

United States Department of Agriculture

Office of the Secretary
Washington, D.C. 20250

AUG - 3 2006

The Honorable Stephen Johnson
Administrator, U.S. Environmental Protection Agency
Ariel Rios Building
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

RECEIVED

AUG - 8 2006

OFFICE OF THE
EXECUTIVE SECRETARIAT

Dear Administrator Johnson:

Re: Federal Facilities Underground Storage Tank Compliance Act Report

Enclosed are a series of Microsoft[®] Excel spreadsheets that contain data on underground storage tanks (USTs) that the U.S. Department of Agriculture owns or operates and additional USTs, which are located on lands under USDA's jurisdiction, custody, or control. These spreadsheets represent the report on Federal USTs required under Section 1528 of the Underground Storage Tank Compliance Act. USDA prepared the spreadsheets in a manner consistent with guidance from the U.S. Environmental Protection Agency. We will also be transmitting the spreadsheets to EPA electronically.

Three USDA agencies manage a total of 112 USTs in 24 states and the District of Columbia. The number of USDA-owned tanks is relatively low because USDA made a concerted effort to remove many USTs prior to the 1998 regulatory compliance deadline. The Forest Service also administers special use permits on National Forest System lands under which permittees own and operate 230 tanks in 17 states.

I am sending an identical letter and spreadsheets to Senator James M. Inhofe, Senator James M. Jeffords, Representative Joe Barton, and Representative John D. Dingell.

You may contact me at (202) 720-3291 regarding our program or have your staff contact Mr. Jeff Goodman at (202) 401-4747 regarding the information in the spreadsheets.

Sincerely,

Boyd K. Rutherford
Assistant Secretary
for Administration

Enclosure
