

ANNEX III TO THE AGREEMENT BETWEEN
THE UNITED STATES OF AMERICA
AND THE UNITED MEXICAN STATES
ON COOPERATION FOR THE PROTECTION AND IMPROVEMENT
OF THE ENVIRONMENT IN THE BORDER AREA

(aka the "La Paz" agreement)

AGREEMENT OF COOPERATION BETWEEN
THE UNITED STATES OF AMERICA
AND THE UNITED MEXICAN STATES
REGARDING THE TRANSBOUNDARY SHIPMENTS OF
HAZARDOUS WASTES AND HAZARDOUS SUBSTANCES

PREAMBLE

The Government of the United States of America ("the United States"), and the Government of the United Mexican States ("Mexico"), ("the Parties"),

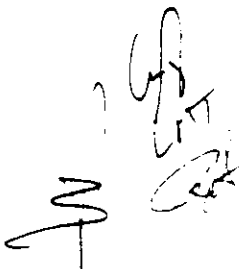

Recognizing that health and environmental damage may result from improper activities associated with hazardous waste:

Realizing the potential risks to public health, property and the environment associated with hazardous substances;

Seeking to ensure that activities associated with the transboundary shipment of hazardous waste are conducted so as to reduce or prevent the risks to public health, property and environmental quality, by effectively cooperating in regard to their export and import;

Seeking also to safeguard the quality of public health, property and environment from unreasonable risks by effectively regulating the export and import of hazardous substances;

Considering that transboundary shipments of hazardous waste and hazardous substances between the Parties, if carried

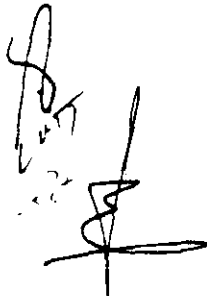

out illegally and thus without the supervision and control of the competent authorities, or if improperly managed could endanger the public health, property and environment, particularly in the United States/Mexico border area;

Recognizing that the close trading relationship and the long common border between the Parties make it necessary to cooperate regarding transboundary shipments of hazardous waste and hazardous substances without unreasonably affecting the trade of goods and services;

Reaffirming Principle 21 of the 1972 Declaration of the United Nations Conference on the Human Environment, adopted at Stockholm, which provides that States have, in accordance with the Charter of the United Nations and the principles of international law, the sovereign right to exploit their own resources pursuant to their own environmental policies and the responsibility to ensure that activities within their jurisdiction or control do not cause damage to the environment of other States or of areas beyond the limits of national jurisdiction;

Recognizing that Article 3 of the Agreement between the Parties on Cooperation for the Protection and Improvement of the Environment in the Border Area of 1983 provides that the Parties may conclude specific arrangements for the solution of common problems in the border area as annexes to that Agreement:

Have agreed as follows:

Handwritten signatures and initials, including a large stylized signature and some smaller initials to its left.

ARTICLE I

Definitions

1. "Designated Authority" means, in the case of the United States, the Environmental Protection Agency and, in the case of Mexico, the Secretariat of Urban Development and Ecology through the Subsecretariat of Ecology.

2. "Hazardous waste" means any waste, as designated or defined by the applicable designated authority pursuant to national policies, laws or regulations, which if improperly dealt with in activities associated with them, may result in health or environmental damage.

3. "Hazardous substance" means any substance, as designated or defined by the applicable national policies, laws or regulations, including pesticides or chemicals, which when improperly dealt with in activities associated with them, may produce harmful effects to public health, property or the environment, and is banned or severely restricted by the applicable designated authority.

4. "Activities" associated with hazardous waste or hazardous substances means, as applicable, their handling, transportation, treatment, recycling, storage, application, distribution, reuse or other utilization.

5. "Country of export" means the Party from which the transboundary movement of hazardous waste or hazardous substances is to be initiated.

A handwritten signature and initials, possibly "JMT", with a large flourish below it.

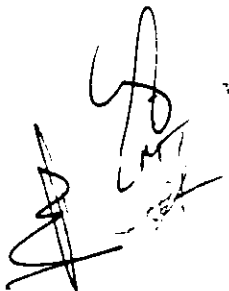

6. "Country of import" means the Party to which the hazardous waste or hazardous substances are to be sent. This does not include "transit", as meaning transport of hazardous waste or hazardous substances through the territory of a Party without being imported through its Customs under applicable laws and regulations.

7. "Consignee" means the facility in the country of import which will ultimately receive the hazardous waste or hazardous substances.

8. "Exporter" means the physical or juridical person, whether public or private, acting on his behalf or as a contractor or subcontractor expressly or implicitly defined as exporter under the national laws and regulations of the country of export which specifically govern hazardous waste or hazardous substances.

9. "Banned or severely restricted" means final regulatory action, as designated or defined by the applicable designated authority, pursuant to national policies, laws or regulations:

- a) Prohibiting, cancelling or suspending all or virtually all registered uses of a pesticide for human health or environmental reasons.
- b) Prohibiting or severely limiting the manufacture, processing, distribution or use of a chemical for human health or environmental reasons.

Handwritten signature and initials, possibly "S. J. L. M. T. S.", in black ink.

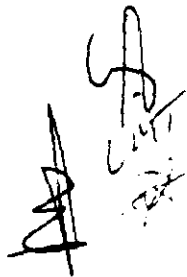

ARTICLE II

General Obligations

1. Transboundary shipments of hazardous waste and hazardous substances across the common border of the Parties shall be governed by the terms of this Annex and their domestic laws and regulations.

2. Each Party shall ensure, to the extent practicable, that its domestic laws and regulations are enforced with respect to transboundary shipments of hazardous waste and hazardous substances, and other substances as the Parties may mutually agree through appendices to this Annex, that pose dangers to public health, property and the environment.

3. Each Party shall cooperate in monitoring and spot-checking transboundary shipments across the common border of hazardous waste and hazardous substances to ensure, to the extent practicable, that such shipments conform to the requirements of this Annex and its national laws and regulations. To this effect, a program of cooperation in this area should be concluded through an Appendix to this Annex, including the exchange of information resulting from the monitoring and spot-checking of transboundary shipments which may be useful to the other Party.

Handwritten signatures and initials at the bottom left of the page. There are two distinct signatures, one appearing to be 'SA' and another more stylized signature below it.

HAZARDOUS WASTE

ARTICLE III

Notification to the Importing Country

1. The designated authority of the country of export shall notify the designated authority of the country of import of transboundary shipments of hazardous waste for which the consent of the country of import is required under the laws or regulations of the country of export, with a copy of the notification simultaneously sent through diplomatic channels.

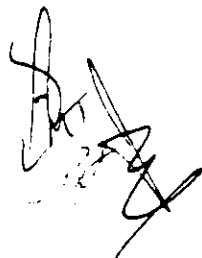

2. The notification referred to in paragraph 1 of this Article shall be given at least 45 days in advance of the planned date of export and may cover an individual shipment or a series of shipments extending over a twelve-month or lesser period and shall contain the following information for each shipment:

a) The exporter's name, address, telephone number, identification number and other relevant data required in the country of export.

b) By consignee, for each hazardous waste type:

i) A description of the hazardous waste to be exported, as identified by the waste identification number(s) and the shipping description(s) required in the country of export.

ii) The estimated frequency or rate at which such waste is to be exported and the period time over which such waste is to be exported.

- iii) The estimated total quantity of the hazardous waste in units as specified by the manifest or documents required in the country of export.
- iv) The point of entry into the country of import.
- v) The means of transportation, including the mode of transportation and the type of container involved.
- vi) A description of the treatment or storage to which the waste will be subjected in the country of import.
- vii) The name and site address of the consignee.

3. In order to facilitate compliance with the requirements of the importing country for the exporter to provide information and documents additional to those described in paragraph 2 of this Article, the designated authority of the exporting country will cooperate by making such requirements for information and documents known to the exporter. To that end, the country of import may list such additional required information and documents in appendices to this Annex.

4. The designated authority of the country of import shall have 45 days from the date of acknowledgement of receipt of the notification provided in paragraph 1 of this Article within which to respond to such notification, indicating its consent, with or without conditions, or its objection to the export.

A handwritten signature or set of initials, possibly 'S.A.', written in dark ink. The signature is somewhat stylized and appears to be written over a faint, illegible stamp or text.

5. The country of import shall have the right to amend the terms of the proposed shipment contained in the notification in order to give its consent.

6. The consent of the country of import provided pursuant to paragraphs 4 and 5 of this Article, may be withdrawn or modified at any time, pursuant to the national policies, laws or regulations of the country of import.

7. Whenever the designated authority of a country of export requires notification of or is otherwise aware of a transboundary shipment that will be transported through the territory of the other Party, it shall, in accordance with its national laws and regulations, notify that Party.

ARTICLE IV

Readmission of Exports

The country of export shall readmit any shipment of hazardous waste that may be returned for any reason by the country of import.

A handwritten signature or set of initials, possibly 'S.D.', written in dark ink. The signature is somewhat stylized and appears to be written over a faint, illegible stamp or text.

HAZARDOUS SUBSTANCES

ARTICLE V

Notification of Regulatory Actions

1. When a Party has banned or severely restricted a pesticide or chemical, its designated authority shall notify the designated authority of the other Party that such action has been taken either directly or through an appropriate intergovernmental organization.

2. The notice referred to in paragraph 1 of this Article shall contain the following information, if available:

- (a) the name of the pesticide or chemical that is the object of the regulatory action;
- (b) a concise summary of the regulatory action taken, including the timetable for any further actions that are planned. If the regulatory action bans or restricts certain uses but allows other uses, such information should be included;
- (c) a concise summary of the reason for the regulatory action, including an indication of the potential risks to human health or the environment that are the grounds for the action;
- (d) information concerning registered pesticides or substitute chemicals that could be used in lieu of the banned or severely restricted pesticide or chemical;
- (e) the name and address of the contact point to which a request for further information should be addressed.

ARTICLE VI

Notification of Exports

1. If the country of export becomes aware that an export of a hazardous substance to the country of import is occurring, the designated authority of the country of export shall notify the designated authority of the country of import.

2. The purpose of such notice shall be to remind the country of import of the notification regarding regulatory action provided pursuant to Article 5 and to alert it to the fact that the export is occurring.

3. The notice referred to in paragraph 1 of this Article shall contain the following information, if available:

- (a) the name of the exported hazardous substance;
- (b) for banned or severely restricted chemicals, approximate date(s) of the export;
- (c) a copy of, or reference to, the information provided at the time of the notification of the regulatory action;
- (d) name and address of the contact point for further information.

A handwritten signature or set of initials, possibly 'J. D. G.', written in dark ink. The signature is somewhat stylized and appears to be written over a faint, illegible stamp or text.

ARTICLE VII

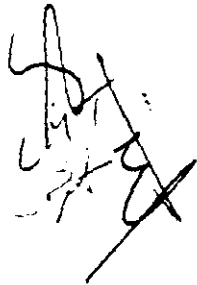

Timing of the Notifications

1. Notification of regulatory actions, required pursuant to Article 5, shall be transmitted as soon as practicable after the regulatory action has been taken, and in any event not later than 90 days following the taking of such action.

2. When a Party has banned or severely restricted chemicals or pesticides prior to the entry into force of this Annex, its designated authority shall provide an inventory of such prior regulatory actions to the designated authority of the other Party.

3. Notification of exports required pursuant to Article 6, shall be provided at the time the first export of a hazardous substance is occurring to the Country of import following the regulatory action and should recur at the time of the first export of the hazardous substance each subsequent year to that country.

4. When the hazardous substance being exported has been banned or severely restricted prior to the entry into force of this Annex, the first export following the regulatory action shall be considered to be the first export following the provision of the inventory referred to in paragraph 2 of this Article.

A handwritten signature or set of initials, possibly 'S.A.', written in dark ink. The signature is somewhat stylized and appears to be written over a faint, illegible stamp or text.

ARTICLE VIII

Compliance with Requirements in the Importing Country

In order to facilitate compliance with the requirements in the importing country for the import of hazardous substances, the designated authority of the country of export will cooperate by making such requirements, including expected information and documents, known to the exporter. To that end, the country of import may list such requirements, information and documents in appendices to this Annex.

ARTICLE IX

Readmission of Exports

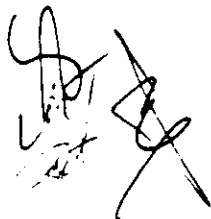

The country of export shall readmit any shipment of hazardous substances that was not lawfully imported into the country of import.

GENERAL PROVISIONS

ARTICLE X

Additional Arrangements

1. The Parties shall consider and, as appropriate, establish additional arrangements to mitigate or avoid adverse effects on health, property and the environment from improper activities associated with hazardous waste and hazardous substances. Such arrangements may include the sharing of research data as well as the definition of criteria regarding imminent and substantial endangerment and emergency responses, and may be included in appendices to this Annex.

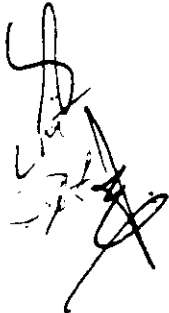

Handwritten signature or initials in black ink, consisting of several overlapping loops and lines.

2. The Parties shall consult regarding experience with transboundary shipments of hazardous wastes and hazardous substances and, as problems are identified in the special circumstances of the United States-Mexico border relationship may include through appendices to this Annex, additional cooperation and mutual obligations aimed at achieving when necessary a more stringent control of transboundary shipments, such as provisions to bring uniformity in those relating to both hazardous wastes and hazardous substances regarding compulsory notification to and consent by the importing country for each transboundary shipment, as may become permitted by new national laws and regulations adopted by the Parties.

ARTICLE XI

Hazardous Waste Generated From Raw Materials
Admitted In-Bond

Hazardous waste generated in the processes of economic production, manufacturing, processing or repair, for which raw materials were utilized and temporarily admitted, shall continue to be readmitted by the country of origin of the raw materials in accordance with applicable national policies, laws and regulations.

A handwritten signature or set of initials, possibly 'S. D.', written in black ink. The signature is somewhat stylized and appears to be written over a faint, illegible stamp or text.

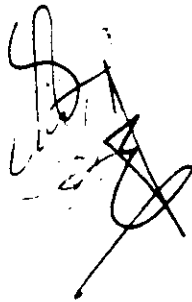

ARTICLE XII

Information Exchange and Assistance

1. The Parties shall, to the extent practicable, provide to each other mutual assistance designed to increase the capability of each Party to enforce its laws applicable to transboundary shipments of hazardous waste or hazardous substances and to take appropriate action with respect to violations of its laws.

(a) Such assistance may generally include:

- (i) the exchange of information;
- (ii) the provision of documents, records and reports;
- (iii) the facilitating of on-site visits to treatment, storage, or disposal facilities;
- (iv) assistance provided or required pursuant to any international agreements or treaties in force with respect to the Parties, or pursuant to any arrangement or practice that might otherwise be applicable;
- (v) emergency notification of hazardous situations; and
- (vi) other forms of assistance mutually agreed upon by the Parties.

A handwritten signature or set of initials, possibly "S.A.", written in dark ink. The signature is somewhat stylized and appears to be written over a faint, illegible stamp or text.

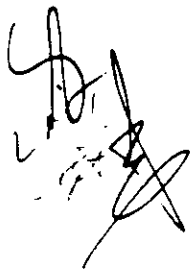

- (b) Save in exceptional circumstances, requests for assistance made pursuant to this Article shall be submitted in writing and translated into the language of the requested State.
- (c) The requested State shall provide the requesting State with copies of publicly available records of government departments and agencies in the requested State.
- (d) The requested State may provide any record or information in the possession of a government office or agency, but not publicly available, to the same extent and under the same conditions as it would be available to its own administrative, law enforcement, or judicial authorities.

2. The Parties may establish in an appendix to this Annex a cooperative program relating to the exchange of scientific, technical, and other information for purposes of the development of their own respective regulatory mechanisms controlling hazardous waste and hazardous substances.

ARTICLE XIII

Protection of Confidential Information

The Parties shall adopt procedures to protect the confidentiality of proprietary or sensitive information conveyed pursuant to this Annex, when such procedures do not already exist.

A handwritten signature or set of initials, possibly "J.A.", written in black ink. The signature is stylized and somewhat illegible, with a large loop at the end.

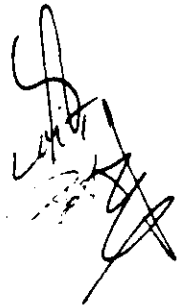

ARTICLE XIV

Damages

1. The country of import may require, as a condition of entry, that any transboundary shipment of hazardous waste or hazardous substances be covered by insurance, bond or other appropriate and effective guarantee.

2. Whenever a transboundary shipment of hazardous waste or hazardous substances is carried out in violation of this Annex, of the national laws and regulations of the Parties, or of the conditions to which the authorization for import was subject, or whenever the hazardous waste or hazardous substances produce damages to public health, property or the environment in the country of import, the competent authorities of the country of export shall take all practicable measures and initiate and carry out all pertinent legal actions that they are legally competent to undertake, so that when applicable in accordance with its national laws and regulations the physical or juridical persons involved:

- a) return the hazardous waste or hazardous substances to the country of export;
- b) return in as much as practicable the status quo ante of the affected ecosystem;
- c) repair, through compensation, the damages caused to persons, property or the environment.

A handwritten signature or set of initials, possibly 'J.A.', written in black ink. The signature is somewhat stylized and appears to be written over some faint, illegible text.

The country of import shall also take, for the same purposes, all practicable measures and initiate and carry out all pertinent legal actions that its authorities are legally competent to undertake.

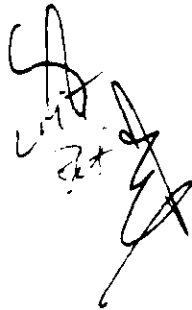

The country of export shall report to the country of import all measures and legal actions undertaken in the framework of this paragraph, and shall cooperate with the country of import, on the basis of this Annex or of other bilateral treaties and agreements in force between the Parties, and to the extent permitted by its national laws and regulations, to seek in its courts the satisfaction of those matters covered in subparagraphs a) to c) of this paragraph.

3. The provisions of this Annex shall not be deemed to abridge or prejudice the Parties' national laws concerning transboundary shipments, or liability or compensation for damages resulting from activities associated with hazardous waste and hazardous substances.

ARTICLE XV

Effect On Other Instruments

1. Nothing in this Annex shall be construed to prejudice other existing or future agreements concluded between the Parties, or affect the rights or obligations of the Parties under international agreements to which they are Party.

Handwritten signature and initials in black ink, located at the bottom left of the page. The signature appears to be 'S.A.' with a large flourish, and the initials 'S.A.' are written below it.

2. The provisions of this Annex shall, in particular, not be deemed to prejudice or otherwise affect the functions entrusted to the International Boundary and Water Commission, in accordance with the 1944 Treaty on the Utilization of Waters of the Colorado and Tijuana Rivers and of the Rio Grande.

ARTICLE XVI

Appendices

Any appendices to this Annex may be added through an exchange of diplomatic notes and shall form an integral part of this Annex.

ARTICLE XVII

Amendment

This Annex, and any appendices added hereto, may be amended by mutual agreement of the Parties through an exchange of diplomatic notes.

ARTICLE XVIII

Review

The Parties shall meet at least every two years from the date of entry into force of this Annex, at a time and place to be mutually agreed upon, in order to review the effectiveness of its implementation and to agree on whatever individual and joint measures are necessary to improve such effectiveness.

A handwritten signature or set of initials, possibly in ink, located at the bottom left of the page. The signature is stylized and somewhat illegible, appearing to consist of several overlapping loops and lines.

ARTICLE XIX

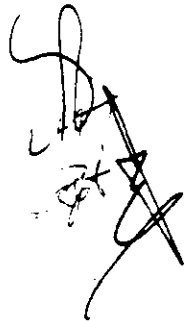

Entry into Force

This Annex shall enter into force upon an exchange of diplomatic notes between the Parties stating that each Party has completed its necessary internal procedures.

Article XX

Termination

This Annex shall remain in force indefinitely, unless one of the Parties notifies the other in writing through diplomatic channels of its desire to terminate it, in which case the Annex shall terminate six months after the date of such written notification. Unless otherwise agreed, such termination shall not affect the validity of any agreements made under this Annex.

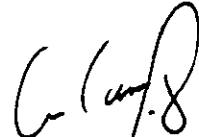

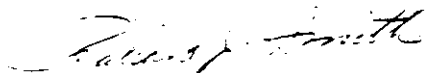

A handwritten signature or set of initials, possibly 'S.D.', written in dark ink. The signature is stylized and somewhat illegible, with a large loop at the top and a long, sweeping stroke at the bottom.

IN WITNESS WHEREOF the undersigned, being duly authorized by their respective Governments, have signed this Annex.

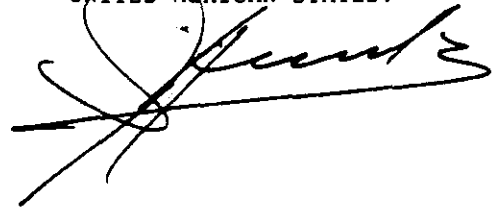

DONE at Washington, in duplicate, this twelfth day of November, 1986 in the English and Spanish languages, both texts being equally authentic.

FOR THE GOVERNMENT OF THE
UNITED STATES OF AMERICA:

FOR THE GOVERNMENT OF THE
UNITED MEXICAN STATES:

This document is a true and accurate copy of the signed original.

Counselor for Environment, Science, Technology, and Health Affairs

No. 3200

The Embassy of the United States of America presents its compliments to the Secretariat of Foreign Relations and would like to refer to the Agreement on Cooperation for the Protection and Improvement of the Environment in the Border Area between the United States of America and the United Mexican States done at La Paz, Mexico on August 14, 1983 (the "La Paz Agreement").

On behalf of the Government of the United States of America, the Department of State proposes an amendment to Article 3 of Annex III to the La Paz Agreement. The amendment would (1) remove the requirement that copies of notifications of proposed exports of hazardous wastes be transmitted through diplomatic channels and (2) reduce the amount of time allotted to importing country authorities to respond to proposed exports from 45 days to 30 days.

This amendment would, by removing the requirement of duplicate transmission of notifications through diplomatic channels, enable the two Governments to fully implement the electronic notification system developed through the

Commission for Environmental Cooperation. Notifications would be able to flow efficiently through electronic means between the designated authorities in the environmental ministries of the two Governments. Removing the requirement of duplicate transmission would also allow the two Governments to process notifications more efficiently, thereby allowing for the processing time to be brought in line with the time required by other, similar agreements.

Accordingly, on behalf of the Government of the United States of America, the Department of State proposes that paragraphs one and four of Article 3 of Annex III be amended to read as follows:

1. The designated authority of the country of export shall notify the designated authority of the country of import of transboundary shipments of hazardous waste for which the consent of the country of import is required under the laws or regulations of the country of export.

4. The designated authority of the country of import shall have 30 days from the date of acknowledgment of receipt of the notification provided in paragraph 1 of this Article within which to respond to such notification, indicating its consent, with or without conditions, or its objection to the export.

If the foregoing proposal is acceptable to the Government of Mexico, the Department of State further proposes that this note, together with the Secretariat of Foreign Relations of Mexico's note in reply, shall constitute an agreement between the Government of the United States of America and the Government of the United Mexican States amending Annex III of the La Paz Agreement, which shall enter into force on the date of the Secretariat of Foreign Relation's note in reply.

The Embassy of the United States of America avails itself of this opportunity to renew to the Secretariat of Foreign Relations the assurances of its highest consideration.

Embassy of the United States of America,

Mexico, D. F., September 6, 2012.

Traducción de Cortesía

No. 3200

La Embajada de los Estados Unidos de América saluda atentamente a la Secretaría de Relaciones Exteriores y desea hacer referencia al Convenio sobre Cooperación para la Protección y Mejoramiento del Medio Ambiente en la Zona Fronteriza entre los Estados Unidos de América y los Estados Unidos Mexicanos firmado en La Paz, México el 14 de agosto de 1983 (el "Convenio de La Paz").

A nombre del Gobierno de los Estados Unidos de América, el Departamento de Estado propone una enmienda al Artículo 3 del Anexo III del Convenio de La Paz. La enmienda sería (1) eliminar el requisito de que copias de las notificaciones de las exportaciones propuestas de desechos peligrosos sean enviadas a través de vías diplomáticas y (2) reducir el tiempo destinado a las autoridades del país importador para responder a las exportaciones propuestas de 45 días a 30 días.

Esta enmienda permitiría, eliminar el requisito de envío duplicado de notificaciones por vías diplomáticas permitiendo que ambos gobiernos apliquen completamente el

sistema de notificación electrónica desarrollado a través de la Comisión para la Cooperación Ambiental. Las notificaciones podrían fluir de manera eficiente a través de la vía electrónica entre las autoridades designadas en las Secretarías de Medio Ambiente de ambos Gobiernos. Eliminando el requisito de envío en duplicado permitirá a ambos Gobiernos procesar las notificaciones de manera más eficiente, permitiendo así armonizar el tiempo requerido para procesar dichas notificaciones con el tiempo requerido por otros convenios similares.

Por siguiente, a nombre del Gobierno de los Estados Unidos de América, el Departamento de Estado propone que los párrafos uno y cuatro del Artículo 3 del Anexo III sean modificados de la siguiente manera:

1. La autoridad designada del país exportador notificará a la autoridad designada del país importador de los traslados transfronterizos de residuos peligrosos para lo cual se requiere el consentimiento del país importador de acuerdo con las leyes y reglamentos del país exportador.

4. La autoridad designada del país importador tendrá 30 días a partir de la fecha del acuse de recibo de la notificación prevista en el párrafo 1 de este Artículo para responder a esta notificación, indicando su consentimiento, con o sin condiciones, o su objeción para la exportación.

Si la propuesta anterior es aceptable para el Gobierno de México, el Departamento de Estado propone que esta nota, junto con la nota de respuesta de la Secretaría de Relaciones Exteriores de México, constituyan un acuerdo entre el Gobierno de los Estados Unidos de América y el Gobierno de los Estados Unidos Mexicanos de que enmiendan el Anexo III del Acuerdo de La Paz, el cual entrará en vigor en la fecha de la nota de respuesta de la Secretaría de Relaciones Exteriores.

La Embajada de los Estados Unidos de América aprovecha la oportunidad para renovar a la Secretaría de Relaciones Exteriores el testimonio de su más alta consideración.

Embajada de los Estados Unidos de América,
México, D. F., a 6 de septiembre del 2012

6228

La Secretaría de Relaciones Exteriores saluda atentamente a la Embajada de los Estados Unidos de América en México y tiene el honor de referirse a su Nota No. 3200 fechada el 6 de septiembre de 2012, relativa al **Convenio entre los Estados Unidos Mexicanos y los Estados Unidos de América sobre Cooperación para la Protección y Mejoramiento del Medio Ambiente en la Zona Fronteriza**, del 14 de agosto de 1983 (Convenio de La Paz).

La Secretaría se complace en comunicar a la Embajada, la aceptación del Gobierno de los Estados Unidos Mexicanos a la propuesta del Gobierno de los Estados Unidos de América de modificar el Anexo III del Convenio de La Paz, con el propósito de (1) eliminar el requisito de enviar por la vía diplomática, de manera simultánea, copia de las notificaciones de los movimientos transfronterizos de desechos peligrosos y (2) reducir el periodo de tiempo del que dispone la autoridad designada del país de importación, para responder a las notificaciones de movimientos transfronterizos de desechos peligrosos.

De esta manera, los párrafos 1 y 4 del Artículo III del Anexo III del Convenio de la Paz serán modificados para quedar como sigue:

“1. La autoridad designada del país de exportación, deberá notificar a la autoridad designada del país de importación, los movimientos transfronterizos de desechos peligrosos para los cuales se requerirá, conforme a las leyes y reglamentos del país de exportación, el consentimiento del país de importación.”

“4. La autoridad designada del país de importación, tendrá 30 días desde la fecha de acuse de recibo de la notificación dispuesta en el párrafo 1 de este Artículo, para responder a dicha notificación, indicando su consentimiento, con o sin condiciones, o su objeción a la exportación.”

Por lo anterior, su Nota de propuesta y la presente Nota de respuesta constituyen un acuerdo entre el Gobierno de los Estados Unidos Mexicanos y el Gobierno de los Estados Unidos de América para modificar el Anexo III del Convenio de La Paz, el cual iniciará su vigencia a partir de la fecha de esta Nota.

La Secretaría de Relaciones Exteriores aprovecha la oportunidad para renovar a la Embajada de los Estados Unidos de América el testimonio de su más alta consideración.

México, D. F., a 28 de noviembre de 2012.
