

---

- R The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.
- UJ The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.
- U The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit.
- J The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.
- J+ The result is an estimated quantity, but the result may be biased high.
- J- The result is an estimated quantity, but the result may be biased low.

---

**Additional  
Qualifiers**

Additional qualifiers may be combined with other qualifiers.

---

- N The analyte has been "tentatively identified" or "presumptively" as present.
- B The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.
- C The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers.
- X The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.

| 1,4-Dioxane                 | Target       | 90                | U               | ug/kg | 90         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 74                | J               | ug/kg | 74         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B60

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 340               | J               | ug/kg | 340        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 260               |                 | ug/kg | 260        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 160               | J               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 160               | J               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 22                | UJ              | ug/kg | 22         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B60

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B89        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-158 | pH:                   | Sample Date: 12/02/2020 | Sample Time: 13:35:00 |
| % Moisture:                 |                       | % Solids: 76.3          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 88                | U               | ug/kg | 88         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 80                | J               | ug/kg | 80         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

| delta-BHC           | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| gamma-BHC (Lindane) | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor          | Target       | 0.37              | J               | ug/kg | 0.37       | J        | 1.0             | YES        | S4VEM            |
| Aldrin              | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor epoxide  | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan I        | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| Dieldrin            | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDE             | Target       | 3.5               | J               | ug/kg | 3.5        | J        | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 1.8               | J               | ug/kg | 1.8        | J        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 23                | UJ              | ug/kg | 23         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 1.5               | J               | ug/kg | 1.5        | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 1.0               | J               | ug/kg | 1.0        | JP       | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 230               | UJ              | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B60

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B96        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-165 | pH:                   | Sample Date: 12/02/2020 | Sample Time: 14:15:00 |
| % Moisture:                 |                       | % Solids: 75.4          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 89                | U               | ug/kg | 89         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 77                | J               | ug/kg | 77         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |

| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 200               | J               | ug/kg | 200        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 83                | J               | ug/kg | 83         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 72                | J               | ug/kg | 72         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 84                | J               | ug/kg | 84         | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 1000              |                 | ug/kg | 1000       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 83                | J               | ug/kg | 83         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B60

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 1300              |                 | ug/kg | 1300       |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 970               |                 | ug/kg | 970        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 560               |                 | ug/kg | 560        |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 630               |                 | ug/kg | 630        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 79                | J               | ug/kg | 79         | J        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 720               |                 | ug/kg | 720        |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 500               |                 | ug/kg | 500        |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 280               |                 | ug/kg | 280        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 100               | J               | ug/kg | 100        | J        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 270               |                 | ug/kg | 270        |          | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

49167 COB74

### Overview

This data package consisted of eight (8) soil samples analyzed for semi volatiles, Polycyclic Aromatic Hydrocarbons (PAHs) by Selected Ion Monitoring (SIM), pesticides, and aroclors.

Analyses were performed by Chemtech Consulting Group (CHM) through the Contract Laboratory Program (CLP) according to Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 10, 2020.

### Summary

Deuterated Monitoring Compound (DMC) recovery outliers were identified that required rejection of sample results. Surrogate recovery, continuous calibration verification, and concentration exceeding calibration range required qualification of results.

### Major Problem

Percent recoveries for semivolatile DMCs 1,4-dioxane-d8 and 4-nitrophenol-d4 were < 10% for sample COB87. The associated analytes were not detected in the sample. Quantitation limits are unusable and have been qualified "R".

**Minor Problems**

Percent recoveries for the following surrogates were outside the lower control limit for the samples listed below. Quantitation limits are estimated and have been qualified "UJ".

| Fraction  | Surrogate          | Affected Samples |
|-----------|--------------------|------------------|
| Pesticide | Decachlorobiphenyl | COB74, COB87     |

The following analyte failed Percent Difference (%D) criteria in continuing calibration verification analysis. Quantitation limits are estimated and have been qualified "UJ".

| Fraction     | Standard ID          | Affected Analytes   | Associated Samples |
|--------------|----------------------|---------------------|--------------------|
| Semivolatile | SSTD02071, SSTD02072 | Hexachlorobutadiene | All samples in SDG |

The following analytes exceeded calibration range in the analysis of sample listed below; the sample was not reanalyzed at further dilution. Detected results are estimated and have been qualified "J".

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COB74  | 5x | Fluoranthene, Pyrene, Benzo(b)fluoranthene, Benzo(a)pyrene |

**Notes**

Target analytes detected at concentrations below Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

Method blanks were free from contamination for all fractions.

Pesticide results with Percent Difference (%D) between the two (2) analytical columns of > 25.0% and < 200% are estimated and have been qualified "J". The lower of the two (2) column result is reported.

Laboratory Control Samples (LCSs) reported recoveries of spiked analytes within control limits. No data were qualified based on LCS accuracy.

Matrix Spikes/Matrix Spike Duplicates (MSs/MSDs) reported recoveries and Relative Percent Differences (RPDs) of spiked analytes within control limits except for recoveries of Aroclor-1016 and Aroclor-1260 on one (1) analytical column. No data were qualified based on MS/MSD accuracy and precision.

Concentrations of the following analytes exceeded the calibration range in the initial analysis of the sample listed. The sample was reanalyzed at dilution in order to quantitate these analytes within the calibration range and the analytes were reported from the dilution. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COB74  | 5x | Phenanthrene, Benzo(a)anthracene, Chrysene, Benzo(k)fluoranthene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed by data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed on sample COB74. All calculated results had Relative Percent Differences (RPDs) less than 5% of the reported results. No sample data were qualified.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

#### Glossary of Organic Data Qualifier Codes

| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result.  |
|-----------------------|---|
| R                     | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.             |
| UJ                    | The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                                      |
| U                     | The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit.   |
| J                     | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.  |
| J+                    | The result is an estimated quantity, but the result may be biased high.   |
| J-                    | The result is an estimated quantity, but the result may be biased low.  |
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers.  |
| N                     | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B                     | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C                     | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X                     | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

| Endrin Aldehyde     | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 0.30              | J               | ug/kg | 0.30       | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B74

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B87        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-156 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 13:50:00 |
| % Moisture:                 |                       | % Solids: 75.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 88                | R               | ug/kg | 88         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | R               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | R               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | R               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | R               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | R               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |

| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | UJ              | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 280               |                 | ug/kg | 280        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B74

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

| % Moisture:                 |                       | % Solids: 85.1          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 79                | U               | ug/kg | 79         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | UJ              | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 290               |                 | ug/kg | 290        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B74

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
