

SMARTWAY LEGACY FLEET WORK GROUP MEETING

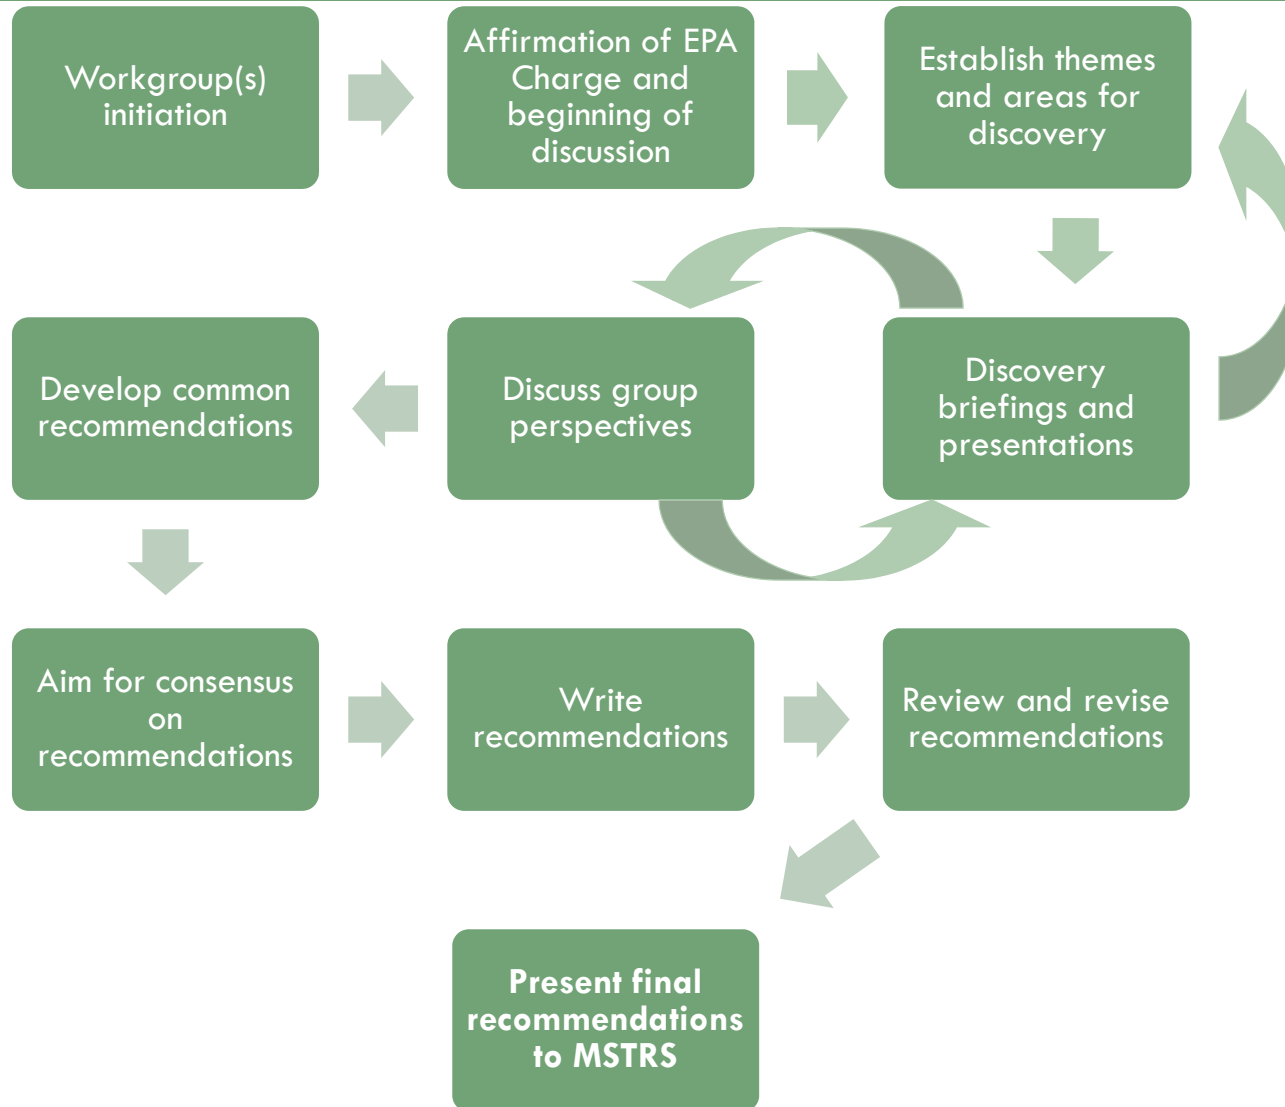

April 18, 2012

Madison Hotel, Washington DC

Work Group Configuration & Focus

- **Subworkgroup #1 – How to accelerate and sustain continued legacy fleet efficiency improvements in the trucking and rail sectors.**
- **Subworkgroup #2 – Explore opportunities for additional fuel savings and emission reductions from *other freight* transport modes such as marine vessels (or air).**
- **Subworkgroup #3 – Explore opportunities to apply the public-private, market based partnership model to the nonroad sector.**
