## **Government Underground Storage Tanks Compliance Report**

Administrator  
Attn: State Government UST Compliance Report Submittal  
U.S. Environmental Protection Agency  
1200 Pennsylvania Avenue, NW, MC 0001  
Washington, DC 20460-0001

The Nevada Division of Environmental Protection has reviewed and evaluated the *Grant Guidelines To States For Implementing The Provision Of The Energy Policy Act Of 2005 Requiring States To Report On The Compliance Of Government Underground Storage Tanks*

Under these guidelines, each state that receives Subtitle I funding must submit its government underground storage tanks compliance report to the EPA Administrator on or before August 8, 2007.

A state compliance report on government underground storage tanks must provide information for each *noncompliant* federal, state, and local government underground storage tank in its jurisdiction:

**Accordingly, NDEP is reporting NO noncompliant federal, state or local government underground storage tanks in the State of Nevada.**

Sincerely,
