

**Draft Meeting Agenda**  
Advanced Coal Technology Work Group  
Hilton Crystal City (2399 Jefferson Davis Highway, Arlington, VA 22202)  
Tuesday, September 18, 2006, 8:30 am – 5 pm  
Call-in information: 866-299-3188, code 202 564 1495

**Meeting Objectives:**

- To learn about issues concerning coal-to-liquids
- To hear from ASTM on development of a power generation standard that can be used to evaluate impacts on environmental baselines
- To hear a subgroup report-out on its detailed outline on CCS issues and recommendations
- To identify a set of priority topics for more in-depth discussion in the afternoon and in subsequent meetings

**8:30 – 8:35 am**     **Welcome and overview of meeting objectives**

**8:35 – 9: 15**         **Recap of August 7<sup>th</sup> Santa Fe meeting and Work Group Developments**  
Anna Wood and Ben Hengst will review the Santa Fe meeting and subsequent developments.

**9:15 – 10:00**       **Panel: Coal-to-Liquids**  
Paul Bollinger, Special Assistant to the Assistant Secretary of the Air Force for Installations, Environment & Logistics, and Elizabeth Martin Perera, Climate Policy Specialist at Natural Resources Defense Council, will join for a discussion on coal-to-liquids.

**10:00 – 10:15**     **Break**

**10:15 – 11:00**     **Presentation: ASTM standard** (*scheduled—time may change*)  
Dr. Stanley Rhodes, founder and head of SCS Certified, along with Dr. Karen R. Obenshain, Manager, Fuels, Technology & Commercial Policy at Edison Electric Institute, will present on the proposed ASTM standard concerning the use of Life Cycle Assessment to determine impacts of new electric generation and transmissions facilities on an environmental performance baseline.

**11:00 – 11:30**     **Report-out from CCS subgroup**  
The full Work Group will hear from the subgroup tasked with developing a detailed outline examining issues and recommendations pertaining to CCS. Full Work Group discussion will follow.

**11:30 – noon**       **Options for Work Group regarding detailed recommendations**  
The Work Group will discuss options for beginning work, in the afternoon session and beyond, on detailed options and work plans related to specific recommendation areas.

**12:00 – 1:00**       **Lunch**

**1:00 – 1:20**         **Discussion of options (continued) and prioritization of topics**  
The Work Group will identify and prioritize the topics on which they would like to focus the Group's discussion, both for the longer term and for the afternoon

discussion. Once the topics are identified, the topic of greatest interest to the Group will be discussed in depth in the next session(s) to give Work Group members the opportunity to discuss recommendations and identify concerns or approaches of interest. This will enable the subgroup charged with developing an outline on that topic to obtain feedback from the Work Group on the topic discussed.

- 1:20 – 3:00**      **In-depth discussion on subject area identified by Work Group**
- 3:00 – 3:15**      **Break**
- 3:15 – 4:30**      **In-depth discussion on subject area identified by Work Group, continued**
- 4:30 – 4:45**      **Decision on topics to discuss in October**
- 4:45 – 5:00**      **Meeting wrap-up and adjournment**
