Subject: Petition for Extension of the Exclusive Use Data Protection  
Period for Cymoxanil (EPA Reg. No. 352-591)

Dear Ms. Mullin,

DuPont Crop Protection petitioned the Agency to extend the exclusive use period for cymoxanil for one year on October 19, 2007 under the minor use provisions of FIFRA section 3(c)(1)(F)(ii). Cymoxanil was first registered on May 6, 1998 as Cymoxanil Technical pesticide (EPA Reg. No. 352-591). The original exclusive use period for cymoxanil expired on May 6, 2008. A one year extension of the exclusion use period would have set a new exclusive use expiration date for cymoxanil of May 6, 2009.

We apologize for the late response to your request and have determined that your petition to extend the exclusive use period for cymoxanil by one year would have qualified under the criteria set forth by FIFRA section 3(c)(1)(F)(ii), extending the exclusive use period to May 6, 2009.

Sincerely,  
Lois Rossi, Director Registration Division
