

CDFA BROWNFIELDS TECHNICAL ASSISTANCE PROGRAM

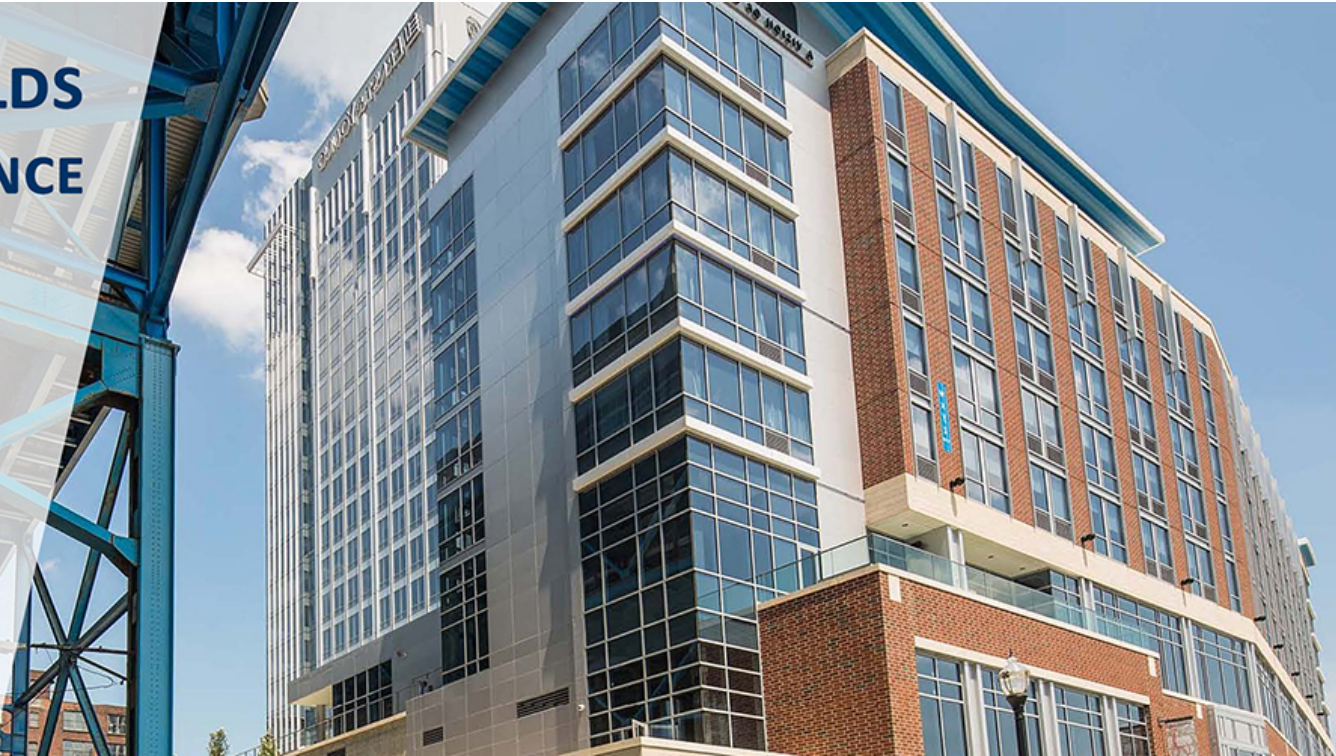

CDFA= Council of Development Finance Agencies

- Over 450 member organizations nationwide
- Education, Advocacy, Research, Resources, and Networking
- Learn More! www.cdfa.net

The CDFA Brownfields Technical Assistance Program is made possible by a grant from the U.S. EPA and is intended to provide technical assistance and resources on brownfields redevelopment financing. Council of Development Finance Agencies (CDFA) and partners provide resources and expertise related to revolving loan funds, tax credits, tax increment finance and other effective financing tools.

Brownfields Project Marketplace

The Marketplace is an open forum that connects communities looking to finance brownfield redevelopment projects with development financiers and brownfield project experts.

Communities present their projects to advisors and are provided with constructive feedback and financing recommendations.

Marketplace events are held online and in-person. To learn more, please contact us or fill out our enrollment form online.

CDFA Project Response Teams

Opportunities available in 2017!

A team comprised of CDFA staff and technical assistance partners will conduct site visits to a limited number of communities each year. During each visit, the Project Response Team will meet with stakeholders, tour the redevelopment site, and provide financing recommendations. Upon completion of the Project Response Team visit, each community receives a report summarizing actionable financing recommendations specific to the redevelopment of the project.

CDFA Project Response Teams

Opportunities available in 2017!
