Subject Submittal of State Government UST Compliance Report (Arizona)

Message Body

As required by the federal Energy Policy Act of 2005, attached is the Arizona Department of Environmental Quality's (ADEQ) report on governmental facilities with underground storage tanks (USTs) that are currently not in compliance with 40 CFR Part 280.

ADEQ regulates the open USTs at a total of 213 government-owned facilities (federal, state, and local) in Arizona. ADEQ conducted on-site inspections of the USTs at all of these facilities within the last three years.

Based on these inspections, the attached report indicates that the USTs at ten (10) of the facilities currently do not meet the requirements of 40 CFR Part 280. ADEQ is working with the owners of the USTs at nine (9) of the facilities to document their return to compliance. U.S. EPA (Region 9) inspected the USTs at one (1) of the facilities and is coordinating those compliance issues.

If you have any questions about the attached report, please contact Ronald Kern via email or at (602) 771-4242.
