

Ezequiel Velez received a B.S. in Chemistry degree from the University of Puerto Rico. He is an Environmental Scientist in the Land, Chemicals and Redevelopment Division within US EPA Region 4, and currently serves as the Region 4 Toxics Release Inventory (TRI) Coordinator. As the TRI Coordinator, he provides compliance assistance and interpretive guidance to industries; and helps the public, environmental and community groups access and analyze TRI data. Mr. Velez has been with EPA since 1991. Before coming to the Land, Chemicals and Redevelopment Division, he served in EPA's Air, Pesticides and Toxics Management Division as an industry inspector and enforcement officer for ten years under the Emergency Planning and Community Right-to-Know Act (EPCRA).
