| Endosulfan II       | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 23                | UJ              | ug/kg | 23         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.4               | UJ              | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.3               | UJ              | ug/kg | 2.3        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 230               | UJ              | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ1

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B62        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-131 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 10:50:00 |
| % Moisture:                 |                       | % Solids: 74.5          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 90                | U               | ug/kg | 90         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 320               |                 | ug/kg | 320        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 24                | UJ              | ug/kg | 24         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 0.26              | J               | ug/kg | 0.26       | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.4               | UJ              | ug/kg | 2.4        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 240               | UJ              | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZI

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B70        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-139 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 14:10:00 |
| % Moisture:                 |                       | % Solids: 70.1          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 96                | U               | ug/kg | 96         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 68                | J               | ug/kg | 68         | J        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 73                | J               | ug/kg | 73         | J        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 93                | J               | ug/kg | 93         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 93                | J               | ug/kg | 93         | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 2400              |                 | ug/kg | 2400       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 640               |                 | ug/kg | 640        |          | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 69                | J               | ug/kg | 69         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ1

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 2900              |                 | ug/kg | 2900       |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 2400              |                 | ug/kg | 2400       |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 1700              |                 | ug/kg | 1700       |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 1500              |                 | ug/kg | 1500       |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 71                | J               | ug/kg | 71         | J        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 1400              |                 | ug/kg | 1400       |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 590               |                 | ug/kg | 590        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 550               |                 | ug/kg | 550        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 570               |                 | ug/kg | 570        |          | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ1

Lab Name: Chemtech Consulting Group

| Analyte Name                          | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|---------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                          | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine                 | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate                  | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                        | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| % Moisture:                    |                       | % Solids: 81.4          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 82                | U               | ug/kg | 82         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 200               | J               | ug/kg | 200        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 350               |                 | ug/kg | 350        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 4.5               | UJ              | ug/kg | 4.5        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 0.34              | J               | ug/kg | 0.34       | JP       | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.5               | UJ              | ug/kg | 4.5        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 23                | UJ              | ug/kg | 23         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.5               | UJ              | ug/kg | 4.5        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.5               | UJ              | ug/kg | 4.5        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 3.5               | J-              | ug/kg | 3.5        | P        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.5               | J-              | ug/kg | 2.5        |          | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 230               | UJ              | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ1

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BH4           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-141-01 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 14:35:00 |
| % Moisture:                    |                       | % Solids: 72.5          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 92                | U               | ug/kg | 92         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 350               |                 | ug/kg | 350        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |

### Overview

This data package consisted of twenty (20) soil samples analyzed for semivolatile, Polycyclic Aromatic Hydrocarbons (PAHs) by Selected Ion Monitoring (SIM), pesticides, and Aroclors.

Analyses were performed by Chemtech Consulting Group (CHM) through the Contract Laboratory Program (CLP) according to Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 10, 2020.

### Summary

No significant data quality outliers or technical deficiencies were identified that would require rejection of sample results. DMC/surrogate recovery, blank contamination and concentrations exceeding calibration range required qualification of results.

### Minor Problem

Percent recoveries for the following DMC/surrogate were outside the lower control limit for the samples listed below. Detected results were <CRQL for the associated target analytes in these samples. Quantitation limits are estimated and have been qualified "UJ".

| Fraction     | DMC/Surrogate      | Affected Samples                  |
|--------------|--------------------|-----------------------------------|
| Semivolatile | 1,4-Dioxane-d8     | COB63                             |
| Pesticide    | Decachlorobiphenyl | COAZ5, COAZ6, COB63, COB64, COB68 |

The following analytes exceeded calibration range in the analysis of sample listed below; the sample was not reanalyzed at further dilution. Detected results are estimated and have been qualified "J".

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COB68  | 5x | Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene |

### Notes

Target analytes detected at concentrations below Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

Method blanks were free from contamination for all fractions.

Pesticide results with Percent Difference (%D) between the two (2) analytical columns of > 25.0% and < 200% are estimated and have been qualified "J". The lower of the two (2) column result is reported.

Laboratory Control Samples (LCSs) reported recoveries of spiked analytes within control limits. No data were qualified based on LCS accuracy.

Matrix Spikes/Matrix Spike Duplicates (MSs/MSDs) reported recoveries and Relative Percent Differences (RPDs) of spiked analytes within control limits except for recoveries of Aroclor-1260 on one (1) analytical column. No data were qualified based on MS/MSD accuracy and precision.

Percent recoveries for the following DMCs were outside the upper control limit for samples listed below. The associated analytes were not detected in the samples. Quantitation limits are not qualified.

| Fraction     | DMC                           | Affected Samples |
|--------------|-------------------------------|------------------|
| Semivolatile | 2-Nitrophenol-d4              | COBA7, COBH5     |
|              | 4,6-Dinitro-2-methylphenol-d2 | COBA7            |

The percent recovery for semivolatile DMC 4-chloroaniline-d4 was < 10% for sample COB63 which exceeds the advisory criteria minimum. No data were qualified based on this finding.

Chain of Custody Records (COCs) list sample COBH5 as field duplicate; however, COCs did not include reference regarding the identification of the corresponding sample. Therefore, no comparison was made.

Concentrations of the following analytes exceeded the calibration range in the initial analysis of samples listed. These samples were reanalyzed at dilution in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction     | Sample       | DF  | Analyte  |
|--------------|--------------|-----|--|
| Semivolatile | COB64        | 20x | Butylbenzylphthalate   |
| PAH          | COAZ5        | 5x  | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene |
|              | COB63, COB64 | 5x  | Fluoranthene, Pyrene, Benzo(b)fluoranthene   |
|              | COB68        | 5x  | Fluoranthene, Pyrene, Benzo(k)fluoranthene, indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|              | COB72        | 5x  | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene |

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed by data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed on sample COB72. All calculated results had Relative Percent Differences (RPDs) less than 5% of the reported results. No sample data were qualified.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

---

 Glossary of Organic Data Qualifier Codes
 

---

Validation Qualifiers    In order of descending precedence. Only one of these qualifiers may apply to any result.

---

- R            The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.
- UJ           The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.
- U            The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit.
- J            The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.
- J+           The result is an estimated quantity, but the result may be biased high.
- J-           The result is an estimated quantity, but the result may be biased low.

---

Additional Qualifiers    Additional qualifiers may be combined with other qualifiers.

---

- N            The analyte has been “tentatively identified” or “presumptively” as present.
- B            The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.
- C            The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers.
- X            The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.

| gamma-BHC (Lindane) | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor          | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Aldrin              | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor epoxide  | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan I        | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Dieldrin            | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDE             | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 22                | UJ              | ug/kg | 22         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.3               | UJ              | ug/kg | 4.3        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AZ5        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SS-132 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 11:30:00 |
| % Moisture:                 |                       | % Solids: 76.0          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 88                | U               | ug/kg | 88         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 200               | J               | ug/kg | 200        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 86                | J               | ug/kg | 86         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 83                | J               | ug/kg | 83         | J        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 76                | J               | ug/kg | 76         | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 27000             |                 | ug/kg | 27000      | D        | 20.0            | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 2900              |                 | ug/kg | 2900       |          | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDE             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BB0        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-119 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 12:55:00 |
| % Moisture:                 |                       | % Solids: 81.2          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 83                | U               | ug/kg | 83         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 280               |                 | ug/kg | 280        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| Endosulfan II       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 20                | U               | ug/kg | 20         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BB1        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-121 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 14:15:00 |
| % Moisture:                 |                       | % Solids: 83.9          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 80                | U               | ug/kg | 80         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 100               | J               | ug/kg | 100        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 210               |                 | ug/kg | 210        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

| gamma-BHC (Lindane) | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor          | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Aldrin              | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor epoxide  | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan I        | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Dieldrin            | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDE             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0AZ5

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BD6        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-DB-119 | pH:                   | Sample Date: 11/18/2020 | Sample Time: 13:10:00 |
| % Moisture:                 |                       | % Solids: 80.4          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 83                | U               | ug/kg | 83         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 67                | J               | ug/kg | 67         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 310               |                 | ug/kg | 310        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49167 COAZ9

### **Overview**

This data package consisted of nineteen (19) soil samples analyzed for low volatiles.

Analyses were performed by Chemtech Consulting Group (CHM) through the Contract Laboratory Program (CLP) according to Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 10, 2020.

### **Summary**

Significant internal standard (IS) area response outliers were identified that required rejection of sample results. IS area response, Deuterated Monitoring Compound (DMC) recoveries, calibration precision and blank contamination required qualification of results.

### **Major Problem**

Area response for all three ISs were outside the lower control limits and < 10% for sample COBC6. This sample was re-analyzed with similar results. ". Results from the re-analysis were reported. Detected analytes may be estimated high and have been qualified "J+". Quantitation limits are unusable and have been qualified "R

**Minor Problem**

Trichloroethene (TCE) failed percent difference (%D) criteria in calibration standard VSTD02519. TCE was not detected in the associated samples. Quantitation limits are estimated and have been qualified "UJ".

Percent recovery for DMC 1,2-dichlorobenzene-d4 was outside the lower control limits for sample COE0. The associated analytes were not detected in the sample. Quantitation limits are estimated and have been qualified "UJ".

Area response for all three ISs were outside the lower control limits for sample COB19. The sample was re-analyzed with similar result. Results from the re-analysis are reported. No analytes were detected in this sample. Quantitation limits are estimated and have been qualified "UJ".

**Notes**

Target analytes detected at concentrations below Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

All method blanks and storage blank VHBLK01 reported concentrations of methylene chloride less than the CRQL; method blank VBLK09 reported a concentration of 4-methyl-2-pentanone less than the CRQL; method blank VBLK11 reported a concentration of acetone less than the CRQL. Detected concentrations of these analytes less than the CRQL in the associated samples have been reported at CRQL and qualified "U". Detected concentrations of the methylene chloride  $\geq$  CRQL and  $\leq 2x$  blank results in associated samples have been reported at sample result and qualified "U".

Percent recovery for DMC 1,2-dichloropropane-d6 was outside the upper control limit for sample COBE4. The associated analytes were not detected in the sample. Quantitation limits are not qualified.

For instrument MSVOA\_W, the average RRF in the initial calibrations and the minimum RRF for continuing calibration standards were not met for DMC trans-1,3-dichloropropene-d4. No samples are qualified based on this DMC calibration.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed by data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed on samples COBD9 and COBE3. All calculated results had Relative Percent Differences (RPDs) less than 5% of the reported results. No sample data were qualified.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

### Glossary of Organic Data Qualifier Codes

---

Validation Qualifiers In order of descending precedence. Only one of these qualifiers may apply to any result.

---

- R The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.
- UJ The analyte was analyzed for but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.
- U The analyte was analyzed for but was not detected above the level of the reported sample quantitation limit.
- J The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.
- J+ The result is an estimated quantity, but the result may be biased high.
- J- The result is an estimated quantity, but the result may be biased low.

---

Additional Qualifiers Additional qualifiers may be combined with other qualifiers.

---

- N The analyte has been “tentatively identified” or “presumptively” as present.
- B The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.
- C The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers.
- X The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49167 COB06

### **Overview**

This data package consisted of twenty (20) soil samples analyzed for Aroclors, pesticide, semivolatile target analytes and Polynuclear Aromatic Hydrocarbon (PAH) by Selective Ion Monitoring (SIM) analysis. This sample set included a field duplicate sample.

Analyses were performed by Chemtech Consulting Group (CHM) according to Contract Laboratory Program (CLP) Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 10, 2020.

### **Summary**

Dual column precision and Deuterated Monitoring Compound (DMC) recoveries outliers were identified that resulted in the rejection as well as the estimation of sample results. DMC/Surrogate recoveries, calibration precision, and dual column precision required estimation of results.

### **Major Problems**

Pesticide target analyte heptachlor epoxide had a percent difference (%D) > 200% between the dual column analyses. The large %D between the two results may indicate interferences impacting the analyte. Reported result for this analyte in sample COAZ9 has been rejected and qualified "R".

Percent recoveries for the following DMCs were less than 10% in sample listed below. Analytes associated with these DMCs were non-detect in this sample. Non-detects are unusable and have been qualified "R".

| Fraction | Affected Sample | Affected Analytes                               |
|----------|-----------------|---|
| SVOA     | COBC4           | 4-Nitrophenol-d4, 4,6-Dinitro-2-methylphenol-d2 |

### **Minor Problems**

Percent recoveries for the following DMC were outside the lower control limit in samples listed below. The analyte associated with this DMC was non-detect in these samples. Non-detects are estimated and have been qualified "UJ".

| Fraction | DMCs           | Affected Samples |
|----------|----------------|------------------|
| SVOA     | 1,4-Dioxane-d8 | COB09, COB67     |

Percent recoveries for the following surrogate was outside the lower control limit for the samples listed below. Detected concentrations for target analytes associated with this DMC are estimated and have been qualified "J". Non-detects are estimated and have been qualified "UJ".

| Fraction  | Surrogate          | Affected Samples  |
|-----------|--------------------|---|
| Pesticide | Decachlorobiphenyl | COAZ9, COB06, COB19, COB20, COB23, COB67, COB77, COB91, COB92 |

The laboratory reported the following target analytes failed the precision criteria (%D) in the continuing calibration verification (CCV) standard listed below. Detected concentrations for these analytes in the associated field samples are estimated and have been qualified "J". Non-detects are estimated and have been qualified "UJ".

| Fraction | Standard IDs                               | Affected analytes                                    | Associated Samples   |
|----------|--|--|--|
| SVOA     | SSTD02069                                  | 1,4-Dioxane  | COB24, COB19, COB67, COBC0, COBH1, COBC2, COBC4, COB23, COB77, COB91, COB88, COB92                     |
|          | SSTD02071                                  | Hexachlorobutadiene                                  | COAZ9, COB06, COB09, COB20, COBH7  |
|          | SSTD02072                                  | Hexachlorobenzene, Hexachlorobutadiene, Fluoranthene |  |
| PAH      | SSTD0.416, SSTD0.417, SSTD0.418, SSTD0.419 | Benzo(a)anthracene                                   | COB19, COB67, COBB9, COBC0, COBC2, COBC4, COBC6, COBC9, COBH1, COBH7, Diluted analysis of sample COB20 |

The following analytes exceeded calibration range in the analysis of samples listed below; the samples were not reanalyzed at further dilution. Detected results are estimated and have been qualified "J".

| Fraction | Sample | DF | Analyte                            |
|----------|--------|----|------------------------------------|
| PAH      | COB20  | 5x | Fluoranthene, Pyrene               |
|          | COB77  | 5x | Phenanthrene, Fluoranthene, Pyrene |

### **Notes**

Detected concentrations for target analytes less than Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

Pesticide results with Percent Difference (%D) between the two (2) analytical columns of > 25.0% and < 200% are estimated and have been qualified "J". The lower of the two (2) column result is reported.

All other reported results base on dual column precision were less than the CRQL.

In the pest/Aroclors/semivolatile/SIM fractions, method blanks were free from contaminations.

Percent recoveries for Aroclors/pesticide target analytes in Laboratory Control Sample (LCS) analyses were within control limits on both columns. No data were qualified based on LCS precision or accuracy.

Percent recoveries and Relative Percent Differences (RPDs) for pesticide/Aroclors target analytes in Matrix Spike/Matrix Spike Duplicate (MS/MSD) analysis of sample COBC4 were within control limits on both columns. No data were qualified based on this finding.

The laboratory noted sample COB24 exceed calibration range for PAH analytes, therefore this sample is not reanalyzed for SIM analysis. No data were qualified based on this finding.

Sample COB24 had a high recovery for pesticide surrogate tetrachloro-m-xylene. This sample was non-detect for pesticide analytes. No data were qualified based on this outlier.

Concentrations of the following analytes exceeded the calibration range in the initial analysis of samples listed. These samples were reanalyzed at dilution in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction | Sample | DF  | Analyte  |
|----------|--------|-----|--|
| SVOA     | COB24  | 5x  | Phenanthrene, Pyrene, Benzo(b)fluoranthene   |
| PAH      | COA29  | 10x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Dibenzo(a,h)anthracene, Benzo(g,h,i)perylene |
|          | COB06  | 5x  | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene                         |
|          | COB09  | 2x  | Fluoranthene, Pyrene   |
|          | COB20  | 5x  | Phenanthrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|          | COB77  | 5x  | Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|          | COB88  | 5x  | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene   |
|          | COB92  | 5x  | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(a)pyrene, Benzo(b)fluoranthene   |

Surrogate recoveries requirements do not apply to samples that have been diluted.

Sample COBH77 is identified as a field duplicate sample on the chain of custody record. Sufficient information was not provided to identify the duplicate sample. Comparison of results could not be made.

Sample calculation checks were performed. All calculated results had RPDs less than 5% of the reported results. No sample data were qualified.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

#### Glossary of Organic Data Qualifier Codes

| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result.  |
|-----------------------|---|
| R                     | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.             |
| UJ                    | The analyte was analyzed for but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                                       |
| U                     | The analyte was analyzed for but was not detected above the level of the reported sample quantitation limit.  |
| J                     | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.  |
| J+                    | The result is an estimated quantity, but the result may be biased high.   |
| J-                    | The result is an estimated quantity, but the result may be biased low.  |
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers.  |
| N                     | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B                     | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C                     | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X                     | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

| 2,2-oxybis(1-Chloropropane) | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | UJ              | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 79                | J               | ug/kg | 79         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 240               | UJ              | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 95                | J               | ug/kg | 95         | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 64                | J               | ug/kg | 64         | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |

| Endrin              | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 22                | UJ              | ug/kg | 22         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.2               | UJ              | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.2               | UJ              | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B20        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SS-157 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 08:05:00 |
| % Moisture:                 |                       | % Solids: 78.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 85                | U               | ug/kg | 85         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 50                | J               | ug/kg | 50         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 91                | J               | ug/kg | 91         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | UJ              | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |

| delta-BHC           | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| gamma-BHC (Lindane) | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor          | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Aldrin              | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Heptachlor epoxide  | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan I        | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Dieldrin            | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDE             | Target       | 0.25              | J               | ug/kg | 0.25       | JP       | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | UJ              | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | UJ              | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | UJ              | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | UJ              | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B23        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SS-160 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 11:50:00 |
| % Moisture:                 |                       | % Solids: 79.9          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 84                | UJ              | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 75                | J               | ug/kg | 75         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 98                | J               | ug/kg | 98         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 510               |                 | ug/kg | 510        |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 430               |                 | ug/kg | 430        |          | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 5200              |                 | ug/kg | 5200       | D        | 5.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 850               |                 | ug/kg | 850        |          | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 650               |                 | ug/kg | 650        |          | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 6400              |                 | ug/kg | 6400       |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 6700              |                 | ug/kg | 6700       | D        | 5.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 3400              |                 | ug/kg | 3400       |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 3500              |                 | ug/kg | 3500       |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 4900              |                 | ug/kg | 4900       | D        | 5.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 1500              |                 | ug/kg | 1500       |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 3200              |                 | ug/kg | 3200       |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 1900              |                 | ug/kg | 1900       |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 630               |                 | ug/kg | 630        |          | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 1900              |                 | ug/kg | 1900       |          | 1.0             | YES        | S4VEM            |

| 4-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

| 1,4-Dioxane                 | Target       | 84                | UJ              | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 76                | J               | ug/kg | 76         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 570               |                 | ug/kg | 570        |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 63                | J               | ug/kg | 63         | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 71                | J               | ug/kg | 71         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

| Analyte Name                   | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|--------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                   | Target       | 750               |                 | ug/kg | 750        |          | 1.0             | YES        | S4VEM            |
| Pyrene                         | Target       | 540               |                 | ug/kg | 540        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine          | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene             | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| Chrysene                       | Target       | 280               |                 | ug/kg | 280        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| Endosulfan II       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B88        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-157 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 08:10:00 |
| % Moisture:                 |                       | % Solids: 79.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 84                | UJ              | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 63                | J               | ug/kg | 63         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDT             | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 24                | UJ              | ug/kg | 24         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.7               | UJ              | ug/kg | 4.7        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.4               | UJ              | ug/kg | 2.4        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.4               | UJ              | ug/kg | 2.4        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 240               | UJ              | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B91        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-160 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 11:55:00 |
| % Moisture:                 |                       | % Solids: 69.3          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 96                | UJ              | ug/kg | 96         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 96                | J               | ug/kg | 96         | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 470               | U               | ug/kg | 470        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 210               |                 | ug/kg | 210        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | R               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 100               | J               | ug/kg | 100        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | R               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | R               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | R               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | R               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | R               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

| Endosulfan II       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.1               | U               | ug/kg | 2.1        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B06

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0BC6        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-SB-146 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 10:20:00 |
| % Moisture:                 |                       | % Solids: 80.0          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 84                | U               | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 84                | J               | ug/kg | 84         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

| Bis(2-Chloroethyl)ether     | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | S4VEM            |

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49167, COB23

### **Overview**

This data package consisted of one (1) trip blank and ten (10) soil samples that were analyzed for volatile target analytes.

Analyses were performed by Chemtech Consulting Group (CHM) according to Contract Laboratory Program (CLP) Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 10, 2020.

### **Summary**

No significant data quality outliers or technical deficiencies were identified that would require rejection of sample results. Blank contamination required qualification of sample results.

**Minor Problem**

Method blanks VBLK10/VBLK11/VBLK84/VBLK99 and storage blank VBLK02 reported concentrations of methylene chloride less than or equal to the CRQL. Method blanks VBLK10/VBLK11 reported concentrations of acetone less than the CRQL. Detected concentrations of these analytes in associated samples that were less than the CRQL have been reported at the CRQL and qualified "U". Detected concentrations that were greater than the CRQL but less than two times (<2X) the blank concentration have been qualified "U" as reported. The detected concentration of methylene chloride in sample C0B23, which was greater than two times (>2X) the blank concentration may be estimated high and has been qualified "J+".

**Notes**

Detected concentrations for target analytes less than Contract Required Quantitation Limits (CRQLs) are estimated and have been qualified "J".

Method blank VBLK86 and storage blank VHBLK01 reported concentrations of 2-hexanone less than the CRQL. The detected concentration of 2-hexanone in associated trip blank C0BH6 was less than the CRQL and has been reported at the CRQL and qualified "U".

Trip blank C0BH6 reported a concentration of acetone less than the CRQL. The detected concentrations of acetone in samples that were less than the CRQL have been reported at the CRQL and qualified "U". The detected concentration of acetone in sample C0BD0 that was greater than the CRQL, but less than two times (<2X) the blank concentration has been qualified "U" as reported.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed by data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed on all field samples. All calculated results had Relative Percent Differences (RPDs) less than 5% of the reported results. No sample data were qualified.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

## **Glossary of Organic Data Qualifier Codes**

---

|                       |  |
|-----------------------|--|
| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result. |
|-----------------------|--|

---

|    |   |
|----|---|
| R  | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample. |
| UJ | The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                          |
| U  | The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit  |
| J  | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.                              |
| J+ | The result is an estimated quantity, but the result may be biased high.   |
| J- | The result is an estimated quantity, but the result may be biased low.  |

---

|                       |  |
|-----------------------|--|
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers. |
|-----------------------|--|

---

|   |   |
|---|---|
| N | The analyte has been “tentatively identified” or “presumptively” as present.  |
| B | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49167 C0B25

### **Overview**

This data package consisted of seventeen (17) soil samples analyzed for semivolatile, semivolatile PAH by SIM, pesticide and Aroclor analytes and one (1) soil sample analyzed for pesticide and Aroclor analytes.

Analyses were performed by Chemtech Consulting Group (CHM) according to Contract Laboratory Program (CLP) Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated December 10, 2020.

### **Summary**

A significant data quality outlier regarding Deuterated Monitoring Compound (DMC) was identified that resulted in rejection of results in a semivolatile sample. Other DMC recoveries in semivolatile fraction and dual column precision in the pesticide and aroclor fraction required qualification of results.

### **Major Problem**

The recovery of DMC 4-Nitrophenol-<sub>d4</sub> was <10% in semivolatile sample C0B95. No positive results were reported for analytes associated with this DMC. Quantitation limits for analytes associated with this DMC in this sample have been rejected and qualified "R".

**Minor Problem**

The recovery of DMC 1,4-Dioxane-<sub>d8</sub> was outside the lower control limit in semivolatile sample COB97. No positive result was reported for 1,4-dioxane, the analyte associated with this DMC. Quantitation limit for 1,4-dioxane in this sample has been qualified "UJ".

**Notes**

Detected concentrations for target analytes less than Contract Required Quantitation Limit (CRQL) are estimated and have been qualified "J".

Pesticide and Aroclor results with %D >25% between the two analytical columns have been qualified "J".

Laboratory blanks were free of contamination in all fractions.

Laboratory Control Samples (LCS) analyzed in pesticide and Aroclor fractions reported acceptable results.

Concentrations for the following target analytes exceeded the calibration range in the initial analysis for samples listed below. These samples were reanalyzed at dilutions listed in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction | Sample       | DF  | Affected Analytes  |
|----------|--------------|-----|--|
| PAH      | COB26, COB94 | 10X | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|          | COB27        | 5X  | Fluoranthene, Pyrene, Benzo(b)fluoranthene   |
|          | COB93        | 2X  | Fluoranthene, Pyrene   |
|          | COB95        | 5X  | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene   |
|          | COBD0        | 4X  | Fluoranthene, Pyrene, Benzo(b)fluoranthene   |

Matrix Spike/Matrix Spike Duplicate (MS/MSD) analyses of pesticide and Aroclor samples COBE4 reported acceptable results.

DMC recoveries were outside the lower control limit in the diluted analysis of SIM sample COB27. DMCs were diluted out and no data were qualified based on this finding.

Tentatively Identified Compounds (TICs) are not reviewed by the data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed. All calculated results had RPDs less than 5% of the reported results. No sample data were qualified.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and were found to be accurate and consistent. No action was taken based on manual integrations.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

### **Glossary of Organic Data Qualifier Codes**

|                       |   |
|-----------------------|---|
| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result.  |
| R                     | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.             |
| UJ                    | The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                                      |
| U                     | The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit  |
| J                     | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.  |
| J+                    | The result is an estimated quantity, but the result may be biased high.   |
| J-                    | The result is an estimated quantity, but the result may be biased low.  |
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers.  |
| N                     | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B                     | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C                     | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X                     | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 170               | J               | ug/kg | 170        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B93        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-162 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 11:20:00 |
| % Moisture:                 |                       | % Solids: 76.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 87                | U               | ug/kg | 87         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

| Analyte Name                      | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                      | Target       | 73                | J               | ug/kg | 73         | J        | 1.0             | YES        | S4VEM            |
| Pyrene                            | Target       | 65                | J               | ug/kg | 65         | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

| Endosulfan Sulfate  | Target       | 4.6               | U               | ug/kg | 4.6        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 0.91              | J               | ug/kg | 0.91       | JP       | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 24                | U               | ug/kg | 24         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.6               | U               | ug/kg | 4.6        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.6               | U               | ug/kg | 4.6        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 0.58              | J               | ug/kg | 0.58       | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 0.40              | J               | ug/kg | 0.40       | JP       | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B94        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-163 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 14:45:00 |
| % Moisture:                 |                       | % Solids: 71.3          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 94                | U               | ug/kg | 94         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 97                | J               | ug/kg | 97         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 460               | U               | ug/kg | 460        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 240               | U               | ug/kg | 240        | U        | 1.0             | YES        | S4VEM            |

| Endrin Aldehyde     | Target       | 4.2               | U               | ug/kg | 4.2        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.2               | U               | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.2               | U               | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

|                             |                       |                         |                       |
|-----------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0B95        | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NLR-CS-164 | pH:                   | Sample Date: 11/19/2020 | Sample Time: 10:25:00 |
| % Moisture:                 |                       | % Solids: 78.1          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 86                | U               | ug/kg | 86         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 79                | J               | ug/kg | 79         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | R               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | R               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | R               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | R               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49167/EPW14030/C0B25

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
