| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 340               |                 | ug/kg | 340        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 390               |                 | ug/kg | 390        |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 85                | J               | ug/kg | 85         | J        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 760               |                 | ug/kg | 760        |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 680               |                 | ug/kg | 680        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 230               |                 | ug/kg | 230        |          | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 430               | U               | ug/kg | 430        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 1800              |                 | ug/kg | 1800       |          | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 4000              |                 | ug/kg | 4000       |          | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 520               |                 | ug/kg | 520        |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 160               | J               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 390               |                 | ug/kg | 390        |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 220               |                 | ug/kg | 220        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 79                | J               | ug/kg | 79         | J        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |

|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 78                | U               | ug/kg | 78         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 47                | J               | ug/kg | 47         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 160               | J               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 310               |                 | ug/kg | 310        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 860               |                 | ug/kg | 860        |          | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 1300              |                 | ug/kg | 1300       |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 2300              |                 | ug/kg | 2300       |          | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 18000             |                 | ug/kg | 18000      | D        | 10.0            | YES        | S4VEM            |
| Anthracene                  | Target       | 5000              |                 | ug/kg | 5000       | D        | 10.0            | YES        | S4VEM            |
| Carbazole                   | Target       | 960               |                 | ug/kg | 960        |          | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 220               |                 | ug/kg | 220        |          | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 15000             |                 | ug/kg | 15000      | D        | 10.0            | YES        | S4VEM            |
| Pyrene                             | Target       | 13000             |                 | ug/kg | 13000      | D        | 10.0            | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 84                | J               | ug/kg | 84         | J        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |

| 4,4-DDD             | Target       | 25                | J               | ug/kg | 25         | P        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.6               | U               | ug/kg | 4.6        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 20                | J               | ug/kg | 20         |          | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 24                | U               | ug/kg | 24         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.6               | U               | ug/kg | 4.6        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.6               | U               | ug/kg | 4.6        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 11                | J               | ug/kg | 11         | P        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 8.8               | J               | ug/kg | 8.8        | P        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AP4           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SB-44 | pH:                   | Sample Date: 09/29/2020 | Sample Time: 10:10:00 |
| % Moisture:                    |                       | % Solids: 72.4          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 92                | U               | ug/kg | 92         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 190               | J               | ug/kg | 190        | J        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 70                | J               | ug/kg | 70         | J        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 340               |                 | ug/kg | 340        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 230               | U               | ug/kg | 230        | U        | 1.0             | YES        | S4VEM            |

| 2-Chlorophenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 630               |                 | ug/kg | 630        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 210               | J               | ug/kg | 210        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 97                | J               | ug/kg | 97         | J        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 800               | U               | ug/kg | 800        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |

| trans-Chlordane     | Target       | 14                | U               | ug/kg | 14         | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AQ5           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SD-22 | pH:                   | Sample Date: 09/29/2020 | Sample Time: 15:00:00 |
| % Moisture:                    |                       | % Solids: 12.2          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 430               | J               | ug/kg | 430        | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 3100              |                 | ug/kg | 3100       |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 2700              | U               | ug/kg | 2700       | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

| Analyte Name                 | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |

| Dieldrin            | Target       | 2.7               | J               | ug/kg | 2.7        | JP       | 1.0             | YES        | S4VEM            |
| 4,4-DDE             | Target       | 1.2               | J               | ug/kg | 1.2        | JP       | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 3.7               | R               | ug/kg | 3.7        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 3.7               | R               | ug/kg | 3.7        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 3.4               | J               | ug/kg | 3.4        | JP       | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 3.7               | R               | ug/kg | 3.7        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 2.6               | J               | ug/kg | 2.6        | J        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 19                | R               | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 3.7               | R               | ug/kg | 3.7        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 3.7               | R               | ug/kg | 3.7        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 1.4               | J               | ug/kg | 1.4        | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 1.4               | R               | ug/kg | 1.4        | JP       | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 190               | R               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ6

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AS2           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SB-42 | pH:                   | Sample Date: 09/28/2020 | Sample Time: 13:30:00 |
| % Moisture:                    |                       | % Solids: 87.9          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 76                | U               | ug/kg | 76         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 450               |                 | ug/kg | 450        |          | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 640               |                 | ug/kg | 640        |          | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 930               |                 | ug/kg | 930        |          | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 1700              |                 | ug/kg | 1700       |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 1700              |                 | ug/kg | 1700       |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 3600              |                 | ug/kg | 3600       | D        | 10.0            | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 370               | R               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

### Overview

This data package consisted of twenty (20) soil samples analyzed for low volatiles, semi-volatiles, Polycyclic Aromatic Hydrocarbons (PAHs) by Selected Ion Monitoring (SIM), pesticides, and Aroclors.

Analyses were performed by Chemtech Consulting Group (CHM) through the Contract Laboratory Program (CLP) according to Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated October 21, 2020.

Trip blanks COAS6 and COAS7 (from SDG COAR2) are associated with samples in this SDG and used in the evaluation of this data.

### Summary

Significant Deuterated Monitoring Compound (DMC) recovery and dual column precision outliers were identified that resulted in rejection of sample results. Less significant data quality outliers requiring estimation of sample results were identified including, but not limited to, surrogate recovery and calibration.

### Major Problems

The percent recovery for semivolatile DMC 4,6-dinitro-2-methylphenol-d2 was < 10% for sample COAK8. The associated analyte 4,6-dinitro-2-methylphenol was not detected in the sample. Quantitation limit is unusable and has been qualified "R".

The following analytes had Percent Difference (%D) > 200% between the dual column analyses. The large %D between the two results may indicate interferences impacting the analyte. Reported results for these analytes in samples listed below have been rejected and qualified "R".

| Fraction  | Affected Samples | Affected Analytes                              |
|-----------|------------------|--|
| Pesticide | COAL1            | Heptachlor Epoxide, Endrin                     |
|           | COAL3            | Dieldrin                                       |
|           | COAL4            | Heptachlor Epoxide, Dieldrin, Endrin, 4,4'-DDT |
|           | COAL9            | Heptachlor Epoxide                             |
|           | COAP3            | 4,4'-DDE                                       |
|           | COAS4            | trans-Chlordane                                |

### Minor Problem

Percent recoveries for pesticide surrogate tetrachloro-m-xylene were outside the lower control limit for samples COAK8 and COAP3. Detected results >CRQL for pesticides in these samples are estimated and have been qualified "J-". Quantitation limits are estimated and have been qualified "UJ".

The semivolatile analyte 2,4-dinitophenol failed Percent Difference (%D) criteria in the CCV VSTD02033. The analyte was not detected in the associated samples. Quantitation limits are estimated and have been qualified "UJ".

The following analytes exceeded calibration range in the diluted analysis of samples listed below; the samples were not reanalyzed at further dilution. Detected results are estimated and have been qualified "J".

| Fraction | Sample | DF | Analyte  |
|----------|--------|----|--|
| PAH      | COAK8  | 5x | Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|          | COAL4  | 5x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Benzo(b)fluoranthene   |
|          | COAL8  | 5x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene   |
|          | COAP3  | 5x | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene                                   |

### Notes

Target analytes detected at concentrations below Contract Required Quantitation Limits (CRQLs) are

estimated and have been qualified "J".

For the volatile fraction, method blanks VBLK23 and VBLK24 and storage blank VHBLK01 reported detected concentrations of acetone and methylene chloride less than the CRQL; method blank VBLK25 reported detected concentration of methylene chloride less than the CRQL; trip blanks COAS6 and COAS7 reported detected concentrations of acetone less than the CRQL. Detected concentrations of these analytes less than the CRQL in the associated samples have been reported at CRQL and qualified "U".

Method blanks were free from contamination for other fractions.

Pesticide and Aroclor results with Percent Difference (%D) between the two (2) analytical columns of > 25.0% and < 200% are estimated and have been qualified "J". The lower of the two (2) column result is reported.

The percent solids for sample COAQ6 was > 10% but < 30.0%. No data were qualified based on this finding.

Laboratory Control Samples (LCSs) reported recoveries of spiked analytes within control limits. No data were qualified based on LCS accuracy.

Matrix Spikes/Matrix Spike Duplicates (MSs/MSDs) reported recoveries and Relative Percent Differences (RPDs) of spiked analytes within control limits except for recoveries of Aroclor-1016 and Aroclor-1260. No data were qualified based on MS/MSD accuracy and precision.

Percent recoveries for the following DMCs/surrogates were outside the upper control limit for samples listed below. The associated analytes were not detected in the samples. Quantitation limits are not qualified.

| Fraction     | DMC/Surrogate          | Affected Samples                  |
|--------------|------------------------|-----------------------------------|
| Volatile     | 1,2-Dichloropropane-d6 | COAP3                             |
| Semivolatile | 2-Nitrophenol-d4       | COAJ8, COAM8                      |
|              | Acenaphthylene-d8      | COAJ8, COAM8                      |
|              | Pyrene-d10             | COAJ8, COAM8                      |
| Aroclor      | Tetrachloro-m-xylene   | COAK3, COAK8, COAM3, COAM8, COAS3 |

Percent recoveries for surrogates tetrachloro-m-xylene and decachlorobiphenyl were outside the control limits for diluted samples COAL8 and COAP3. Recoveries for surrogates are not used to qualify diluted samples.

Concentrations of the following analytes exceeded the calibration range in the initial analysis of samples listed. These samples were reanalyzed at dilution in order to quantitate these analytes within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction      | Sample       | DF   | Analyte  |
|---------------|--------------|------|--|
| Semivolatiles | COAP3        | 2x   | Pyrene   |
| PAH           | COAK3        | 10x  | Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene                                 |
|               | COAK8        | 5x   | Acenaphthylene, Acenaphthene, Fluorene, Dibenzo(a,h)anthracene   |
|               | COAL1, COAL9 | 10x  | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene |
|               | COAL3        | 5x   | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene   |
|               | COAL4        | 5x   | Anthracene, Chrysene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|               | COAL8        | 5x   | Acenaphthene, Fluorene, Anthracene, Benzo(k)fluoranthene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |
|               | COAP3        | 5x   | Acenaphthene, Fluorene, Anthracene, Benzo(k)fluoranthene, Dibenzo(a,h)anthracene   |
|               | COAS4        | 5x   | Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(a)pyrene, Benzo(g,h,i)perylene   |
| Pesticide     | COAL9        | 5x   | 4,4'-DDT, cis-Chlordane, trans-Chlordane   |
|               | COAP3        | 10x  | 4,4'-DDD, cis-Chlordane, trans-Chlordane   |
| Aroclor       | COAL8        | 200x | Aroclor-1260   |
|               | COAP3        | 20x  | Aroclor-1260   |

The originally shipped COCs listed the collection method as composite instead of grab for all soil samples.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and found to be accurate and consistent. No action was taken based on manual integrations.

Tentatively Identified Compounds (TICs) are not reviewed by data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed on sample COAP3. All calculated results had Relative Percent Differences (RPDs) less than 5% of the reported results. No sample data were qualified.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

---

 Glossary of Organic Data Qualifier Codes
 

---

 Validation  
 Qualifiers
 

---

In order of descending precedence. Only one of these qualifiers may apply to any result.

---

|    |   |
|----|---|
| R  | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample. |
| UJ | The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                          |
| U  | The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit.   |
| J  | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.                              |
| J+ | The result is an estimated quantity, but the result may be biased high.   |
| J- | The result is an estimated quantity, but the result may be biased low.  |

---

 Additional  
 Qualifiers
 

---

Additional qualifiers may be combined with other qualifiers.

---

|   |   |
|---|---|
| N | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

| Isophorone                  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 160               | J               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 370               | UJ              | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 46                | J               | ug/kg | 46         | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 400               |                 | ug/kg | 400        |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

| Analyte Name                   | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|--------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                   | Target       | 430               |                 | ug/kg | 430        |          | 1.0             | YES        | S4VEM            |
| Pyrene                         | Target       | 360               |                 | ug/kg | 360        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine          | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene             | Target       | 220               |                 | ug/kg | 220        |          | 1.0             | YES        | S4VEM            |
| Chrysene                       | Target       | 190               |                 | ug/kg | 190        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene           | Target       | 190               |                 | ug/kg | 190        |          | 1.0             | YES        | S4VEM            |

| Sample Location: NL-2020-SS-33 | pH:                   | Sample Date: 09/30/2020 | Sample Time: 12:30:00 |
| % Moisture:                    |                       | % Solids: 89.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 74                | U               | ug/kg | 74         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 46                | J               | ug/kg | 46         | J        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 88                | J               | ug/kg | 88         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 370               | UJ              | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 73                | J               | ug/kg | 73         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 370               | R               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 1600              |                 | ug/kg | 1600       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 500               |                 | ug/kg | 500        |          | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 42                | J               | ug/kg | 42         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

| 2,4-Dimethylphenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 170               | J               | ug/kg | 170        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AL1           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SS-36 | pH:                   | Sample Date: 09/30/2020 | Sample Time: 11:00:00 |
| % Moisture:                    |                       | % Solids: 83.0          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 80                | U               | ug/kg | 80         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 45                | J               | ug/kg | 45         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 76                | J               | ug/kg | 76         | J        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 180               | J               | ug/kg | 180        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

|                                |                           |                         |                       |
|--------------------------------|---------------------------|-------------------------|-----------------------|
| Sample Number: C0AL3           | Method: Volatile Organics | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SS-38 | pH:                       | Sample Date: 09/29/2020 | Sample Time: 14:00:00 |
| % Moisture:                    |                           | % Solids: 83.3          |                       |

| Analyte Name                          | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|---------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Dichlorodifluoromethane               | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Chloromethane                         | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Vinyl chloride                        | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Bromomethane                          | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Chloroethane                          | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Trichlorofluoromethane                | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Dichloroethene                    | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| 1,1,2-Trichloro-1,2,2-trifluoroethane | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Acetone                               | Target       | 11                | U               | ug/kg | 3.5        | JB       | 1.0             | YES        | S4VEM            |
| Carbon disulfide                      | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |
| Methyl Acetate                        | Target       | 5.4               | U               | ug/kg | 5.4        | U        | 1.0             | YES        | S4VEM            |

| 4-Methylphenol              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 52                | J               | ug/kg | 52         | J        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 86                | J               | ug/kg | 86         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 420               | UJ              | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 64                | J               | ug/kg | 64         | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 80                | J               | ug/kg | 80         | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 1100              |                 | ug/kg | 1100       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 230               |                 | ug/kg | 230        |          | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 93                | J               | ug/kg | 93         | J        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 1400              |                 | ug/kg | 1400       |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 760               |                 | ug/kg | 760        |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 720               |                 | ug/kg | 720        |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 420               | U               | ug/kg | 420        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 820               |                 | ug/kg | 820        |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 360               |                 | ug/kg | 360        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 620               |                 | ug/kg | 620        |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 350               |                 | ug/kg | 350        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene             | Target       | 110               | J               | ug/kg | 110        | J        | 1.0             | YES        | S4VEM            |

| Endosulfan Sulfate  | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 120               |                 | ug/kg | 120        | D        | 5.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 54                | J               | ug/kg | 54         | DP       | 5.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 50                | J               | ug/kg | 50         | DP       | 5.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AL9           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SS-44 | pH:                   | Sample Date: 09/29/2020 | Sample Time: 09:45:00 |
| % Moisture:                    |                       | % Solids: 79.8          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 84                | U               | ug/kg | 84         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 85                | J               | ug/kg | 85         | J        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 230               |                 | ug/kg | 230        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | UJ              | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

| Caprolactam                 | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 230               |                 | ug/kg | 230        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 350               | U               | ug/kg | 350        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |

| Endosulfan II       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 20                | U               | ug/kg | 20         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 3.9               | U               | ug/kg | 3.9        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AN4           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SB-34 | pH:                   | Sample Date: 09/29/2020 | Sample Time: 09:00:00 |
| % Moisture:                    |                       | % Solids: 84.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 79                | U               | ug/kg | 79         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 73                | J               | ug/kg | 73         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 320               |                 | ug/kg | 320        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 390               | U               | ug/kg | 390        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

Sample Number: C0AN8

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NL-2020-SB-38

pH:

Sample Date: 09/29/2020

Sample Time: 14:05:00

% Moisture:

% Solids: 91.8

| Analyte Name | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |

| Acetophenone                | Target       | 62                | J               | ug/kg | 62         | J        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 320               |                 | ug/kg | 320        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 450               |                 | ug/kg | 450        |          | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 3400              |                 | ug/kg | 3400       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | J               | ug/kg | 210        | J        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 71                | J               | ug/kg | 71         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 390               |                 | ug/kg | 390        |          | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 3900              |                 | ug/kg | 3900       |          | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 7000              |                 | ug/kg | 7000       | D        | 2.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 300               | U               | ug/kg | 300        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 1100              |                 | ug/kg | 1100       |          | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 1400              |                 | ug/kg | 1400       |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 1500              |                 | ug/kg | 1500       |          | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 580               | U               | ug/kg | 580        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 1600              |                 | ug/kg | 1600       |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 490               |                 | ug/kg | 490        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 1400              |                 | ug/kg | 1400       |          | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

Sample Number: C0AQ6

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NL-2020-SD-23

pH:

Sample Date: 09/29/2020

Sample Time: 14:40:00

% Moisture:

% Solids: 16.5

| Analyte Name | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |

| 2-Methylphenol              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 58                | J               | ug/kg | 58         | J        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 250               |                 | ug/kg | 250        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 360               | UJ              | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 61                | J               | ug/kg | 61         | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AJ9

Lab Name: Chemtech Consulting Group

| Analyte Name                   | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|--------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                   | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                         | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate           | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine          | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene             | Target       | 84                | J               | ug/kg | 84         | J        | 1.0             | YES        | S4VEM            |
| Chrysene                       | Target       | 97                | J               | ug/kg | 97         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate     | Target       | 180               | U               | ug/kg | 180        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate           | Target       | 360               | U               | ug/kg | 360        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene           | Target       | 87                | J               | ug/kg | 87         | J        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene           | Target       | 88                | J               | ug/kg | 88         | J        | 1.0             | YES        | S4VEM            |

**Subject:** Organic Data Validation (S4VEM)  
Norwood Landfill  
49088 COALO

### **Overview**

This data package consisted of one (1) trip blank analyzed for volatile analytes, six (6) sediment samples including a field duplicate pair and twelve (12) soil samples including a field duplicate pair analyzed for volatile, semivolatile, semivolatile PAH by SIM, pesticide and Aroclor analytes.

Analyses were performed by Chemtech Consulting Group (CHM) according to Contract Laboratory Program (CLP) Statement of Work (SOW) SOM02.4.

Data were validated according to the National Functional Guidelines for Organic Superfund Methods Data Review and applicable USEPA Region 3 modifications. Electronic validation was performed by the Electronic Data eXchange & Evaluation System (EXES). The validation report has been assigned the Superfund Data Validation Label S4VEM (Stage\_4\_Validation\_Electronic\_Manual).

The following validation narrative is an evaluation of laboratory reported data based on the electronic data package available through the EXES Data Manager dated October 27, 2020.

### **Summary**

Significant data quality outliers regarding Deuterated Monitoring Compounds (DMC) in semivolatile fraction and dual column precision in pesticide and Aroclor fractions required rejection of results. Less significant data quality outliers were identified that resulted in estimation of sample results, including but not limited to, internal standards in volatile fraction and surrogates in pesticide and Aroclor fractions.

**Major Problems**

Recoveries for the following DMCs were <10% in the semivolatile sample listed. No positive results were reported for analytes associated with these DMCs. Quantitation limits for analytes associated with these DMCs have been rejected and qualified "R".

| Fraction     | DMC  | Affected Sample(s) |
|--------------|--|--------------------|
| Semivolatile | 4-Nitrophenol-d <sub>4</sub> , 4,6-Dinitro-2-methylphenol-d <sub>2</sub> | COAQ3              |

The following analytes reported percent difference (%D) >200% in pesticide or Aroclor dual column analyses for samples listed. The significant %D between the two results may indicate interferences impacting the analyte. Reported results for these analytes in samples listed have been rejected and qualified "R".

| Fraction  | Affected Analyte(s)                           | Affected Sample(s) |
|-----------|---|--------------------|
| Pesticide | trans-Chlordane, Heptachlor epoxide, Dieldrin | COAK4              |
|           | Heptachlor epoxide, Dieldrin                  | COAK5              |
|           | Gamma-BHC, trans-Chlordane, Dieldrin 4,4'-DDD | COAK7              |
|           | Dieldrin                                      | COAL0              |
|           | Trans-Chlordane, Dieldrin                     | COAQ0, COAQ2       |
|           | cis-Chlordane, Endosulfan II                  | COAS9              |
| Aroclor   | Ar1260  | COAN6              |

**Minor Problems**

The area counts for the following internal standard were <50% but >20% of the area count in the associated calibration standards for samples listed. These samples were reanalyzed with similar results. The reanalysis results are reported. No positive results were reported for analytes associated with this internal standard in these samples. Quantitation limits for analytes associated with this internal standard have been qualified "UJ".

| Fraction | Internal Standard                  | Affected Samples    |
|----------|------------------------------------|---------------------|
| Volatile | 1,4-Dichlorobenzene-d <sub>4</sub> | COAK4, COAQ2, COAQ3 |

Recovery for surrogate Decachlorobiphenyl (DCB) was outside the upper control limit on one analytical column in pesticide sample COAS9. Positive results in this sample have been qualified "J".

Recoveries for surrogate Tetrachloro-m-xylene (TCX) were outside the lower control limit on both analytical columns in pesticide sample COAQ3 and Aroclor sample COAQ2. Positive results in these samples have been qualified "J" and quantitation limits have been qualified "UJ".

The following analytes exceeded the calibration range in the diluted analysis of sample listed. Reported results for these analytes in this sample have been qualified "J".

| Fraction | Affected Analytes  | Affected Sample |
|----------|--|-----------------|
| PAH SIM  | Fluorene, Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene | COAS9           |

### Notes

Detected concentrations for target analytes less than Contract Required Quantitation Limit (CRQL) are estimated and have been qualified "J".

Pesticide and Aroclor results with %D >25% but <200% between the two analytical columns have been qualified "J".

Laboratory blanks were free of contamination in all fractions except Volatiles. Volatile contaminants included methylene chloride <CRQL in volatile blanks VBLK25, VBLK27, VBLK28 and VHBLK01, acetone and methylene chloride <CRQL in volatile blank VBLK26, tetrachloroethene <CRQL in VBLK71 and trichloroethene and tetrachloroethene <CRQL in volatile blank VHBLK02. Positive results for these analytes <CRQL in samples associated with these blanks have been raised to the CRQL and qualified "U".

The trip blank COAT6 collected 10/5/20 associated with sediment samples reported concentration for acetone >CRQL and concentration for cis-1,2-dichloroethene <CRQL. These analytes were either not detected in the sediment samples or reported acetone >CRQL and >2X the blank. No data were qualified based on this trip blank.

Trip blanks COAS7 and COAT2 and rinsate blank COAS1 collected 9/30/20 and 10/1/20 are associated with soil samples in this SDG. These blanks were analyzed in SDG COAR2. Trip blank COAS7 reported acetone <CRQL, trip blank COAT2 reported acetone >CRQL and the rinsate blank reported chloromethane and toluene <CRQL and acetone >CRQL. Chloromethane and toluene were not detected in the field samples. Concentrations of acetone <CRQL have been reported at CRQL and qualified "U". Concentrations of acetone >CRQL but  $\leq 2X$  the blank value have been reported and qualified "U".

Laboratory Control Samples (LCS) analyzed in pesticide and Aroclor fractions reported acceptable results.

Matrix Spike/Matrix Spike Duplicate (MS/MSD) analyses of pesticide and Aroclor samples COAT5 reported acceptable results.

Recoveries for several DMCs were outside the upper control limits in several volatile samples. No positive results were reported for analytes associated with these DMCs in the affected samples. No data were qualified based on these outliers.

Concentrations for the following target analytes exceeded the calibration range in the initial analysis for samples listed below. These samples were reanalyzed at dilutions within the calibration range and the analytes were reported from the dilutions. There is no indication that these exceedance issues impacted subsequent sample analyses.

| Fraction | Sample | DF  | Affected Analytes  |
|----------|--------|-----|--|
| PAH      | COAK4  | 5X  | Fluoranthene, Pyrene, Benzo(b)fluoranthene   |
|          | COAK5  | 5X  | Fluoranthene, Pyrene   |
|          | COAQ2  | 5X  | Fluoranthene   |
|          | COAS9  | 5X  | Acenaphthene, Fluorene, Phenanthrene, Anthracene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Dibenzo(a,h)anthracene, Benzo(g,h,i)perylene |
|          | COAQ0  | 10X | Phenanthrene, Fluoranthene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(b)fluoranthene, Benzo(k)fluoranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene, Benzo(g,h,i)perylene   |

Results for the field duplicate pairs, samples COAN3/COAS8 and COAQ4/COAT5, were within control limits of 25% Relative Percent Difference (RPD) or  $\pm$  CRQL for all analytes.

Sediment samples COAQ2 and COAQ3 reported %solids <30. CRQLs are elevated due to high moisture content in these samples. No data were qualified based on %solids.

Tentatively Identified Compounds (TICs) are not reviewed by the data validators. The validation qualifiers are applied by EXES electronic validation based on laboratory qualifiers. By definition, all compounds identified as TICs should be treated as tentative identifications and all reported results should be considered estimated.

Sample calculation checks were performed. All calculated results had RPDs less than 5% of the reported results. No sample data were qualified.

Manual integrations were performed and identified by the laboratory. A subset of these was evaluated and were found to be accurate and consistent. No action was taken based on manual integrations.

Validation qualifiers are only applied by the validator to field samples. Qualifiers may be applied by EXES electronic validation to laboratory quality control samples.

### **Glossary of Organic Data Qualifier Codes**

|                       |   |
|-----------------------|---|
| Validation Qualifiers | In order of descending precedence. Only one of these qualifiers may apply to any result.  |
| R                     | The data are unusable. The sample results are rejected due to serious deficiencies in meeting QC criteria. The analyte may or may not be present in the sample.             |
| UJ                    | The analyte was analyzed for, but was not detected. The reported quantitation limit is approximate and may be inaccurate or imprecise.                                      |
| U                     | The analyte was analyzed for, but was not detected above the level of the reported sample quantitation limit  |
| J                     | The result is an estimated quantity. The associated numerical value is the approximate concentration of the analyte in the sample.  |
| J+                    | The result is an estimated quantity, but the result may be biased high.   |
| J-                    | The result is an estimated quantity, but the result may be biased low.  |
| Additional Qualifiers | Additional qualifiers may be combined with other qualifiers.  |
| N                     | The analyte has been "tentatively identified" or "presumptively" as present.  |
| B                     | The result is presumed a blank contaminant. This qualifier is used for drinking water samples only.   |
| C                     | The target Pesticide or Aroclor analyte identification has been confirmed by Gas Chromatography/Mass Spectrometry (GC/MS). This qualifier may be added to other qualifiers. |
| X                     | The target Pesticide or Aroclor analyte identification was not confirmed when GC/MS analysis was performed. This qualifier may be added to other qualifiers.                |

| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AK4           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SS-29 | pH:                   | Sample Date: 10/01/2020 | Sample Time: 10:45:00 |
| % Moisture:                    |                       | % Solids: 82.2          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 81                | U               | ug/kg | 81         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 150               | J               | ug/kg | 150        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 43                | J               | ug/kg | 43         | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

| 4,4-DDT             | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.1               | U               | ug/kg | 4.1        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 3.8               | J               | ug/kg | 3.8        | P        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.6               | J               | ug/kg | 2.6        | P        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AK5           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SS-30 | pH:                   | Sample Date: 10/01/2020 | Sample Time: 08:25:00 |
| % Moisture:                    |                       | % Solids: 80.4          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 83                | U               | ug/kg | 83         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 220               |                 | ug/kg | 220        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 410               | U               | ug/kg | 410        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 210               | U               | ug/kg | 210        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AK7           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SS-32 | pH:                   | Sample Date: 10/01/2020 | Sample Time: 09:45:00 |
| % Moisture:                    |                       | % Solids: 87.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 76                | U               | ug/kg | 76         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 230               |                 | ug/kg | 230        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

Sample Number: C0AL0

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NL-2020-SS-35

pH:

Sample Date: 09/30/2020

Sample Time: 14:30:00

% Moisture:

% Solids: 83.5

| Analyte Name | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |

| 2,2-oxybis(1-Chloropropane) | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 370               |                 | ug/kg | 370        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

| Analyte Name                       | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                       | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine              | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate               | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene             | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

Sample Number: C0AN2

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NL-2020-SB-32

pH:

Sample Date: 10/01/2020

Sample Time: 09:50:00

% Moisture:

% Solids: 83.0

| Methoxychlor        | Target       | 21                | U               | ug/kg | 21         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.0               | U               | ug/kg | 4.0        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.0               | U               | ug/kg | 4.0        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.0               | U               | ug/kg | 2.0        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AN2           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SB-32 | pH:                   | Sample Date: 10/01/2020 | Sample Time: 09:50:00 |
| % Moisture:                    |                       | % Solids: 83.0          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 80                | U               | ug/kg | 80         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 54                | J               | ug/kg | 54         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 500               |                 | ug/kg | 500        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 400               | U               | ug/kg | 400        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 200               | U               | ug/kg | 200        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

| Endosulfan II       | Target       | 4.4               | U               | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 4.4               | U               | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 4.4               | U               | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 4.4               | U               | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 22                | U               | ug/kg | 22         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 4.4               | U               | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 4.4               | U               | ug/kg | 4.4        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.2               | U               | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 2.2               | U               | ug/kg | 2.2        | U        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AN3           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SB-33 | pH:                   | Sample Date: 09/30/2020 | Sample Time: 12:50:00 |
| % Moisture:                    |                       | % Solids: 75.5          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 88                | U               | ug/kg | 88         | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 270               |                 | ug/kg | 270        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 220               | U               | ug/kg | 220        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 440               | U               | ug/kg | 440        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                           |                         |                       |
|--------------------------------|---------------------------|-------------------------|-----------------------|
| Sample Number: C0AN5           | Method: Volatile Organics | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SB-35 | pH:                       | Sample Date: 09/30/2020 | Sample Time: 14:40:00 |
| % Moisture:                    |                           | % Solids: 84.8          |                       |

| Analyte Name                          | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|---------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Dichlorodifluoromethane               | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Chloromethane                         | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Vinyl chloride                        | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Bromomethane                          | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Chloroethane                          | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Trichlorofluoromethane                | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| 1,1-Dichloroethene                    | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| 1,1,2-Trichloro-1,2,2-trifluoroethane | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Acetone                               | Target       | 20                | U               | ug/kg | 8.2        | J        | 1.0             | YES        | S4VEM            |
| Carbon disulfide                      | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Methyl Acetate                        | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |
| Methylene chloride                    | Target       | 10                | U               | ug/kg | 10         | U        | 1.0             | YES        | S4VEM            |

| 2,2-oxybis(1-Chloropropane) | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine      | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene         | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Chrysene                   | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate       | Target       | 610               | U               | ug/kg | 610        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene       | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene       | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene             | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene     | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene     | Target       | 320               | U               | ug/kg | 320        | U        | 1.0             | YES        | S4VEM            |

| N-Nitroso-di-n-propylamine  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 310               |                 | ug/kg | 310        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 130               | J               | ug/kg | 130        | J        | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 550               | U               | ug/kg | 550        | U        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate        | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Fluoranthene               | Target       | 380               | J               | ug/kg | 380        | J        | 1.0             | YES        | S4VEM            |
| Pyrene                     | Target       | 280               |                 | ug/kg | 280        |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate       | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AQ2           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SD-19 | pH:                   | Sample Date: 10/01/2020 | Sample Time: 09:20:00 |
| % Moisture:                    |                       | % Solids: 23.9          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 970               |                 | ug/kg | 970        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 1400              | U               | ug/kg | 1400       | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 710               | U               | ug/kg | 710        | U        | 1.0             | YES        | S4VEM            |

| Dieldrin            | Target       | 1.2               | J               | ug/kg | 1.2        | JP       | 1.0             | YES        | S4VEM            |
| 4,4-DDE             | Target       | 1.2               | J               | ug/kg | 1.2        | JP       | 1.0             | YES        | S4VEM            |
| Endrin              | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| Endosulfan II       | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDD             | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| Endosulfan Sulfate  | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 96                | UJ              | ug/kg | 96         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 19                | UJ              | ug/kg | 19         | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 2.2               | J               | ug/kg | 2.2        | JP       | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 1.8               | J               | ug/kg | 1.8        | JP       | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 960               | UJ              | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AQ3           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SD-20 | pH:                   | Sample Date: 10/01/2020 | Sample Time: 08:20:00 |
| % Moisture:                    |                       | % Solids: 17.7          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 380               | U               | ug/kg | 380        | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 1900              | U               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 960               | R               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 1900              | R               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 960               | U               | ug/kg | 960        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 1900              | R               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 1900              | R               | ug/kg | 1900       | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

Sample Number: C0AQ4

Method: Aroclors

Matrix: Soil

MA Number:

Sample Location: NL-2020-SD-21

pH:

Sample Date: 10/05/2020

Sample Time: 10:30:00

% Moisture:

% Solids: 34.3

| Analyte Name | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |

| 2,4-Dimethylphenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 170               | J               | ug/kg | 170        | J        | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 140               | J               | ug/kg | 140        | J        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 240               |                 | ug/kg | 240        |          | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 2400              |                 | ug/kg | 2400       |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 680               |                 | ug/kg | 680        |          | 1.0             | YES        | S4VEM            |
| Carbazole                   | Target       | 70                | J               | ug/kg | 70         | J        | 1.0             | YES        | S4VEM            |
| Di-n-butylphthalate         | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

| Analyte Name                        | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Fluoranthene                        | Target       | 2800              |                 | ug/kg | 2800       |          | 1.0             | YES        | S4VEM            |
| Pyrene                              | Target       | 2200              |                 | ug/kg | 2200       |          | 1.0             | YES        | S4VEM            |
| Butylbenzylphthalate                | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| 3,3-Dichlorobenzidine               | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Benzo(a)anthracene                  | Target       | 1300              |                 | ug/kg | 1300       |          | 1.0             | YES        | S4VEM            |
| Chrysene                            | Target       | 1100              |                 | ug/kg | 1100       |          | 1.0             | YES        | S4VEM            |
| Bis(2-ethylhexyl)phthalate          | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |
| Di-n-octyl phthalate                | Target       | 370               | U               | ug/kg | 370        | U        | 1.0             | YES        | S4VEM            |
| Benzo(b)fluoranthene                | Target       | 1200              |                 | ug/kg | 1200       |          | 1.0             | YES        | S4VEM            |
| Benzo(k)fluoranthene                | Target       | 420               |                 | ug/kg | 420        |          | 1.0             | YES        | S4VEM            |
| Benzo(a)pyrene                      | Target       | 930               |                 | ug/kg | 930        |          | 1.0             | YES        | S4VEM            |
| Indeno(1,2,3-cd)pyrene              | Target       | 460               |                 | ug/kg | 460        |          | 1.0             | YES        | S4VEM            |
| Dibenzo(a,h)anthracene              | Target       | 160               | J               | ug/kg | 160        | J        | 1.0             | YES        | S4VEM            |
| Benzo(g,h,i)perylene                | Target       | 450               |                 | ug/kg | 450        |          | 1.0             | YES        | S4VEM            |
| 2,3,4,6-Tetrachlorophenol           | Target       | 190               | U               | ug/kg | 190        | U        | 1.0             | YES        | S4VEM            |

| cis-Chlordane       | Target       | 4.5               | U               | ug/kg | 4.5        | U        | 1.0             | YES        | NV               |
| trans-Chlordane     | Target       | 4.5               | U               | ug/kg | 4.5        | U        | 1.0             | YES        | NV               |
| Toxaphene           | Target       | 450               | U               | ug/kg | 450        | U        | 1.0             | YES        | NV               |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

|                                |                           |                         |                       |
|--------------------------------|---------------------------|-------------------------|-----------------------|
| Sample Number: C0AT6           | Method: Volatile Organics | Matrix: Water           | MA Number:            |
| Sample Location: NL-2020-TB-07 | pH: 1.0                   | Sample Date: 10/05/2020 | Sample Time: 10:20:00 |
| % Moisture:                    |                           | % Solids: 0             |                       |

| Analyte Name                          | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|---------------------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Dichlorodifluoromethane               | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Chloromethane                         | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Vinyl chloride                        | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Bromomethane                          | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Chloroethane                          | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Trichlorofluoromethane                | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Dichloroethene                    | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| 1,1,2-Trichloro-1,2,2-trifluoroethane | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Acetone                               | Target       | 13                |                 | ug/L  | 13         |          | 1.0             | YES        | S4VEM            |
| Carbon disulfide                      | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Methyl Acetate                        | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| Methylene chloride                    | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |
| trans-1,2-Dichloroethene              | Target       | 5.0               | U               | ug/L  | 5.0        | U        | 1.0             | YES        | S4VEM            |

| 4-Methylphenol              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| N-Nitroso-di-n-propylamine  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Hexachloroethane            | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Nitrobenzene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Isophorone                  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Nitrophenol               | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dimethylphenol          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Bis(2-Chloroethoxy)methane  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dichlorophenol          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Naphthalene                 | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Chloroaniline             | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Hexachlorobutadiene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Caprolactam                 | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4-Chloro-3-methylphenol     | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Methylnaphthalene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Hexachlorocyclopentadiene   | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 2,4,6-Trichlorophenol       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4,5-Trichlorophenol       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 1,1-Biphenyl                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Chloronaphthalene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2-Nitroaniline              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Dimethylphthalate           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,6-Dinitrotoluene          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Acenaphthylene              | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 3-Nitroaniline              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Acenaphthene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dinitrophenol           | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4-Nitrophenol               | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Dibenzofuran                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 2,4-Dinitrotoluene          | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Diethylphthalate            | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Fluorene                    | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Chlorophenyl-phenylether  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Nitroaniline              | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| 4,6-Dinitro-2-methylphenol  | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| N-Nitrosodiphenylamine      | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 4-Bromophenyl-phenylether   | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Hexachlorobenzene           | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Atrazine                    | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Pentachlorophenol           | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Phenanthrene                | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Anthracene                  | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AL0

Lab Name: Chemtech Consulting Group

| Analyte Name               | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| Carbazole                  | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Di-n-butylphthalate        | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Fluoranthene               | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Pyrene                     | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Butylbenzylphthalate       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| 3,3-Dichlorobenzidine      | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Benzo(a)anthracene         | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Chrysene                   | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Bis(2-ethylhexyl)phthalate | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Di-n-octyl phthalate       | Target       | 330               | U               | ug/kg | 330        | U        | 1.0             | YES        | NV               |
| Benzo(b)fluoranthene       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Benzo(k)fluoranthene       | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Benzo(a)pyrene             | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Indeno(1,2,3-cd)pyrene     | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |
| Dibenzo(a,h)anthracene     | Target       | 170               | U               | ug/kg | 170        | U        | 1.0             | YES        | NV               |

| Endosulfan Sulfate  | Target       | 5.3               | U               | ug/kg | 5.3        | U        | 1.0             | YES        | S4VEM            |
| 4,4-DDT             | Target       | 2.4               | J               | ug/kg | 2.4        | JP       | 1.0             | YES        | S4VEM            |
| Methoxychlor        | Target       | 28                | U               | ug/kg | 28         | U        | 1.0             | YES        | S4VEM            |
| Endrin ketone       | Target       | 5.3               | U               | ug/kg | 5.3        | U        | 1.0             | YES        | S4VEM            |
| Endrin Aldehyde     | Target       | 5.3               | U               | ug/kg | 5.3        | U        | 1.0             | YES        | S4VEM            |
| cis-Chlordane       | Target       | 6.9               | J               | ug/kg | 6.9        | P        | 1.0             | YES        | S4VEM            |
| trans-Chlordane     | Target       | 5.1               | J               | ug/kg | 5.1        | P        | 1.0             | YES        | S4VEM            |
| Toxaphene           | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |

# Sample Summary Report

Project Name: NORWOOD LANDFILL Project

GroupID: 49088/EPW14030/C0AP6

Lab Name: Chemtech Consulting Group

|                                |                       |                         |                       |
|--------------------------------|-----------------------|-------------------------|-----------------------|
| Sample Number: C0AP6           | Method: Semivolatiles | Matrix: Soil            | MA Number:            |
| Sample Location: NL-2020-SD-13 | pH:                   | Sample Date: 10/06/2020 | Sample Time: 09:10:00 |
| % Moisture:                    |                       | % Solids: 61.6          |                       |

| Analyte Name                | Analyte Type | Validation Result | Validation Flag | Units | Lab Result | Lab Flag | Dilution Factor | Reportable | Validation Level |
|-----------------------------|--------------|-------------------|-----------------|-------|------------|----------|-----------------|------------|------------------|
| 1,4-Dioxane                 | Target       | 110               | U               | ug/kg | 110        | U        | 1.0             | YES        | S4VEM            |
| Benzaldehyde                | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Phenol                      | Target       | 55                | J               | ug/kg | 55         | J        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethyl)ether     | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 2-Chlorophenol              | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylphenol              | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 2,2-oxybis(1-Chloropropane) | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Acetophenone                | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 4-Methylphenol              | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| N-Nitroso-di-n-propylamine  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Hexachloroethane            | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Nitrobenzene                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Isophorone                  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitrophenol               | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dimethylphenol          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Bis(2-Chloroethoxy)methane  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dichlorophenol          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Naphthalene                 | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloroaniline             | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobutadiene         | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Caprolactam                 | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 4-Chloro-3-methylphenol     | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Methylnaphthalene         | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorocyclopentadiene   | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 2,4,6-Trichlorophenol       | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4,5-Trichlorophenol       | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 1,1-Biphenyl                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Chloronaphthalene         | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2-Nitroaniline              | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Dimethylphthalate           | Target       | 500               |                 | ug/kg | 500        |          | 1.0             | YES        | S4VEM            |
| 2,6-Dinitrotoluene          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthylene              | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 3-Nitroaniline              | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Acenaphthene                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrophenol           | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitrophenol               | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Dibenzofuran                | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 2,4-Dinitrotoluene          | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Diethylphthalate            | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Fluorene                    | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Chlorophenyl-phenylether  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Nitroaniline              | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| 4,6-Dinitro-2-methylphenol  | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| N-Nitrosodiphenylamine      | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 1,2,4,5-Tetrachlorobenzene  | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| 4-Bromophenyl-phenylether   | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Hexachlorobenzene           | Target       | 280               | U               | ug/kg | 280        | U        | 1.0             | YES        | S4VEM            |
| Atrazine                    | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Pentachlorophenol           | Target       | 540               | U               | ug/kg | 540        | U        | 1.0             | YES        | S4VEM            |
| Phenanthrene                | Target       | 620               |                 | ug/kg | 620        |          | 1.0             | YES        | S4VEM            |
| Anthracene                  | Target       | 120               | J               | ug/kg | 120        | J        | 1.0             | YES        | S4VEM            |
