From: The Chief of the Bureau of Ordnance.
To: Inspector of Ordnance in Charge,
U. S. Naval Ordnance Plant,
Macon, Georgia.

Subject: FFG Powder and FFFG Powder - Disposition of.

Reference: (a) NQP Macon ltr. NP30/S78(S-h) dated 26 August 1942.

1. The Naval Ordnance Plant, Macon, is requested to scrap the black powder referred to in reference (a). This powder can be used as a fertilizer by putting in a large barrel of water, stirring well and spreading on grass or land desired to fertilize. The powder kegs should be washed out and scrapped.
